R., and were so highly pleased with the country that they propose to locate at Hattiesburg. They said they had read what our correspondent, G. D. J. L. POWER, Manager.

FROM PRESIDENT MOREHEAD.

LOUISVILLE, Aug. 29, 1883.

All arranged for reception and entertainment of Press here and Cincinnati. Command me. F. C. MOREHEAD.

To Col. J. L. POWER.

Col. J. D Stewart Withdraws.

To the Voters of Hinds county:

After mature deliberation, I have determined to withdraw from the canvass for State Senator. The late County Convention having determined to fuse with the Republican party, and leaving me the only avowed anti-fusion aspirant for Senatorial honors, it occurs to me that, if nominated, I would occupy a position antagonistic to my own well settled views as to party policy. In retiring from the contest, therefore, I disembarrass myself and perhaps, the Democratic and Conservative party of the county. While pursuing the course expressed, I am still impressed with the necessity of maintaining a strictly Democratic government for the good of the people, and nothing, within the range of probability, could alienate me from the party to which I have been so long and so uncompromisingly attached.

Very respectfully,
JAS. D. STEWART.

Jackson, Miss., Aug. 24, 1883.

Grand Excursion to Chicago.

In order to afford the people of Jackson the greatest possible comfort on the "Great Jackson Route" Excursion to Chicago, Wednesday Sept. 12, special sleeping cars will be placed on side track at Jackson ready for occupancy at 8 P. M., Tuesday, September 11. We propose making this trip not only *exceedingly cheap*, but especially *comfortable* and *enjoyable*. Applications for berths in sleeper should be made to the Ticket Agent at the Jackson Depot on or before September 5.

Masonic Notes.

The next Triennial Conclave of the Grand Encampment Knights Templar will be held in St. Louis. Hon. R. E. Withers, of Virginia, is Grand Master.

The next session of the General Grand Royal Arch Chapter of the United States will be held in Washington City.

The officers of the Grand Lodge of California, assisted by the Knights Templar at Triennial Conclave, laid the corner-stone of the Garfield Monument in Golden Gate Park on the 24th inst. Over one hundred thousand persons were present.

Mr. Isaac Green, Summit, Miss., says: "Brown's Iron Bitters helped me out of what I believed to be my death-bed."

Is it True?

EDITORS CLARION: The law approved March 7th, 1882, (Pamphlet Acts p. 11) requires that parties soliciting orders for nurseries not in the State, shall pay a privilege tax of $5 in each county, and before taking orders shall give a bond of $1,000 with good and sufficient security, that the trees or vines which they sell shall come up to the representations of the vendor. The purpose of the law is to raise revenue; and most important of all, to protect the people of the State against imposition. It is reported that the law has been disregarded by traveling agents. Is it true?

A CITIZEN.

THE youthful color, beauty and lustre are gradually restored to gray hair by Parker's Hair Balsam.

The Barbecue at Flora.

We hope our citizens generally will attend the barbecue at Flora, on the Yazoo road to-morrow. That portion of Madison county is now to become directly connected with Jackson by rail, and our merchants and citizens generally should get acquainted with the people about Flora and solicit their trade be transferred to our city. Then it is due those people that we rejoice with them in the construction of the new road, as in its construction we in Jackson are more interested than any one.

Physicians recommend Shriner's Indian Vermifuge in their practice as a superior article for destroying and expelling worms. Only 25 cents a bottle.

Corner State and Pearl Streets,

What we Intend to do in Fall 1883.

To sell all lines of goods cheaper than ever before known in the history of this section of country.

We intend not alone to *Dictate Prices in this Market*, but to compete with any Wholesale Jobbing House of New York.

This statement would be absurd and impossible to carry out, did we buy in the old fogy way, of the Southern Merchant; but we can't buy from *credit* houses, because we don't sell on time. *Credit* is no object to us. We wan't low prices and have gone about it in this way to get them: Combined with several other houses of different sections of country, established our own offices in New York and Boston, employed our own buyers and keep them always in the market.

We don't pay the middle-man. We don't pay for the big city rents; and we don't pay for the drummer.

Our buyers purchase for our joint accounts over $5,000,000.00 during the year. We buy direct. We pay cash and we buy goods just as low as they can be manufactured, and often less; and this is how we can compete with any house in the country.

As a proof of what we say we ask an inspection of our stock, which will be complete in nearly every line by 1st September.

We intend to add many new lines to our stores this Fall, and make very many improvements.

We will keep you informed from week to week of our prices, and you may look for *Great Bargains!*
