FRENCH'S CONICAL WASHING-MACHINE.

EVIDENCE IN FAVOR.

LADIES' UNION AID SOCIETY.—From the 10th anniversary of this Society, held June 7, at Niblo's Garden, $848 95 have been received; its expenses were $260. French's Conical Washing-Machine was also donated, which has since been thoroughly tested in the laundry of the institution, on 42d-st. Its utility, labor-saving, and economy, prove it to be well worthy of recommendation.—[Ch. Advocate and Journal.

Mr. H. L. STUART—Dear Sir: I feel it my duty to the world to say just this much about "French's Conical Washing-Machine," which my family put in use the first time this week, and found it all that you recommended. We had another in the house, which was highly extolled. It will now be laid aside. Our inexperienced girl, but a few months from Ireland, went to work with it alone, early Monday morning, after having been but slightly told how to work, and she declares it is a perfect wonder. She says she can do the washing next week before the usual breakfast hour, without the least trouble, and better than any pair of hands can or ever did do. I take her opinion as conclusive, but I find the "women-folk" are all well satisfied.
Yours, &c., SOLON ROBINSON.
N. Y. TRIBUNE OFFICE, July 20, 1860.

EAST 33D-ST., NEW-YORK, June 4, 1860.
Messrs. P. & R. FRENCH—Gentlemen: I have made a thorough trial of your Conical Washing-Machine, on all kinds of clothes, and have found it to be perfectly adapted to its work. My girl is delighted with it, and says she can wash in a quarter of the time, and with much less trouble and effort than used to be required when washing by hand. I have tested it with another washing-machine, costing $20, and I have found your machine to be infinitely superior to its costlier competitor. The Conical Washing Machine is truly a household blessing, and will relieve washing day of its most disagreeable and burdensome features.
Its simplicity makes it easy to be understood and used, without any previous training. Mrs. H. L. STUART.

Machines can be seen in operation at the Laundry of FRENCH'S HOTEL, and the Depot, No. 419 Broadway, corner of Canal-st.
PRICE, ONLY TEN DOLLARS.

EXTRAORDINARY RESULTS and PRACTICAL DEMONSTRATION—The most wonderful and important development in the economy of the powers of machinery that has been introduced during the last half century—PRATT'S UNIVERSAL ROLLING ANTI-FRICTION JOURNAL BOX.
Friction in Journals entirely and effectually overcome, and all necessity for lubrication dispensed with. Any amount of weight—from 1 lb to 100,000 tuns—set in motion by a mere touch of the hand. Contrary to all past experience, weight does not increase friction on these Journals.
A very large per centage of power can now be saved; no lubrication required, and is perfectly practicable in every respect and under all circumstances. Call and examine.
