## The Human Electrical Forces!

### How They Control the Organs of the Body.

The electrical force of the human body, as the nerve fluid may be termed, is an especially attractive department of science, as it exerts so marked an influence on the health of the organs of the body. Nerve force is produced by the brain and conveyed by means of the nerves to the various organs of the body, thus supplying the latter with the vitality necessary to insure their health. The pneumogastric nerve, which is known to exist, may be said to be the most important of the entire nerve system, as it supplies the heart, lungs, stomach, bowels, etc., with the nerve force necessary to keep them active and healthy. As will be seen by the cut the long nerve descending from the base of the brain and terminating in the bowels is the pneumogastric nerve, while the numerous little branches supply the heart, lungs and stomach with necessary vitality. When the brain becomes in any way disordered by irritability or exhaustion, the nerve force which it supplies is lessened, and the organs receiving the diminished supply are consequently weakened.

Physicians generally fail to recognize the importance of this fact, but treat the organ itself instead of the cause of the trouble. A noted specialist, Franklin Miles, M. D., L. L. B., has given the greater part of his life to the study of this subject, and the principal discoveries concerning it are due to his efforts.

Dr. Miles' Restorative Nervine, the unrivaled brain and nerve food, is prepared on the principle that all nervous and many other diseases originate from disorder of the nerve centers. Its wonderful success in curing these disorders is testified to by thousands in every part of the land.

Restorative Nervine cures sleeplessness, nervous prostration, dizziness, hysteria, nervous debility, St. Vitus dance, epilepsy, etc. It is free from opiates or dangerous drugs, and is sold on a positive guarantee by all druggists, or send direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid.

### No Gold Ordered for Export—Wheat and Pork Closed Lower but Lard and Ribs Higher.

NEW YORK, Sept. 28.—Money on call has been easy, ranging from 2 to 2½ per cent; last loan 2½ and closing offered at 2½.

Posted rates, $4.85½@4.88.

Government bonds steady.

A sudden drop in General Electric at the opening of business of 1¾ to 39¾ rather tended to confirm the rumors current of late about the retirement from the board of two or three directors prominent in the financial world and a probable reorganization of the company. Among those mentioned as about to retire is D. O. Mills, who for some time is credited with views antagonistic to the policy of the present management. Bulls were favored by the strong expressions made by President Cleveland in favor of unconditional repeal of the Sherman silver law in a letter to Governor Northen of Georgia, which gave color to the dispatches from Washington to the effect that the senate will take an affirmative vote on the repeal bill within a week or ten days. Public dispatches received on the street up to the close of business, however, did not confirm this theory, but nevertheless bulls and bears were imbued with the belief that the silver question will be disposed of in short order and bought stocks freely. Lackawanna advanced over 3 per cent without a single transaction, and there was a scramble to cover. Pretty much everything on the list shared in the improvement which was stimulated by authoritative denials that any gold had been engaged for shipment to Europe; by the strength of the London market and by the expectation of a further increase in the bank reserves on Saturday. The net gain for the day was equal to ¼@3¾ per cent. Lackawanna and Chicago Gas leading. The sales were 191,945 shares.

### Wheat Was Lower.

CHICAGO, Sept. 28.—The amount of business transacted in wheat today was only moderate and the tone at the opening and for some time thereafter was rather easy. Holders of puts, however, prevented the price from going below 68⅞c for December. Early and late cables were weak and each showed a decline of ¼c. Receipts in Minneapolis and Duluth were large and the Cincinnati Price Current reported favorably on the condition of the ground for fall plowing and seeding, although stating that farmers were selling wheat sparingly. Exports were not extraordinary and New York sent advice of a retirement of more clearing house certificates. After the noon hour the market became steady and towards the close was even firm. December closing where it opened, 69⅝, a net loss of ⅛c for the day.

Closing prices were:

WHEAT—September, 66⅛; December, 69⅝; May, 76⅞c.

### A Few Rules.

Don't waste your money. Even if you do not desire to use it yourself let it be of service somewhere. There are various methods of disposing of it that are distinctly unselfish.

You can put it under the corner of the carpet for the roaches to play with, and when the roaches get tired of it some industrious mouse with domestic cares on her mind can use it for upholstery purposes. There is nothing that tickles a refined mouse more than a few hundred dollars turned into bedroom furniture.

Or you might put it in a teapot on the top shelf of the cupboard. And when the hired girl wants to go to a picnic she may stumble across it and forever bless you for your forehandedness.

Another way is to put it in an old stocking and hang it up in the clothes press. When some other member of the family concludes to get rid of some of the accumulated trash, this will make the ragman very happy.

You might carry it around in your pocket, and by so doing draw it out while looking for a letter, and leave it for some pedestrian who was careless and did not save his money.

There are other ways to be unselfish, but these rules are simple, direct and sufficient.—Washington Star.

### The Doctor on Bicycling.

Patroness—You have frequently said that you do not recommend bicycling for invalids, and yet you have just advised my son to get a bicycle.

Doctor—I told him to get one with a pneumatic tire.

"Oh, that sort of tire makes a difference, I presume."

"A very great difference. Carrying the wheel back and forth to the repair shop will be most excellent exercise, madam."—Good News.

### The Ruling Passion.

Old Skinflint was on his deathbed and had given directions that the funeral should be as cheap as possible.

"Have you anything else on your mind?" asked a member of the family.

"Yes," replied the dying miser. "When you telegraph the news of my death to my brother in Kansas, collect at the other end."—Texas Siftings.

### An Unreasonable Complaint.

Young Husband—I'm just about dead putting down this carpet.

Wife—The carpet is not heavy.

"No, but I have to work in such a cramped position."

"Nonsense. Just imagine you are on your bicycle."—New York Weekly.

### "Speculation."

The time never was more favorable for speculating in grain and stocks than at present. Prices are 40 per cent lower than they ought to be on both grain and stocks.

The recent money panic is the cause of these conditions.

The crops are generally good this year, with the exception of wheat, throughout the country, and the foreign demand is the largest of the year, owing to the damage of their crops. It is but a short time until wheat will sell 40 cents per bushel higher than present quotations.

If you are not posted in speculation write C. F. Van Wormle & Co., 236 La Salle street, Chicago, Ill., for their book on "Speculation" and "How to Trade," sent free on receipt of stamp.

Don't lose sight of the fact that your taxes are now due.

"Royal Ruby" Rye Whisky is free from all foreign flavor and adulterants, naturally ripened and matured by eleven years storage in wood, it is "a Rye as is a Rye," and costs no more than inferior brands. Try it and you will never be satisfied to use any other.

A pure old whisky is always free from fusil oil, which is a poison, and should not be taken into the system. Age eliminates it from the spirit of oxidation, and it is converted into fragrant ethers, which give the bouquet to whisky.

When you want a whisky for medicinal use you want it pure. "Royal Ruby" Rye is guaranteed pure in every particular, and recommended for the invalid and the convalescent. (Bottled at distillery.) $1.25 per quart bottle. ROYAL WINE CO., Chicago. For sale by Scribner & Aldworth, druggists.

"EVERYBODY'S LAW BOOK."

Is the title of the 700 page work, prepared by J. Alexander Kocoss, L. L. B., member of the New York Bar.

It enables every man and woman to be their own lawyer. It teaches what are your rights as to how to maintain them. When to begin a law suit and when to shun one. It contains the useful information every business man needs in every state in the Union. It contains business forms of every variety useful to the lawyer as well as to all who have legal business to transact.
