NEURALGIA

DR. F. W. GREENHALGE, Nashville Tenn., Dear Sir:—One of my daughters suffered intensely with Neuralgia for more than two years. I feared the would lose her eyesight. I read the certificate you published, of the remarkable cure your medicine performed in Mr Martin's case and his statement vouched for by your best business firms of Nashville. (Messrs Berry, Demoville & Co., Evans, Fox, Porter & Co., Morris & Stratton, and Long, Kirkman & Co.,) and of course, that was evidence sufficient of the reliable nature of the article, but I felt that I would be better satisfied if I could have a talk with Mr Martin about the matter, and accordingly I wrote him. Suffice it to say, that I was well pleased with his statement. I procured your "Cure for Neuralgia and Rheumatism," by mail. My daughter was relieved as soon as she was under the influence of your "Cure," and for your medicine I can say that, you may add another name to your list of Cures. I feel it my duty to do this, because I regard it a good medicine, and know that it cured my daughter, after all other remedies I tried had failed. I have recommended it to persons in Mississippi, Louisiana and Carolina, and still do so unhesitatingly. Yours truly H. F. JOHNSON.

CHILL CURE
WINTERSMITH'S
Tonic Sirup
OR IMPROVED
CHILL CURE
A Certain Remedy for every form of Fever and Ague.
The Cure is Permanent
The Chill Once Broken will not Return.
Has all the Virtues of Quinine, without any of its Disagreeable Effects.

THIS Medicine, owing to its great merit, has been a wonderful success. It is carefully compounded of purely vegetable ingredients, and never fails, when properly taken, to cure the most obstinate cases of fever and ague, neuralgia, and all malarial diseases. Unlike chill remedies generally, it requires no purgative to be taken with it, the medicine itself acting gently and agreeably upon the liver and bowels, effectually removing the cause of the disease, not merely temporarily checking it. Herein consists one great advantage it has over all other preparations. The crowning excellence of this medicine, however, above the permanency and certainty of its cure, is the fact that no injury whatever can arise from its use, as is certain to be the case when quinine or arsenic is taken, which are the principal ingredients of most of the chill medicines now in use. It has been particularly successful in the cure of chronic cases of chills, frequently making cures after all other remedies had failed.

As a tonic it is unrivaled. It increases the appetite, promotes digestion, keeps the stomach in a healthy condition, acts upon the liver, and assists the system to throw off the influence of malaria.

☞ Price $1 per bottle; six bottles for $5.
