THE CONCORDIA EAGLE, may be found on file at Geo. P. Rowell & Co, Newspaper Advertising Bureau, 10 Spruce street, where advertising contracts may be made for it in New York.

Commencement exercises of the Gleason and Picard Institute, 372 Esplanade, New Orleans; was held at the Institute before a large and appreciative audience, on the 29th and 30th of June. We return thanks for kind invitation and cards to same, and sorry we were not able to attend.

We see from a notice issued by the President of the Louisiana Press Association, that the day of meeting has been changed from the 4th to the 8th of July—at Shreveport—we tender our thanks to the Cincinnati, New Nrleans & Texas Pacific Railroad Co, for a free pass to and from said convention.

We heard yesterday of a serious affray that occurred on Saturday evening last, on Messrs. Ober & Wilds' "Home Place," in Concordia parish. A row occurred among the laborers on the place, when Louis Wells shot one Charley Booze, killing him instantly. Booze had cut Wells pretty badly with a knife, before the latter shot him. Several others were more or less injured from knife wounds, but none fatally. All the participants in the fracas were colored.—Democrat.

We had an excitement in town one day this week; it seems that a negro man was accused of stealing a chicken—The magistrate issued a warrant for his arrest, and placed it in the hands of the constable, who traveled about 15 miles to the home of the accused, arrested and brought him to town. The magistrate convicted him, requiring a bail of $250 which he was unable to give, but made an attempt to escape, and was shot by the constable. Thd negro is now in jail under medical treatment. Our parish will have to pay pretty high for stealing a chicken, but the "tax-payers" are not only rich but well to do in the world.

Thirty-Second Commencement Exercises of the Central Female Institute, Clinton, Miss.

Exercises from the 18th to 25th June inclusive, beginning at 10 o'clock a. m. each day.

Wednesday, June 24th was specially commencement day of all undergraduates, particularly the juniors. On that day prizes for best and finest delivered original essays were competed for by a portion of the juniors, and rewards for the best recitations of poetry, by the remainder. Miss Fanny F. Leigh, Grenada, Miss, won the first prize, and Miss Mary Jacob, Utica, Miss., and Miss Jennie Cowsert, Goodman, Miss., were each awarded a second prize in essays. Miss Maggie Wise, was wise enough to win the first prize in "Recitation of Poetry," and Miss Susie Nelson the second. Both of these successful candidates were of Clinton, Miss

On the same day the annual "Concert and Exhibition" of the "C. F. I." was given. This entertainment consisted of instrumental duets on four pianos accompanied by the violin, vocal duets, quartetts and solos and music by the "Clinton Brass Band, interspersed with tableaux. But the crowning of the whole was a drama, "The visions of Freedom."

Thursday, June 25th, was the commencement day of the graduates, and and in fact the commencement proper of the "C. F. I." each of ten graduates delivered their essays.

Provatore—Miss Volney E. Leach, of Natchez.

Essay of the first course—"Wonders of Mechanism."—Miss Sally Johnson.

Three of them played piano solos, two of whom graduated in music, and were each awarded two diplomas.

Lesbians of the "C. F. I's" Lesbian Society, presented their president, Miss Sally Johnston, a gold Lesbian Badge. The Secretary, Miss Marrie Menger, made the presentation address, which was brief, beautiful and very appropriate. Ten diplomas were conferred; a fine, heartfelt and paternal farewell address was then delivered by Dr. Wafter Hillman the loved president of the C. F. I. to the seniors, after which he pronounced the benediction. If there are any who still doubt that such great good "Can come out" of Clinton, let him go and see, or apply to either Dr. W. Hillman, President of the Instiute, Clinton, Miss., or to Judge James G. Leach, Natchez, who is now one of its trustees. It will afford either of those gentleman pleasure to furnish all information desired and catalogues to all who wish them.

Dumont's Suicide.

Yesterday afternoon about 1:20 o'clock, Col. Andre J. Dumont, the well-known colored politician of Algiers, and late naval officer at this port, committed suicide by shooting himself through the brain with a 38-caliber Smith & Wesson revolver.

Dumont had time and again threatened to take his life, and so told his wife. She, however affected only to laugh at him, but nevertheless keep a strict watch on all his movements. On last Monday night he returned on the steamboat Warren from a visit to Pointe Coupee. He seemed despondent and reiterated his suicidal intentions.

Yesterday morning he took his revolver and placed it on the shelf of his room, and again informed his wife of his resolve of self-destruction. Mrs. Dumont thereupon took the pistol and locked it up in the tool chest. Dumont evidently watched her, as the sequel will show. Dumont then left the house and returned about a quarter past one o'clock His wife and her sister Mary were sitting in the yard engaged in pleasant conversation, when the husband walked up to her, and by threats and violence obtained the key of the tool chest. He opened it and getting the revolver out he ran to the front of the house, followed by his wife. The crazed man entered the sitting room, and placing the pistol in his mouth, pulled the trigger. A loud report followed, and the strong man fell to the floor with a bullet in his brain and the blood gushing out at every gasp.

His wife, horrified at the appalling sight, ran into the street shrieking for help. A neighbor hearing her cries ran to her assistance. When he arrived in the house Dumont was struggling for breath, but died shortly after. —*Daily States July 1*

Liberty Enlighting the World.

We give on our first page the origin of that grand design. We hope our patrons will read it—this is a work that every patriotic heart ought to feel proud of The appeals made by the New York World for means to complete the monument, has already amounted to about $90,000, made up by subscription, mainly of 25 cents each. We would like to see all our friends do something for this enterprise. The sum of $1 is all that is asked, and to all who subscribe, they send them a statuette, six inches in height—statue bronze and pedestal, nickel silvered. one of these statuetts can be seen at Jno. Kane's saloon. Every person subscribing and not receiving the statue shall have their money refunded.

Corrected.

Miss Anna Johnson, of 24 Front street, Columbus, Ohio, says: "I suffered from an aggravated form of constipation and indigestion for several months. My family physician tried all kinds of medicines and pills, but to no effect. I began to think my case was a hopeless one. A friend of mine (Mrs. Elvira Redmond, of East Long street, this city), called, and seeing the condition I was in, recommended me to try your MANALIN. I must say I had but little faith in the medicine, but after I had taken a few doses I was convinced that MANALIN was the medicine for me. After I had taken one bottle I was entirely well of my complaint. I consider it one of the best remedies for constipation I have ever used. I have several friends who are using it. They think it an excellent remedy. I recommend it to all who are afflicted with constipation or indigestion. Any one doubting this statement is invited to call on me at 24 Front street."

Mr. Milton Knotts, Urbana, O., writes: "Last November one year ago I was taken sick, and called in our family physician. He examined me and said I had symptoms of typhoid fever. He gave me medicine for two weeks or more without any relief. I began to think that my days on earth were fast closing in. I saw at once that his medicine would not reach my disease. Just as I was about to conclude that I would have to die, my daughter brought me one of your pamphlets. I noticed a case whose symptoms were like mine, and PERUNA and MANALIN had cured him. I concluded at once to try it. I procured one bottle of PERUNA and one of MANALIN, and took them as directed, and before I had used the two bottles I began to receive strength and gain in flesh. I finished the rest of the two bottles and continued its use until the third bottle was used. When they were used I could eat anything I wanted to and go about my work. I consider that if it hadn't been for your PERUNA I would have been in my grave. Parties wishing information can write me at the above place. I recommend your medicine wherever I go."

Mr. John R. Davis, Moundsville, W. Va., writes: "I have been handling your PERUNA ever since its introduction. All who have used it speak highly of its curative properties. I consider it a reliable remedy."

Mr. George Fisher, Portsmouth, O., writes: "I am handling your PERUNA, and having a good trade on it. It gives splendid satisfaction."

He Thanks His Paper

Mr. Editro:—I was induced by reading your good paper to try Dr. Harter's Iron Tonic for debility, liver disorder and scrofula, and three bottles have cured me Accept my thanks. Jos. C, Boggs.—Ex.

"The proof of the pudding is in the eating," so says the old adage, and so the proof of the value of a medicine is the opinions of those who have used it. Thos. Bass, Sr., of Steelville says, "I have used Prickley Ash Bitters in my family for 3 years for ailments of the kidneys, liver and bowels, and find there is no remedy equal toit."

Wants the Facts Known.

MR. EDITOR:—I and my neighbors have been led so many times into buying different things for the liver kidneys and blood that have done us more harm than good. I feel it due your readers to advise them when an honest and good medicine like Dr. Harter's Iron Tonic can be had. Yours truly.

Smith's Bile Beans are the best anti-billious purgative ever made, acting either as a laxative or cathartic. There is no ailment whose origin can be traced to the liver they will not cure, no weakness they will not correct. As a remedy for billiousness, sick headache and constipation they are unparalelled. Made entirely of vegetable extracts, coated with pure sugar. They are not nasceous to take once into the system, they assimilate thoroughly with the contents of the stomach and boweis, stimulate the liver and do not irritate or gripe the bowels.

The Duty of State Legislatures.

Legislation in every State should regulate the sale and use of the many poisons resorted to by women in their desperation to obtain beautiful complexions. There exists in Dr. Harters Iron Tonic every requisite to accomplish the object without injuring health or endangering life.
