BALTIMORE MARKETS.

BALTIMORE, September 13. Breadstuffs.—Flour.—The tone of the market for Flour to-day was considerably firm by the advices of an advance of 6c. per bbl. on the other side, but we learn of no demand for export from any quarter.

Wheat.—The receipts of Wheat are light, amounting to only about 1,000 bushels Southern. The market opened firm, and prices were rather higher, owing to the news of an advance to Liverpool, but at the close the feeling was dull, although there was no decline to notice.

Corn.—The market for Corn is quiet, and we learn of but little doing. The receipts today were 2,000 bushels, of which 1,500 bushels were Western.

Oats.—The market for Oats is fairly active and steady.

Rye.—Is quiet, and we hear of no sales to-day, and quote Southern at 70@80c cents, and Western at 80@85 cents.

Provisions.—The advices from the West to-day are more favorable for Provisions, and the market here exhibits a better feeling. Bulk Meats particularly are firmer, and we learn of sales yesterday of 21 hhds. clear rib Sides at 5½c. We hear of no sales to-day, but holders were decidedly more positive in their views, and some parties have held at 7 cents for Western clear rib Sides, with 9 cents freely bid, and 9½ cents for clear rib Sides. Bacon is steady with a good inquiry for Sugar cured, but prices are unchanged, and we quote at 8c. for shoulders, 10½ to 10¾c. for ribs and 11@12c. for clear rib sides. Hams are scarce and firm. Raw Western sugar-cured are in demand at 13@13½c. Mess Pork is dull, and we now quote at $14.25@14.75, the latter in jobbing lots. Western steam and kettle Lard we quote at 8c. for prime, but there are no sales reported.

Sugar.—We quote as follows: Cuba and Porto Rico refining at 8½@9c. English Island do. 8½@9c. Cuba Boxes No. 12, 9@9½c. Porto Rico grocery 9c. Demerara common ref., 10@10½c. and New Orleans grocery refining common 9@9½c. The stock here is 14,000 hhds., 7,000 boxes and 11,000 bags.

Molasses.—We still quote Havana at 32@32½c. for crushed, powdered and granulated, but Boston is higher, and we quote A at 32c., B 31c., Extra C 31½c. Muscovado 27@28c. and Yellows at 25@30c. Cuban 33 are from at 35c. upwards.

Whisky.—The market for High Wines is firmer, and we have to report sales to day of 75 bbls. at 94 cents.

Funeral will take place from her parent's residence 200 Fourteenth street, this afternoon, at 3 o'clock.

BANKS.—In Baltimore Md., on the 12th inst., of pneumonia, JOSHUA F. BANKS, eldest son of Joshua and the late Sarah J. Banks.

HICKEY.—On the 12th inst., CELESTA, wife of Thomas F. Hickey, aged 41 years.

Friends and relatives are respectfully invited to attend the funeral from the residence of her husband, No. 1020 Seventh street, on Saturday afternoon, September 14, at 2 o'clock.

JORDAN.—On the 12th inst., at 3.30 a. m., ANN JORDAN, the beloved wife of Patrick Jordan.

Her remains will take place from her late residence, 511 Thirteenth street northwest, on Saturday, at 9 o'clock, a. m., thence to St. Patrick's church, at 10 o'clock. The friends of the family and the members of St. Patrick's church are invited to attend.

GRIFFITH.—On the 12th instant, at 6.30 o'clock, p. m., after severe suffering, Mrs. MARY ANN, wife of the late Rinaldo Griffith, of Alexandria, Va., aged 71 years and 1 month.

Peaceful was her journey to the sky:
Her wondering soul was fried;
Climb up the mound, say God, and die;
She sweetly stumbled, and died.

Softly her falt'ring head she lay
Upon her Saviour's breast;
Her Saviour kissed her soul away,
And laid her flesh to rest.

I pray the Lord my children bless,
And crown my life with success;
Wish them in the Redeemer's mood,
And make them kings and priests of God.

Endue their souls with heavenly light,
Let them live blameless to Thy sight;
Oh, keep them in the narrow road,
That at last we all may meet with God.

Her funeral will take place from her son's residence Sabbath morning, at 10 o'clock, the 15th inst., at 11 o'clock, corner of Third street and Virginia avenue southeast. Friends and acquaintances are respectfully invited to attend.

New 7-30 Gold Loan

OF THE

NORTHERN PACIFIC RAILROAD CO

Secured by First Mortgage on Railroad and Land Grant.

SAFE! PROFITABLE! PERMANENT

JAY COOKE & CO.

Offer for sale at par secured interest the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They are free from United States tax, and are issued of the following denominations: Coupons, $100, $500 and $1,000; registered, $100, $500, $1,000, $5,000 and $10,000.

With the same entire confidence with which we commended Government bonds to Capitalists and people, we now offer the fullest investigation, recommended the Northern Pacific Railroad bonds to our friends and the general public.

GOLD PAYMENT.

Both principal and interest are payable in American gold coin, at the office of Jay Cooke & Co., New York city, after principal at the end of 30 years, and the interest (at the rate of seven and three-tenths per cent per annum) half yearly, first of January and July.

PERFECT SAFETY.—The bonds we are now offering are secured by a first and only mortgage on all the property and rights of the Northern Pacific Railroad Company, which will embrace on the completion of its work:

1. Over Two Thousand Miles of Road, with rolling stock, buildings, and all other equipments.

2. Over Twenty-two Thousand Acres of Land to every mile of finished road. This land, agricultural, timbered and mineral, amounting in all to more than Fifty Million Acres, consists of alternate sections, reaching twenty to forty miles on each side of the track, and extending in a broad fertile belt from Wisconsin through the richest portions of Minnesota, Dakota, Montana, Idaho, Oregon, and Washington, to Puget Sound.

While the Government does not directly guarantee the bonds of the road, it thus amply provides for their full and prompt payment by an unreserved grant of land, the most valuable ever conferred upon a great national improvement.

THE MORTGAGE.—The Trustees under the Mortgage, are Mr. James Cooke, of Philadelphia, and J. Edgar Thomson, President of the Pennsylvania Central Railroad Company. They will disclose and permanently represent the interest of the First Mortgage bond holders, and are required to see that the proceeds of land sales are used in purchasing and cancelling the Bonds of the Company if they can be bought before maturity at not more than 10 per cent. premium; otherwise the Trustees are to invest the proceeds of land sales in United States Bonds or Real Estate Mortgages for the further security of Northern Pacific bondholders. Also, that they have at all times in their control, as security, at least 300 acres of average land to every $1,000 of outstanding first mortgage bonds, besides the railroad itself and all its equipments and franchises.

PROFITABLENESS.—Of course nothing can be safer than the bonds of the United States, but as the Government is no longer a borrower, and as the Nation's present work is not that of preserving its existence, but that of DEVELOPING A CONTINENT, we remind those who desire to increase their income and obtain a more permanent investment while still having a perfectly reliable security, that

United States 6-20's at the average premium yield the present purchaser less than 4½ per cent. gold interest. Should they be redeemed in five years, and specie payments be resumed, they would really pay only 4½ per cent., or if in three years, only 4½ per cent., as the present premium would measurably be sunk.

Northern Pacific 7-30's selling at par in currency yield the investor 7 3-10 per cent. gold interest absolutely for thirty years, free from United States tax; $1,100 currency invested now in United States 5-20's will yield pay year in gold—say $62; $1,100 currency invested now in Northern Pacific 7-30's will yield per year in gold $80.85. Here is a difference in amount of gold equal to one third, besides a difference of 2 to 3 per cent. in principal, when both classes of bonds are redeemed.

THE ROAD NOW BUILDING.—Work was begun in July last on the eastern portion of the line and the money provided by the sale to stockholders of some six millions of the Company's bonds, to build and equip the road from Lake Superior across Minnesota to the Red River of the North—235 miles. The grading on this division is now well advanced, the iron is being rapidly laid; several thousand men are at work on the line, and about the first of August next this important section of the road will be in full operation. In the meantime orders have been sent to the Pacific coast for the commencement of the work on the western end to early spring, and thereafter the work will be pushed both eastward and westward, with as speed and economy as may be consistent with a safe and low economy.

RECEIVABLE FOR LANDS.—These bonds will be at all times, before maturity, receivable, at 110, in payment for the Company's lands, at their lowest cash price.

BONDS EXCHANGEABLE.—The registered bonds can be exchanged at any time for coupons, the coupons for registered, and both these can be exchanged for others, payable, principal and interest, at any of the principal financial centres of Europe, in the coin of the various European countries.

HOW TO GET THEM.—Your nearest Bank or Banker will supply these bonds in any desired amount and at any needed denomination. Persons wishing to exchange stocks or other bonds for these can do so with any of our agents, who will allow the highest current price for all marketable securities.

Those living in localities remote from banks, may send money, or other bonds, directly to us by express and we will send back Northern Pacific bonds at our own risk, and without cost to the investor. For further information, pamphlets, maps, &c., call on or address the undersigned, or any of the Banks or Bankers employed to sell this loan.
