We cannot see why anyone should kick on a crossing being put in on First street, it is the longest and best settled street in town and there is no reason why the R. R. Co. should not put in a crossing. Anyone must be a little foolish to kick against such a substantial improvement as this.

Prof. Carson, of Montana, exhibited with a fine list of sterioptican views of the "far west" at the church last night, it was highly entertaining and appreciated by all present. We understand that he exhibits in Princeton Saturday night, we can commend him to the intelligent people of that community as a man who is thoroughly interesting.

INO.

J. W. Libby, of the logging firm of Libby & Grey, who have been operating on Platte river for several years, was in the city to-day, having just got the last of his logs into the Mississippi. All the loggers suffered heavily by the forced delay of five weeks in Rice lake, caused by high water, and the expense was increased several thousand dollars. This firm has but 1,000,000 more feet to cut on Platte, and they will do that this winter, making a total of about 25,000,000 they have cut for Clarke on that river. They will lumber on Thunder lake, near the Willow river, the coming winter, and bank several million feet.—*Little Falls Transcript.*

Of all sad words that emanate from the very souls of men; the saddest are these, we venture to state, "that d——ed train's late again."—*Little Falls Transcript.*
