D. 1861, with all the rights, privileges, and advantages thereof, belonging to the Corporation of the City of New-York. Said Ferries to be run to and from the slips, landings, and premises to and from which they are now run, so far as such slips, landings, and premises are owned by the Corporation, or are, or have been reserved and appropriated for ferry purposes, except that the landing at the foot of Hamilton-avenue, Brooklyn, may be at the foot of said avenue, or in the vicinity thereof; and in the case or cases in which the Corporation are not the owners of the slips, landings, or terminations now used by said Ferries, or any portion thereof, the landings or terminations may be made at some point in their vicinity, if the lessee shall so elect, at his own cost and expense.

An express stipulation will be embodied in the lease, that the lessee shall run the said several ferries at a uniform rate of fare, not exceeding the present rates, and the discontinuance of any one of the said ferries, during the term of said lease, shall be deemed and held to be a forfeiture of the same, and the said lease thereby become absolutely null and void.

The purchaser or lessee, other than the present lessees, will be required to purchase at a fair appraised valuation, the boats, buildings, and other ferry property of the present lessees actually necessary for the purposes of such ferry grant, or franchise. Such valuation to be ascertained by three competent disinterested persons; one to be chosen by the present lessees, one by the purchaser or lessee under this sale, and the third by the two thus chosen.

The sale of said ferries will not be sold at an annual rent less than the aggregate amount of annual rent now received for the same.

The purchaser of the lease of the ferries and their appendages will be required to pay at the time of sale to the Collector of the City Revenue a sum equal to twenty per cent of the amount bid for the amusement, to be applied on the rent of the first year, in case he executes a lease with the usual covenants, otherwise to be forfeited to the Corporation. He will at the same time, also, be required to furnish an obligation, to be signed by at least two sureties, to the effect that he will execute a bond, with sureties to be approved by the Controller, for the punctual payment of the rent quarterly, and for the faithful execution of the covenants of the lease.

The fees of the auctioneer and the expense of the lease to be paid by the purchaser.

The lease will also contain a covenant requiring each ferry-boat to have attached to its engine a fire apparatus, or force-pump, with not less than 400 feet of hose, of the quality and dimensions now used by the Fire Department of this city, to be used for the extinguishment of fires, whenever required by the Chief Engineer, or his Assistants; for which service the lessee will receive twenty dollars per hour, for each hour so engaged.
