Bald Heads!

What is the condition of yours? Is your hair dry, harsh, brittle? Does it split at the ends? Has it a lustless appearance? Does it fall out when combed or brushed? Is it full of dandruff? Does your scalp itch? Is it dry or in a healthy condition? If there are some of these symptoms be warned in time or you will become bald.

Skookum Root Hair Grower

is what you need. Its proprietors do not claim it to be an absolute cure-all, but they do claim it to be the result of years of scientific research. Knowledge of the skin and of the hair is required to apply the discovery of how to treat them. "Skookum" contains neither acids nor poisonous ingredients. It is not a Dye, but a delightfully scented and refreshing hair dressing, eradicating the follicles, if stopped, feeding hair, curing dandruff and gives hair an inimitable lustre.

Keep the scalp clean, healthy, and free from irritation, scurf and dandruff and growth will follow. "Skookum" does the rest. It destroys parasitic germs, which feed on and destroy the hair.

If your druggist has not already got it, get him to do so, and you will forward, prepaid, on receipt of price, the money, $1.75 per bottle; 4 for $5.00. Soap, 25c. per jar; 3 for $1.00.

The Human Electrical Forces!

How They Control the Organs of the Body.

The electrical force of the human body, as the nerve fluid may be termed, is an especially attractive department of science, as it exerts so marked an influence on the health of the organs of the body. Nerve force is produced by the brain and conveyed by trains of the nerves to the various organs of the body, thus supplying the latter with the vitality necessary to invigorate their health. The pneumogastric nerve, as shown here, may be said to be the most important of the entire nerve system, as it supplies the heart, lungs, stomach, bowels, etc., with the nerve force necessary to keep them active and healthy. As will be seen by the cut the long nerve descending from the base of the brain and originating in the bowels is the pneumogastric, while the numerous little branches supply the heart, lungs and stomach with necessary vitality. When the brain becomes in any way disordered by irritability or exhaustion, the nerve force which it supplies is lessened, and the organs receiving the diminished supply are consequently weakened.

Physicians generally fail to recognize the importance of this fact, but treat the organ itself instead of the cause of the trouble. The noted specialist, Franklin Miles, M. D., LL. B., has given the greater part of his life to the study of this subject, and the principal discoveries concerning it are due to his efforts.

Dr. Miles' Restorative Nervine, the unrivaled brain and nerve food, is founded on the principle that all nervous and many other difficulties originate from disorders of the nerve centers. Its wonderful success in performing miracles is testified to by thousands in every part of the land.

Restorative Nervine cures sleeplessness, nervous prostration, dizziness, hysteria, nervous debility, St. Vitus dance, epilepsy, etc. It is free from opiates or dangerous drugs. It is sold on a positive guarantee by all druggists, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid.

WAS A BEAR MARKET

Silver and Railway Litigation Were Their Weapons.

BULLS FOUGHT AGAINST ODDS

Burlington and Other Stock Attacked. Wheat Closed Lower--Heavy Decline in Provisions.

NEW YORK, Oct. 17.—Money on call has been easy, ranging from 1½ to 2½ per cent, last loan at 1½ per cent and closing offered at 1½ per cent.

Posted rates, $4.83½@4.86½.

Government bonds steady.

The bears on stocks are becoming more aggressive. The failure of the senate to act on silver question, the financial difficulties of the Reading, the struggle for the possession of the Northern Pacific and the prospects of a long litigation and the belief that the business of the western roads will suffer severely after the closing of the fair at Chicago all tend to depress the market for stocks. For a time the bulls made a good fight against their opponents and especially in the industrials, which were marked up 1 to 1½ per cent. In this rise Distilling and Cattle-feeding was most conspicuous, rising to 34. The advance was due to the reiteration of the old rumors that the concern had made an amicable settlement with the American Distributing company, which handles its products. Sugar was also strong and selling up 1½ to 51½. The strength of the Industrials imparted a firmer tone to the railway list for a time, but in the afternoon under liberal selling the Grangers recorded materially lower figures. Burlington was a favorite point of attack by the bears. The stock fell 2¼ to 17½, about 4,500 shares were put on sellers. Rock Island, St. Paul and Northwest declined ½@2 per cent and were freely pressed for sale. The market closed weak at or near the lowest point of the day. Louisville & Nashville displayed more strength than for a long time. The stock sold up to 48⅝ and closed with a small net gain. The improvement was due to covering of short contracts. Des Moines & Fort Dodge preferred rose 9 to 95.

Wheat Closed Lower.

CHICAGO, Oct. 17.—The market for wheat today was unsettled and the amount of business transacted was only moderate. There was a scarcity of outside news. The early cables were steady, some reporting an advance of ⅛d at Liverpool. The late cables were also steady, but reported no further advance. Receipts at Chicago were 332 cars, 32 over estimates, with 132 predicted for tomorrow. The northwest received 929 cars, which was considered large. Export clearances were fairly good, aggregating 316,000 bushels. December opened about unchanged at 64c, ranged between 64⅜c and 65⅛c and closed 63⅞@63¾c, about ⅛c below yesterday. Where He Got It.

"I can't understand, Bobby," said his father, "why you should quarrel so much with Tommy White. Your mother tells me that you quarrel with him most of the time."

Guest—How's this? A pound a day! Stopped here a year ago and paid only half that much.

None For Him.

An honest mistake was that of a colored man in the south whose former master had allowed him the use of a piece of land on condition that so the owner, should receive one-fourth of the crop.

When the corn was ripe, the laborer hauled three loads to his own house and none to that of the white man. Then he went immediately up to the great house, to return his landlord's wagon, which he had used in the hauling.

"Well, Frank," said the gentleman, "where's my share of the corn?"

"You ain't got none, sah," was the sympathetic reply.

"Haven't got any! Why, wasn't I to have a fourth of all you raised?"

"Yes, sah, but dey wa'n't no fourth. Dere wa'n't but jes' my three loads."—Youth's Companion.

A Very Wistful Girl.

His Apology.

An illiterate young man once got a friend to write a letter for him to his sweetheart. The letter was rather prosaic for a love letter, and he felt that an apology was due to his sweetheart for its lack of tender nothings. It was as follows:

"Please excuse the mildness of this here letter, as the chap wot's 'ritin it is a married man, and he says he carnt 'bide any soft soapin. It allus gives him the spazzums."—Tit-Bits.

A Good Definition.

Aunt (to little Oscar)—What dress had your mother on when she drove off to the party this evening?

Oscar—A long, white, short dress.

Aunt—Nonsense! It could not be long and short at the same time.

Oscar—Yes, aunty. It was long at the bottom and short at the top.—Mannheimer Volksblatt.

One of His Tricks.

"I thought you said you were going to bring a friend home to dinner with you," said Mrs. Chugwater.

"He couldn't come, Samantha," replied Mr. Chugwater as he sat down with great satisfaction to the first good dinner he had had a chance to attack for a long time.—Chicago Tribune.

"Was the play bad?"

"Well, I guess it was. Why, even the gas went out at the end of the second act."—Texas Siftings.
