BLEEDING OF THE LUNGS.
ARNSVILLE, Va., Jan. 1, 1858.
Dr. D. Jayne—Dear Sir: In the year 1840, I was in very bad health, which I attributed to teaching school in the previous year. I was attacked with HEMORRHAGE (BLEEDING) OF THE LUNGS, but after using one bottle of your EXPECTORANT, I was relieved, and have not had an attack since. I have also given the same medicine to children for the WHOOPING COUGH, and have always found it to be of great advantage in mitigating the disease, and finally effecting a cure.
THOS. H. ROLLINS.

BRONCHITIS.
WESTFILL, Green Co., N. Y., Nov. 3, 1858.
Dr. D. Jayne—Dear Sir: It affords me a great pleasure to add my feeble testimony in favor of your invaluable medicines. Some eight years ago I had a very severe attack of Acute Bronchitis, and I was considered by intelligent physicians a confirmed consumptive. By the very free use of your EXPECTORANT I recovered. In using it I surpassed the directions, as I took it in nauseating doses for several weeks; since that time I have made great use of it, and of your ALTERATIVE and CARMINATIVE BALSAM in my family, and prescribed it to others with the very best results. During the protracted illness of a consumptive wife, your medicines were frequently the only remedies which afforded relief, and though they could not cure (for hers was a form of the malady which no known remedies could reach), they aided greatly in soothing her agonies, and for them she cherished a very high regard. If the free testimony of one who has had in his family an unusual amount of sickness in various forms is worth anything to you and the cause of humanity, you are welcome to mine.
Respectfully yours, L. L. HILL.

From W. W. Winters, M. D., Milledgeville, Ill. March 5, 1858.
Dr. D. Jayne & Son—Gentlemen: It is with great pleasure that I can recommend your EXPECTORANT to those suffering with Bronchial affections. Also, your ALTERATIVE, for eruptions or any disease arising from an inactive or disordered liver, having used these medicines for the above mentioned diseases, with satisfactory results. Very respectfully yours,
W. W. WINTERS, M. D.

DROPSY AND CANCER CURED.
COLUMBUS, Miss., Jan. 24, 1857.
Dr. D. Jayne—Dear Sir—It is with pleasure that I make known to you the invaluable efficacy of your EXPECTORANT, and ALTERATIVE and SANATIVE PILLS. Gen. W. P. Orton, one of my neighbors, was cured of Bronchitis by the use of your Expectorant and Alterative, after having lain sick forty days, at the point of death, and three eminent physicians having exhausted their skill upon him. Several cases of Dropsy and Cancer have been cured in my neighborhood. My little daughter was taken last November with an Enlargement on her neck, which grew very fast. I immediately commenced in giving her your Alterative, and she is now nearly well. Gratitude toward you, and a desire to benefit the public, have induced me to write this, and although I am a stranger to you, you are more than welcome to publish this if you wish. Yours, in friendship,
THOMAS L. TUNNELL.

NEWS FROM SWEDEN.
[Extract of a letter from the Rev. A. Wieberg, dated Stockholm, Sweden, March 10, 1857.]
"Your invaluable medicine, the Expectorant, has been of very essential service to my throat and breast, and I can scarcely do without it a single day. Several of our friends, to whom we have occasionally given some, express themselves as being most benefited."

ASTHMA, SPITTING OF BLOOD, &c.
STOCKTON, Owen Co., Ind., Sept. 4, 1857.
Dr. Jayne—My wife having been severely afflicted some three years with BRONCHITIS, and having heard of the wonderful efficacy of your EXPECTORANT for COUGHS, ASTHMA, DIFFICULTY OF BREATHING, SPITTING OF BLOOD, and other diseases of the lungs, I purchased one bottle of it and one box of SANATIVE PILLS, and am happy to inform yet that, after using the Expectorant, her cough was immediately suppressed, removed the difficulty of breathing and pain, produced a free and easy expectoration, and in one month effected a complete cure. J. P. SMITH.

DISEASE OF THE THROAT, &c.
CLARKSVILLE, Geo., Sept. 10, 1857.
Dr. D. Jayne—Dear Sir: My daughter, some time ago, was attacked with a disease of the throat, resembling BRONCHITIS. I tried various remedies and physicians, but all to no purpose. Night after night passed without my little girl obtaining any sort of rest; finally I procured the EXPECTORANT, and it almost effected an entire cure, and I feel indebted to your Expectorant, under Providence, for her now comparative good health. The ALTERATIVE I have tried upon myself, and indeed found it an alterative of the system in my case, when all other medicines and means had failed. I have never been much in favor of patent medicines, but am now convinced that I was wrong with regard to your preparations, and I feel altogether willing to recommend them as good. WM. G. GOODRUM.

BRONCHITIS AND SPITTING BLOOD.
MILLVILLE, Butler Co., Ohio, Oct. 8, 1857.
Dr. D. Jayne—I certify that during harvest, in July last, I was taken with the BRONCHITIS, and spit up quite a quantity of blood. I had also a severe cough. I first took one bottle of the ALTERATIVE, and then three bottles of the EXPECTORANT, which cured me. JAMES E. VAN HORN

EPIDEMIC CATARRH AND INFLUENZA.
WM. LLOYD, Lisburn, Pa., writes: JANUARY 6, 1858.
I am just recovering from a severe attack of influenza, or epidemic catarrh, in which disease I found your Expectorant to be an inestimable medicine.

COLDS, COUGHS, AND PAINS IN THE SIDE AND BREAST.
DEAR SIR: In the Fall of 1848 I was attacked with a most violent racking pain in my left side, immediately under my heart, giving me the most excruciating agony, and at times rendering me entirely speechless. I think it was brought on by taking cold. In the course of a few weeks it extended all through my breast, growing worse and worse every day, and giving my friends the utmost solicitude concerning me. I tried for nearly a year all the remedies which were recommended for my disease, under the most skillful physicians, but unfortunately without success. I was at last about to give up in despair, when a kind friend thought of your EXPECTORANT. I procured a bottle of it, and before I had entirely used the whole of it, I felt manifest symptoms of a change for the better. I continued on using it, and by the time I had taken five bottles, I found myself completely cured by means of your invaluable medicine.
Yours, very respectfully,
T. W. M. HARVEY,
Pastor of the First Presbyterian Church,
Dr. D. JAYNE. Terre Haute, Ind., May 8, 1848.

THREATENED CONSUMPTION.
FONDA, N. Y., Nov. 8, 1858.
This may certify, that nine years since I was afflicted with a disease which threatened me with Consumption, in addition to which a Cough of the most aggravating kind. I had been attended by eminent physicians, without obtaining any durable relief. At length, being reduced to a very low state of health, I was induced to try Dr. JAYNE'S EXPECTORANT, and, after taking one bottle, I was somewhat relieved; and after taking three bottles I was entirely cured, and am well to this day.

CROUP.
JOHN HARRIMAN, esq., Stewartstown, N. H., writes:
"Not long since, a child of mine had a very violent and distressing attack of Croup, which must have proved fatal had not immediate relief been obtained. I commenced giving your EXPECTORANT, and within three-quarters of an hour the child, having taken six teaspoonsful, breathed with perfect ease—a cure within that time having been effected."
The Rev. JAMES W. DANIEL, Blackwater, Morgan Co., Ky., writes:
"I have used your EXPECTORANT and CARMINATIVE BALSAM in my family with the most happy effect. I rode eight miles to-day for some of your EXPECTORANT, to give one of my children threatened with Croup."

ANOTHER CASE OF CROUP.
NEW-ALBANY, Miss., Oct. 5, 1858.
Dr. D. JAYNE & SON—Gents: This is to certify that my youngest child, five years old, was attacked by the Croup. I made use of your EXPECTORANT according to directions, which gave immediate relief, and a permanent cure was effected in two days. I can freely recommend the EXPECTORANT for immediate relief from this awful disease, that hurls thousands of helpless infants into eternity every year.
Respectfully, R. A. COLLINS, Agt.

AND STILL ANOTHER.
ASHLEY, Delaware County, Ohio, Dec. 9, 1858.
Dr. D. Jayne—Dear Sir: Having used your EXPECTORANT in my family, and having recently seen its almost miraculous effects in curing one of my children, who was beyond the skill of our best physicians, in a case of LUNG FEVER and CROUP, I thought it my duty to return you my heartfelt thanks for being the instrument in restoring her from expected death to life and good health. Yours truly, M. D. SMITH.

GRAVEL.
ABSALOM FLIPPEN, Long Point, Washington County, Texas, writes: OCTOBER 24, 1858.
Dr. D. Jayne & Son—Dear Sirs: *Another singular case of the remarkable effects of your medicine.*
I have been afflicted with a very SEVERE COUGH, and racked with the GRAVEL and this, too, for a number of years. I procured one bottle of your EXPECTORANT, and two boxes of SANATIVE PILLS, and after using them my Cough left me. I also used one or two bottles of ALTERATIVE, and I have not been troubled with either disease since.
Very truly yours, ABSALOM FLIPPEN.

INFLAMMATION OF THE LUNGS.
GREENSBURG, Mich., January 3, 1858.
Dr. D. Jayne & Son, Philada.—Gentlemen: There have been a great number of cures effected by the use of your preparations, among which was one of my sons, about two years old, who was sick with Inflammation of the Lungs. He had the best medical attendance, but was given up as irrecoverable, when I gave him some of your Expectorant. By the use of one bottle he was restored to health.
Truly yours, E. T. LEVY.
