Runaway or Dead.

A YOUNG man by the name of *R. C. Towns*, about twenty-one years of age, spare made dark complexion, black hair, very black eyes, his face on the right side badly paralized, very visible when laughing, his mouth drawing considerably to the left side. The said Townes has, during the last winter, been acting as our agent in selling manufactured tobacco in and about the towns of Pickensville, Ala.; and Aberdeen, Columbus and Macon, Miss. When last heard of (which was on 28th of May,) he was in Pickensville in the act of taking passage on the steamboat Correo for Mobile, for the purpose of making exchanges, having first delivered up to the young man with the waggon (Mr. Pray) his unsettled business as agent, and instructing him to leave for home after waiting five days at Montgomery for his arrival, since which time we have not heard from him. The said Towns is a young man of no means but of one of our first families and we fear that he has been lost on some steamboat or otherwise.

Any information concerning him would be thankfully received both for the gratification of his family and ourselves as he had with him probably some thousands of fifteen hundred dollars of our money.

CHINOIDINE OR AMORPHOUS QUINIA.

LIEBEG in speaking of Chinoidine says, "that the active principle is really Quinia, *Amorphous Quina*; that the substance in fact, described by Serturmer, Henry and Delondre, is simply the Alkaloid Quinia in an amorphous or uncrystalline state."

"Mr. Rosseau recommends Amorphous Quina in the treatment of children, which, he says, is more active than the Sulphate, is insoluble in the saliva, and has not much taste."

CERTIFICATES.

COLUMBUS, Miss., Jan'y. 4th; 1850.

This certifies that we attended the examination of the Students of Lowndes Academy, last summer; that the examination was conducted, from hour to hour and from day to day, for three days, in the ordinary branches of an English education, in the Latin, Greek and French languages, and in the Mathematics; that it was one of the most rigid, impartial and satisfactory examinations that we ever witnesse, clearly showing that the Principal, the Rev. P. Crawford and his Associates, are, not only critical scholars, but faithful and successful teachers.

We regard Lowndes Academy, as an institution of real merit, and an ornament and blessing to our county and State; and we take great pleasure, in recommending it to the liberal patronage of an enlightened community.

ISHAM HARRISON, Jr.
ISAAC T. TICHENOR.
T. I. SHARP.

I witnessed the exercises of Mr. Crawford's Academy, during the last day of the examination, last summer. The exercises of the several classes, in Latin, Greek and the Scientific and Primary Departments, indicated a rapid progress of the pupils, and much diligence and ability on the part of the teachers.—I take great pleasure in expressing my opinion, that the Lowndes Academy is an institution of high merit, and most cordially recommend its able and enterprising Principal, Mr. Crawford, and his very capable Assistants, to public favor and patronage.

JOHN F. JACK.

Columbus, Miss., Jan'y. 4th, 1850.

I attended the last examination of the Students of Lowndes Academy, which closed on the 24th of December last; and I cordially say for it, all that is said above, for the Summer examination.

J. B. HALBERT.

Columbus, Miss., Jan. 4th, 1850.

The following is extracted from a letter, written by the Rev. Dr. Manly, President of the University of Ala., to the Principal; after J. M. E., a student at Lowndes Academy, during the year 1849, had been examined and received into that Institution.—(the University of Alabama.)

UNIVERSITY OF ALABAMA, Jan. 9, 1850

My Dear Brother:—Our young friend E. is here. He appears remarkably well under examination: and was not found deficient, in any thing, which he had studied. This rarely happens to any who, are admitted here.—From all the circumstances, I anticipate a very solid reputation, as a scholar for him.

His admission, without defect in any thing he had studied under your care reflects honor on your school.

We shall be very happy to receive such pupils as E. often. Very truly, yours, B. MANLY.

CALUMBUS, July 26, 1850.

Having attended the Examination of the students of Lowndes Academy, on the 10th and 11th inst., I was exceedingly well pleased with it; for the students acquitted themselves in a manner highly creditable to teachers and pupils.

It must have been apparent to every one present, that there was no collission between pupils and teachers, as there sometimes is.

In fact, I have never attended any examination, with which I was better please; and being personally interested, having two sons studying the Classes and the Mathematics, in Lowndes Academy, I shall continue them in this Institute. In fine, I Cheerfully recommend Lowndes Academy to the patronage of all who have sons or daughters to educate, as an Institution of real merit. JAMES WHITFIELD.

The subscriber only adds, that he hopes, by a *faithful and successful* discharge of the relative duties devolving upon him, as the Proprietor and Principal of this Institution, to merit the patronage of an enlightened community. PETER CRAWFORD.

January 7th, 1850.

COLUMBUS FEMALE INSTITUTE,

THE Trustees of this Institution in commending its claims to the public, take pleasure in saying to its former patrons and the friends of female education generally, that it has entered upon the third year of its history with cheering prospects of increased success and usefulness.

The services of Mr. ROBERT A. MEASS, (formerly of South Carolina and late of Eutaw, Ala.,) have been engaged as Principal, and his qualifications for the superintendence of such an institution, is evinced by those best of testimonials, long experience and uniform success. The same may be said of the Assistants whom he brings to his aid in the management of the various departments. The importance of sustaining a female seminary of high order in Columbus, is, we believe felt and acknowledged by all. We present the Columbus Female Institute as a school admirably calculated to supply this want, and therefore as worthy of all encouragement. We have able and accomplished instructers; the course of study is full, thorough and finished; the buildings and grounds are well adapted for the purposes of a large Female school; the location is healthful pleasant and retired, and no exertions will be spared on the part of the Trustees to make it one of the first Institutions in the South West. To accomplish this, we only invoke the patronage of a liberal public.

BLAIR'S.

(*Formerly Blair & Smith.*)

THE undersigned having purchased on 16th April the entire interest of E. A. Smith in the Drug Store including Books, Notes, &c., &c., he would inform his friends that the business will be continued at the old place, and hope to merit the liberal patronage formerly extended to the establishment.

Dr. Jas. W. Hopkins will attend to the prescription department—a guarantee that all will be right in that delicate and important part of the business.

☞ I would request those indebted to the Store for the year 1849, to call and settle by cash or note, I cannot continue the business of the concern, as it is necessary so that I can have a settlement with Dr. E. A. Smith.
