Bloomsburg Democrat.

LOCAL DEPARTMENT.

Wednesday, April 10, 1867.

☞ We will thank our readers for all local occurrences in their immediate localities. If they do not desire to write a communication for the public eye, let them send us a brief statement of everything of interest in their respective communities. A list of marriages, deaths, accidents, fires, removals, business changes, &c. We will put them in form. The more facts of this kind we can get the better it will suit us and our readers. Who will do it?

To Advertisers.—Persons wishing advertisements inserted, must hand them in early on Tuesday morning to insure their insertion for that week.

☞ The accounts of the firm of JACOBY & SHUMAN as far as sent out for collection are in the hands of the following persons:

Mifflin Township.—JOHN H. HEFLER; SAMUEL CREASY.

Beaver.—BENJ. ZIMMERMAN, Post Master.

Mainville.—U. J. CAMPBELL, Post Master.

Catawissa.—STEPHEN BALDY.

Roaringcreek, Centralia, and Ashland.—JOHN HARNER.

In Sugarloaf Township, bills for collection have been placed in the hands of MONTGOMERY COLE, to whom payment is requested to be made at the earliest convenience.

In Scott Township, all persons knowing themselves in arrears for subscription, and advertising, to the DEMOCRAT, will please make payment to JOSEPH LILLEY.

All mistakes that *may* have happened, if any, in making up the accounts, can and *will be* promptly corrected upon calling our attention to the matter.

It is desired that all who are indebted to JACOBY & SHUMAN on subscription and advertising, will endeavor to settle the same at an early date.

The accounts for the other Townships are all made up, and will be sent out for settlement in the course of a few days.

The advance system is decidedly the best, and every publisher who does not conduct his business upon that system is sure to sustain considerable loss.

☞ The summer term of school at the Orangeville Seminary will commence on the 15th inst.

☞ B. Stohner is making repairs on the Robison property lately purchased by him. Mr. S. is an enterprising gentleman.

☞ Married in Williamson, Mass., Mr. WILLIAM WILLIAMS and Miss LIZZIE WILLIAMS. For particulars see small *Bills*.

☞ The Rev. A. Hartman lives in Bloomsburg, and will preach in and out of town as occasion may require.

☞ When you hear of any one braging of his Democracy, ask him if he takes his county paper. If he don't his feathers will drop in spite of him. Try it on.

☞ J. J. Brower advertises in this paper his stock of tip-top spring goods, second to none in town, for cheapness or superior quality.

☞ Henry Rosenstock, Photographic artist at this place, is taking the initiatory steps towards building a fine dwelling on his lot in East Bloomsburg.

☞ The soldiers of Danville are about taking the initiatory steps to erect a monument to the memory of their fallen companions in arms.

☞ Up town ahead! At A. Hartman's Dry Goods and Grocery Store, where he will be pleased to see old and new customers. Has received a late supply of goods from eastern markets, for cash or trade.

NEW INVENTION.—The man who won't take the DEMOCRAT because he can borrow it, has invented a machine with which he can cook his dinner by the smoke of his neighbor's chimney.

☞ A certain wooly-head, not out of the County, sent us word, some time since, that if we did not stop publishing *lies* (truths he meant) about his party, he would discontinue the DEMOCRAT. All we have to say to that chap is, if he will call in our office and pay what he owes us, we will strike his name from our books—if he desires it—or "any other man."

☞ The merchants and business men generally, of this town, advertise in the DEMOCRAT. Of course there are a few exceptions, men who never learn what is to their own interests, who do not patronize the columns of a newspaper. Then, on the other hand, there are those who on account of political preferences, keep their wares out of our paper, and seek another, even of a very meager circulation.

☞ We received in our office the other day a paper entitled the "Scranton City Journal," published by the Benedict Brothers, at $2.00 a year, and a very handsome paper it is too. It purports to be the product of a *new* enterprise. In politics we hardly know how it stands, but would say, unless it is Democratic its career *may* be short. Just look at Connecticut; that's a fair index. The *people* are going to follow in that *track*.

☞ The attention of Borough and Township Auditors is called to the following section of the law requiring the publication of bounty accounts:—

SECTION 3. That it shall be the duty of the auditors, immediately after the settlement as aforesaid, to prepare a condensed statement of the condition of these finances, and publish the same at the cost of the district, for three successive weeks, *in the two newspapers having the largest circulation in the city or county.*

CATAWISSA HOTEL.—The Susquehanna Hotel, in Catawissa, kept by Mr. H. J. Clark, is one of the most comfortable and pleasant houses the stranger or visitor can find. The table in its bountiful supply, variety and excellent cookery, is enough to tempt a dyspeptic, and all the appointments of the house, are complete.

Dr. BROWER, of the Montour *American*, is entirely correct in the above notice. Mr. CLARK, assisted by his obliging clerk, Mr. ISAAC SEESHOLTZ, know how to cater to the tastes and comfort of the public and they are doing it.

☞ Lines on the death of Miss Mattie Shuman will appear in our next paper.

☞ Attention is directed to the new advertisements in to-day's DEMOCRAT.

☞ A little girl four and a half years old was shot dead at Guttenburg, near Hoboken, N. J., on Friday last. The gun was fired by another girl in carelessness; was only loaded with a cork.

☞ The new Hotel at Shamokin, is called the Donty House, and we learn is kept by Mr. J. S. Hall, of Danville. Mr. J. L. Richl, who, it was reported, was to keep it, will take charge of the Montour House, at Danville.—*Sunbury Gazette.*

☞ The list of applicants for hotel, restaurant, and liquor store license is published in this week's DEMOCRAT. We notice that quite a number of our old landlords have not yet filed their application. They had better attend to the matter at once, else they may be "left out in the cold." We have splendid blanks for the purpose.

☞ We call the attention of our readers to the advertisement of Mr. John K. Girton. The stock of goods kept and sold at his establishment is of a varied character, and of excellent quality, as is well known by those who deal with him. As to prices, we *know* they are as low as at any establishment in town.

☞ Maj. William B. Koons, late of the "Exchange Hotel" at this place, has purchased and taken possession of "Steele's Hotel," in Wilkesbarre. Mr. K. is one of the *very best* landlords in the State, always affable, courteous and obliging. He is well prepared to entertain his guests, and would be pleased to see all his old friends and many others give his house a call. Success to him.

☞ Our receipt list for March is quite flattering; and bids fair to continue. We would like if those in arrears for last year's paper, would pay up a little more briskly. The new volume is receiving substantial aid beyond our anticipations, for which our thanks are due. The better an editor is supported the better will be his paper in return. They need cheering up as well as other people. They have their perplexities, inconveniences and disappointments to labor under that most people little dream of. The life of an editor is no pleasant one, when considered in all aspects, unless well protected by a liberal and lucrative patronage.

☞ Of all mean men the newspaper "borrower" is the meanest, and of that class we have a few in this town. They do not belong to that portion of the community that is unable to pay for a paper; if they did, to a certain extent, they would be excusable. Where is the man who has subscribed and paid for a paper, that likes to have the "borrower" step into his office, shop or store, and grab it up the moment it is brought in, before the owner gets it into his hands, read by the hour, soiled, rumpled and often torn? It is not right and shouldn't be tolerated. We have our eye on these "chappies" and may, some of these days, give the initials of their names. If they desire *our* paper, they can have it at $2.00 a year in *advance*, publication office in Shive's Block, south-west corner of Second and Iron Streets.

☞ For the benefit of our readers, and the public generally, we announce that J. W. Youngs is going to renew his labors, as *Colporteur* for "The American Tract Society," in the Counties of Columbia, Montour, the North-western portion of Luzerne, Wyoming and Sullivan. Sabbath schools, Superintendents, and other persons, wishing to get Libraries, Reward Cards, Sunday School Room Cards, Bibles and testaments of every description, and *all* kinds of religious books in print, will do well to apply to him; as the Society is a union of the different Evangelical Denominations, throughout the United States, for the purpose of printing and sending out, by their agents, such books as contain only the great principle of salvation, irrespective of the denominational prejudices of any Church or Churches. Little need be said of the above named person's moral character, and even religious life by whomsoever known, and to others we would say that, they are irreproachable. Persons wishing to get books, and not meeting him, may address him by letter at Orangeville, Col. Co., Pa. We understand that this is the cheapest Publishing House in the United States. They do not send out their books to make money but to do good.

THE BANKRUPT LAW.—This law enables any man who owes debts exceeding $300 to apply to court for his discharge. $500 is exempt. The Register of Bankruptcy calls a meeting of creditors, appoints an assignee, declares the dividend, distributes assets, and gives the discharge releasing the bankrupt from all claims. It also enables any creditor whose debtor leaves the State with intent to defraud, or conceals himself or property, or makes a fraudulent transfer of his property, to have the latter declared a bankrupt. Under this law there are to be one or more Registers in each Congressional District, appointed from among the counselors-at-law, by the Judges of the United States District Court, on the recommendation of the Chief Justice of the United States Supreme Court.

☞ A Stringent Law against prize fighting has just been passed by the Pennsylvania Legislature. It makes the penalty for engaging in a prize fight, or taking part as second or bottle holder, a fine of not more than $1000, and solitary imprisonment not exceeding two years. Every person being present at such a fight, and encouraging the same, or making any bet or wager on the result thereof, whether present or not, shall be considered a participant therein, and as giving encouragement thereto, and may at the discretion of the court, be punished in like manner.

IMPORTANCE OF A VOTE.—The New Haven *Register* says that Mr. Logan, the Democratic candidate in the Sixteenth Senatorial District of Connecticut, is defeated by *four* votes; and this gives the Senate to the Republicans by one majority.

Dedication of the Bloomsburg Literary Institute.

WEDNESDAY AFTERNOON.

The Bloomsburg Literary Institute was dedicated on last Wednesday and Thursday, the exercises beginning on Wednesday afternoon, at two o'clock.

At one o'clock a procession marched from the old Academy buildings to the new Institute, in the following order, to wit: First, the Bloomsburg Brass Band; second, the Board of Trustees; third, the Clergy; fourth, the parents of the pupils; fifth, the pupils; and lastly, the Faculty.

On arriving at the Institute they halted, separated in two parallel columns, and the order of the procession was reversed, by the Band falling back to the rear, then escorting the Faculty and pupils, who entered the building first and were followed by the parents and Trustees, together with a vast concourse of people who had assembled outside the building. In a few minutes the Hall was filled to overflowing.

The building is among the first of its kind in the State. In location and convenience it is unsurpassed. Professor CARVER, the contractor, has labored with unabating zeal for its perfection and completion, and with a determination almost unequaled, is fast perfecting his design. The Hall of the Institute is spacious—calculated to seat near *fifteen hundred persons*—has a large stage, sub-stage and a capacious, elevated orchestra.

The exercises were opened by music from the Band. Prayer was then offered by Rev. D. J. Waller, and was followed by the Dedicatory address, effectually delivered, by Professor Moss, of Lewisburg. The remainder of that afternoon was chiefly devoted to the reading of essays and declaiming, which reflected great honor upon both Faculty and students.

At the close of the exercises E. R. IKELER, of Bloomsburg, broke in upon, (of course in a friendly manner, and without the previous knowledge of Prof. CARVER,) the proceedings, and in an appropriate speech, on behalf of the District School Teachers, of Columbia County, presented to Prof. CARVER a beautiful Album. Mr. CARVER replied in a very effective manner, expressing his thanks to the committee, and through them, to the Teachers of the county.

WEDNESDAY EVENING.

At seven o'clock the exercises were opened by music by the Band, followed with prayer by Rev. J. P. Tustin. The Hall was literally crammed; the aisles and entrances were jammed with persons unable to obtain seats. Considering the crowded condition of the audience, it is worthy of remark that the exercises were so well performed that they rarely failed to hold the entire assemblage spell-bound. Being unable to complete the programme, for want of time it was unanimously requested that the exercises should be resumed on the following evening, which was assented to by Prof. CARVER, after which the audience was dismissed.

THURSDAY EVENING.

At seven o'clock the Hall was filled. Prayer was offered by Rev. J. R. Dimm, and the exercises of the previous evening were resumed. The unperformed part of the programme was creditably completed, together with a repetition, by request, of a portion of the previous exercises. Through the entire proceedings everything was conducted with precision and promptness. The time was constantly occupied until a late hour when the audience was dismissed conscious that they had been mirthfully, instructively and beneficially entertained.

MARRIED.

On the 4th inst., by the Rev. Wm. J. Eyer, Mr. Daniel Huber, to Miss Mary Hoover, both of Danville, Pa.

At the Forks Hotel, Bloomsburg, on the 4th inst., by the Rev. L. C. Sheip, Mr. W. N. Hosler, of Fishingcreek, to Miss Mary E. Dreisbach, of Roaringcreek, all of Columbia County.

On the 28th ult., by the same, J. H. Hughes, of Lime Ridge, to Miss M. C. Harter, of Briarcreek, Columbia County.

In Danville, on the 4th inst., at the M. E. Parsonage, by Rev. McKendrie Reiley, Mr. L. D. Kase, to Miss Kate Christman, both of Bloomsburg.

There's a bliss beyond all that the minstrel has told,
When two that are linked in one heavy mystic,
With hearts never changing and brow never cold,
Love on through all ills, and love on till they die.

Another of the fair favorites of Bloomsburg has been turned into a *Kase*; not the *case* which we must all at last occupy; and may that be far distant. We hope and believe that her present *case* will not turn out to be a *hard case*, for we know him now to be a good *Kase*. In the mean time the *case* with the printers is extremely pleasant as they are regaling themselves with delicious cake kindly sent by the happy pair. Long may they live.

DIED.

In Williamsport, Pa., on the 27th ult., Mrs. Mary Kline, at the residence of her son, K. D. Kline, after a short illness, aged 79 years, 11 months and 8 days.

In Boonsboro, Boone County, Iowa, March 30th 1867, Anna Laura, youngest daughter of Mathias B. and Sarah Appleman, aged 1 year, 8 months and 1 day.

The parents were formerly of Columbia County, Pa.

She died as fades the light of days,
When sinking in the rosy west,
When twilight shadows softly play,
And woo us all to peaceful rest. [COM.

In Espy, on the 5th inst., George Hartman, aged almost 78 years.

Mr. HARTMAN was a citizen of Bloomsburg and Espy for the period of nearly fifty years. He came here from the vicinity of Easton, Pa., when much of the present Bloomsburg was woodland. He is next to the last of a large family of children, three of whom have died in the last five years. He had a family of eleven children, seven of whom are still living. He was a quiet, harmless and innocent man, and has passed to his rest. [COM.

SPECIAL NOTICES.

THE SHIVERING VICTIMS OF

Fever and Ague, who freeze to-day to burn to-morrow, might have been exempted from their present trials had they availed themselves in time of that safeguard against all malarious diseases, HOSTETTER'S STOMACH BITTERS. But if it is too late for prevention it is not too late for cure. A single bottle of this irresistible herbal tonic will stop the paroxysms, and a brief course of it will restore the patient to vigorous health. The prudent and thoughtful, however, who would rather forestall disease than wait for its assaults, will resort to this sure defence against intermittent and remittent fevers at the commencement of the season when they prevail. Now is the time to fore-arm the system against fever and ague, bilious complaints and dyspepsia—diseases which are often engendered and always aggravated, by the chills and damps of Winter and early Spring.

SHAKSPEARE ON INTERMITTENTS.

The Bard of Avon tells us that the "sun in March doth nourish Agues," and the remark is as true as it was three hundred years ago. But fortunately, in those modern days March Agues can be prevented. Hostetter's Bitters, in a single week, will put the system in a condition to resist every species of intermittent fever. Or, if there is a predisposition to biliousness or dyspepsia, this unequaled regulator and invigorant will just as certainly prevent that.—All the disorders common to the season of fogs and frosts may be held in abeyance by this potent antidote. They may also be ejected from the system after they have made lodgment there, by its persevering use. It is therefore moral insanity for any family to be without it. [March 13, '67—1m.

WISTAR'S BALSAM OF WILD CHERRY.

This remedy has long been cherished by the community for its remarkable efficacy in relieving, healing and curing the most obstinate, painful and long-standing cases of Cough, Cold Influenza, Sore Throat, Bronchitis, Whooping Cough, Croup, Asthma, Inflammation of the Lungs, while even Consumption itself has yielded to its magic influence when all other means have failed. Its whole history proves that the past has produced no remedy of equal value, as a cure for the numerous and dangerous pulmonary affections which prevail all over the land.

UNSOLICITED TESTIOMONY.

From ANDREW ANDREW, Esq., of Fairfield, Me.

About eight years since, my son, Henry A. Andrew, now Postmaster at Fairfield, Somerset County, Me., was attacked with spitting of blood, cough, weakness of Lungs and gene al debility so much so that our family physician declared him to have a "Seated Consumption." He was under medical treatment for a number of months but received no benefit from it. At length, from the solicitation of friends and others I was induced to purchase one bottle of Wistar's Balsam of Wild Cherry, which benefitted him so much that I obtained another bottle, which in a short time restored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all it pretends to be—The Great Lung Remedy for the Times.

The above statement, gentlemen, is my voluntary offering to you in favor of you Balsam, and is at your disposal.

Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

SCROFULA.

The Rev. Geo. Storrs, of Brooklyn, N. Y., says, in the Sixth Examiner, by way of apology for publishing a medical certificate in his Magazine, of the cure of his only child of Scrofula, "after dissolution appeared inevitable." "We publish this statement, not for pay, but in gratitude to God who has thus answered prayer, and in justice to Dr. Anders; being satisfied that there is virtue in the Iodine Water treatment, at which the readers of this Magazine will thank its Editor for bringing to their notice

SCHENCK'S SEAWEED TONIC.

This medicine, invented by Dr. J. H. Schenck, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills the Tonic soon restores the appetite, and food that could not be digested is digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

Dr. SCHENCK makes professional visits in New York, Boston, and at his principal Office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1.50 per bottle, or $7.50 the half-dozen. All letters for advice should be addressed to Dr. SCHENCK'S Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

A YOUNG LADY RETURNING

To her country home, after a sojourn of a few months in the City, was hardly recognised by her friends. In place of a coarse, rustic flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the Circassian Balm, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. WASHING MACHINE.

"It is generally conceded that "the best is always the cheapest;" and that being the case great pleasure is taken in introducing to the public

DOTY'S CLOTHES WASHER

which is rapidly becoming popular, and with this Machine the hard work of washing is mitigated to a comfortable and pleasant task. The clothes are placed in hot suds, and shut in. While thus immersed and the steam confined, the Machine is operated as seen above. Thus the work is speedily, cleanly and easily done, and that too without tearing and wearing out the clothes, which to a great extent is the cause under the old fashioned rubbing process. With a

UNIVERSAL CLOTHES WRINGER

the whole labor of washing is but a pleasant pastime compared with the former mode of RUBBING AND OAKING, and twisting and wringing. The dirt is so dissolved by the SUDS that but little compression is necessary to expel it. No family in the County should be without

DOTY'S CLOTHES WASHER and the UNIVERSAL CLOTHES WRINGER.

The prices of these Machines range as follows:

Family size Washer,	$11 00
Hotel Size,	16 00
Family size, No. 2 Wringer,	8 50
Size No. 1,	10 00

HEALE'S LATE

POWELL'S EMBROCATION,

FOR ALL DISEASES INCIDENT TO HORSES, CATTLE, AND THE

HUMAN FLESH,

requiring the use of an external application.

This new Compound, prepared by a practical Chemist, being a full knowledge of all the medical virtues of each ingredient that enters into its composition, is warranted to exceed anything of the kind ever yet offered to the public as an external application for the diseases for which it is recommended. We are satisfied that it will work its own road into the confidence of all who use it, and those who try it once will never be without it, and therefore we rely on experience as the best test of its usefulness, it is pronounced by

FARRIERS

and all who have tried it, to be the best application ever used. This Embrocation has been put up for over eight years, and it is only through the increasing demand and urgent request of my friends and the public that I spend it forth as the grand remedial agent for the various diseases to which that noble and useful animal, the horse is subject.

Many remedies have been offered to the public under different forms, some of these are injurious, others at best of little use, and many wholly inappropriate to answer the purposes for which they are recommended.

A judicious and really useful composition, free from those objections, has heretofore long been desired by many gentlemen who have

VALUABLE HORSES,

and are unwilling to trust them to the care of designing and pretended Farriers. Their wishes are at length fully gratified by (Dr. Heale) being prevailed upon to allow this valuable Embrocation (which has proved so efficacious in the various diseases) to be prepared and brought out to the public.

This Embrocation was extensively used by the Government during the war.

Address all order to DR. EDMOND HEALE,
402 South Second St. Philadelphia, Pa.
