BALM OF LIFE.
THE TENTH STREET NORTHWEST,
WASHINGTON, D. C., November 8, 1870.
PROF. COOK—*Dear Sir:* For a long time I was a great sufferer from dyspepsia. My flesh had very much diminished, and I was almost prostrated. Every remedy failed to give relief until your BALM OF LIFE was tried. I took, internally, about a tablespoonful before breakfast, the same amount about fifteen minutes after dinner, and when retiring at night. I bathed my head, face, and chest with it morning and evening. Soon I began to feel better; color began to appear in my face and lips; my appetite and flesh began to return; my strength and cheerfulness were restored; and, from after taking this surprising remedy for about three months, I am cured, and have a good appetite, and my strength and healthy appearance are truly wonderful.
I am very grateful for the directions you gave for the use of your BALM OF LIFE, and with the hope that others may follow my experience with success, I am, gratefully yours, BENA M. SIMMS.

WASHINGTON, D. C., December 19, 1871.
PROF. T. A. COOK—*My Best Friends:* I say best of friends, because I believe I owe my life, and probably my life to you, through the use of your invaluable BALM OF LIFE.
In November, 1870, I gave you a statement of having been cured of dyspepsia by your wonderful preparation, which I now use as a general toilet article, as well as for any incidental ills or pains, affecting my health, in anywise. I cannot conceive it possible to state in due language the wonders this clear and harmless solution accomplishes. In fact, it is everything in the way of warding off sudden illnesses, to which most all are liable.
I also recall cases of dyspepsia, which was of so long standing, and so severe that for ten days immediately preceding the use of the BALM I was obliged to subsist on one tablespoonful of milk and one soda cracker per day.
Always your grateful friend,
BENA M. SIMMS.

Miss Bena is my daughter. I had despaired of her recovery, she had the best of treatment, but the dyspepsia had become chronic, and resisted the skill of the medical profession.
The BALM OF LIFE cured her, and it is used in my family in manifold ways for various purposes.
Asthma has afflicted me for many years; the BALM OF LIFE has given me unprecedented relief, anything else tried. Too much cannot be said in its praise; every family should be provided with it.
With every Christian consideration, I shall ever feel gratefully yours, MOS. SIMMS.

I am Miss Bena's sister, and I cannot express my joy for her recovery, and without health—all due to the use of the BALM OF LIFE. And I, too, feel grateful to Professor Cook for being enabled to give a new condition of flesh and general bad health to strength, flesh, renewed health and cheerfulness, due alone to the free use of his BALM OF LIFE, which is so clean, harmless and charming, however used.
I must always very kindly remember Prof. Cook.
NETTIE SIMMS.

WASHINGTON, D. C., July 1, 1871.
PROF. T. A. COOK—Dear Sir: For a year or so I was troubled with dyspepsia to such a degree as to be unable to partake of animal food of any description without feeling perfectly miserable. In fact, I could only enjoy nothing I ate.
I was induced to try your BALM OF LIFE, and I can truthfully assert that it acted like magic. After I used it, as directed, for eight six months, and can now eat and enjoy any and all kinds of food without unpleasant results.
I cheerfully make this statement, entertaining the hope that others may be benefited by my experience.
MRS. ALFRED CLOUGHLY, 407 L street.

Dyspepsia of Seven Years Cured by the BALM.
WASHINGTON, D. C., November 30, 1871.
PROF. T. A. COOK: I have had dyspepsia for many years. Having been treated by several physicians and tested so many remedies without help or relief, I had given up hope of ever being cured. Your BALM OF LIFE was recommended, but I had little faith, for I had suffered seven years with this terrible disease without anything benefiting me. I have been my life but a month or two, and I suffered so much I could not eat, and, as a last resort, tried your BALM. The first half spoonful benefited me, and in less than a month I was feeling well, and at this date have no symptoms of dyspepsia. I cheerfully write this, hoping it may benefit others.

New 7-30 Gold Loan
OF THE
NORTHERN PACIFIC RAILROAD CO
Secured by First Mortgage on Railroad and Land Grant.
SAFE! PROFITABLE! PERMANENT!
JAY COOKE & CO.
Offer for sale at par accrued interest the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They are free from United States tax, and are issued of the following denominations: Coupons, $100, $500 and $1,000; registered, $100, $500, $1,000, $5,000 and $10,000.
With the same entire confidence with which we recommended Government bonds to Capitalists and people, we now offer the fullest information to commend the Northern Pacific Railroad bonds to our friends and the general public.
GOLD PAYMENT.
Both principal and interest are payable in American gold coin, at the office of Jay Cooke & Co., New York City—the principal at the end of 30 years, and the interest (at the rate of seven and three tenths per cent. per annum) half-yearly, first of January and July.
PERFECT SAFETY.—The bonds we are now selling are secured by a first and only mortgage on all the property and rights of the Northern Pacific Railroad Company, which will embrace on the completion of the work:
1. Over Two Thousand Miles of Road, with rolling stock, buildings, and all other equipments.
2. Over Twenty-two Thousand Acres of Land to every mile of finished road. This land, agricultural, timbered and mineral, amounting in all to more than Fifty Million Acres, consists of alternate sections, reaching twenty to forty miles on each side of the track, and extending in a broad, fertile belt from Lake Superior through the richest portions of Minnesota, Dakota, Montana, Idaho, Oregon, and Washington, to Puget Sound.
While the Government does not directly guarantee the bonds of the Road, it thus amply provides for their full and prompt payment by an unprecedented grant of land, the most valuable ever conferred upon a great national improvement.
THE MORTGAGE.—The Trustees under the Mortgage are Messrs. Jay Cooke, of Philadelphia, and J. Edgar Thompson, President of the Pennsylvania Central Railroad Company. They will directly and permanently represent the interest of the First Mortgage bondholders, and are required to see that the *proceeds of land sales are used in purchasing and cancelling the bonds of the Company* if they can be bought before maturity at not more than 10 per cent. premium; otherwise the Trustees are to invest the proceeds of the land sales in United States Bonds or Real Estate Mortgages for the further security of Northern Pacific bondholders. Also, that they have at all times in their control as security, at least 300 acres of average land to every $1,000 of outstanding first mortgage bonds, besides the railroad itself, and all its equipments and franchises.
PROFITABLENESS.—Of course nothing can be safer than the bonds of the United States, but as the Government is no longer a borrower, and as the Nation's present work is not that of preserving its existence, but that of developing a CONTINENT, we remind those who desire to increase their income and obtain a more permanent investment while still having a perfectly reliable security, that the United States 6-20's at the average premium paid the present purchaser less than 6¼ per cent. gold interest. Should they be redeemed in five years, and specie payments be resumed, they would really pay only 4¼ per cent., or if in three years, only 4¼ per cent., as the present premium would meanwhile fall.
Northern Pacific 7-30's selling at par in currency yield the investor 7¾ ½ per cent. gold interest absolutely for thirty years, *free from United States tax*; $1,000 currency invested now in United States 5-20's will yield per year in gold—say $63; $1,100 currency invested now in Northern Pacific 7-30's will yield per year in gold $80.30. Here is a difference in several years of nearly one third, besides a difference of 1 to 10 per cent. in principal, when both classes of bonds are redeemed.
THE ROAD NOW BUILDING.—Work was begun in July last on the eastern portion of the line and the money provided by the sale to stockholders of some six millions of the Company's bonds, to build and equip the road from Lake Superior across Minnesota to the Red River of the North—225 miles. The grading on this division is now well advanced, the iron is being rapidly laid; several thousand men are at work on the line, and about the first of August next this important section of the road will be in full operation. In the meantime orders have been sent to the Pacific coast for the commencement of the work on the western end in early spring, and thereafter the work will be pushed both eastward and westward, with as much speed as may be consistent with solidity and a wise economy.
RECEIVABLE FOR LANDS.—These bonds will be at all times, before maturity, receivable, at 110, in payment for the Company's lands, at their lowest cash price.
BONDS EXCHANGEABLE.—The registered bonds can be exchanged at any time for coupons, the coupon for registered, and both these can be exchanged for others, payable, principal and interest, at say of the principal financial centres of Europe in the coin of the various European countries.
HOW TO GET THEM.—Your nearest Bank or Banker will supply these bonds in any desired amount and of any needed denomination. Persons wishing to exchange stocks or other bonds for these can do so with any of our agents, who will allow the highest current price for all marketable securities.
Those living in localities remote from banks may send money, or other bonds, directly to us by express and we will send back Northern Pacific bonds at our own risk, and without cost to the investor. For further information, pamphlets, maps, &c., call on or address the undersigned, or any of the Banks or Bankers employed to sell this loan.
