Extended Words of Condolence.

Alderman Ball presented the following, which was unanimously adopted:

Whereas, Our sister city of Chicago has suffered a great affliction in the assassination of its beloved mayor; and

Whereas, The world's fair, after a season of prosperity, has been brought to a close amid the deepest gloom and universal sorrow; and

Whereas, The aldermen and officials of this city have been extended the most kindly courtesies by the city of Chicago through Mayor Harrison; therefore

Resolved, That his honor, the mayor, be requested to appoint a committee from the council, of which committee he shall act as chairman, to draft a suitable preamble and resolutions expressive of the deep sorrow of the city of Grand Rapids and its sympathy with the said city of Chicago in its great affliction.

The mayor announced as a committee Mayor Stuart and Aldermen Ball and Wurzburg.

Mr. Uhl Congratulated.

Alderman Saunders presented the following, which was passed unanimously:

Whereas, It is reported that the Hon. Edwin F. Uhl, twice mayor of Grand Rapids, has been nominated for the responsible office of assistant secretary of state of the United States; therefore,

Resolved, By the common council of Grand Rapids, that in such appointment the city of Grand Rapids recognizes that deserved credit has been given to a worthy and distinguished citizen of the state of Michigan and to a man who in all the walks of life, public and private, has faithfully and fearlessly discharged his duties as a citizen and as a public officer; and be it further

Resolved, That in such appointment Grand Rapids recognizes the fact that one of its honored citizens has been offered a position of trust, the duties of which we feel assured he will discharge with credit to himself and to the country.

On motion of Alderman Schmidt a committee was appointed to examine certain bills collected by Marshal Kennon of E. Best, Lampert & Rowland and John C. Miller.

A special meeting of the committee on Wealthy avenue bridge was called for Wednesday evening, and the council adjourned out of respect for the memory of Chicago's murdered mayor, Carter H. Harrison.

MANY DESOLATE HOMES.

The Changeable Weather of October and November Has Serious Effect Upon Improperly Fed Babies.

"Home, Sweet Home"—The author of the most touching lines ever written had no home; born in New York, he died in Algiers.

Many parents today who live in fine houses are homeless—the baby has gone.

The changeable weather in October and November brings desolation into many homes because of mistakes in baby's food.

Practical men of science, physicians and philanthropists, long considered infant feeding the greatest medical problem, and the most valuable practical outcome of their many investigations was lactated food.

Lactated food should now be fed to babies in preference to anything else but absolutely wholesome breast milk. The most successful physicians use lactated food exclusively. It is the purest, the most nutritious and the most easily assimilated infant food. It is retained on the stomach when other food is rejected. It builds up the strength when summer complaints have brought dangerous weakness.

Profound knowledge of infant diseases has guided in the preparation of lactated food. It is the nearest possible substitute to natural mother's milk. It counteracts the weakness and resulting exacitation of diarrhœa. It sustains the strength and supplies rich blood and solid bone. Lactated food is a triumph of human intelligence in successfully combating infant disorders.

The members of A. B. Watson Post, G. A. R., are requested to be at their post rooms Wednesday, at 1:30 p. m., to attend the funeral of our late comrade, Joseph Hanes. D. L. KLINE, Com.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and $1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

A Surgical Operation.

For the cure of Piles is always painful, often dangerous and useless, and invariably expensive; on the other hand there is a new, certain cure, perfectly painless, gives instant relief and permanent cure and costs but a trifle. It is the Pyramid Pile Cure. It is a more certain cure than a surgical operation, without any of the intense pain, expense and danger of an operation. Any druggist will get it for you.

Sufferers from Piles

Should know that the Pyramid Pile Cure will promptly and effectually remove every trace of them. Any druggist will get it for you.
