THE

MERCHANTS' & MANUFACTURERS'

JEWELRY ASSOCIATION

Calls your attention to the fact of its being the largest and most popular Jewelry Association in the United states. The business is and always has been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee of the appreciation of our patrons for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German war, and recent disastrous financial crisis in Europe, has caused the failure of a large number of Jewelry houses in London and Paris, obliging them to sell their goods at a great sacrifice, in some instances less than one-third the cost of manufacturing. We have lately purchased very largely of these Bankrupt Goods, at such extremely low prices that we can afford to send away Finer Goods, and give better chances to draw the most valuable prizes than any other establishment doing a similar business. OUR AIM IS TO PLEASE, and we respectfully sollicit your patronage, as we are confident of giving the utmost satisfaction. During past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who patronize us will receive the full value of their money, as no article on our list is worth less than One Dollar, retail, and there are no Blanks.

Parties dealing with us may depend on having prompt returns, and the article drawn will be immediately sent to any address by return mail or expenses.

The following parties have recently drawn valuable prizes from the Merchants' and Manufacturers' Jewelry Association, and have kindly allowed use of their names:

Frederick V. Browne, Esq., Treasury Department, Washington, D. C., piano, value, $450; Miss Anna I. Frost, Waverly Terrace, N Y. MARSDENS COLUMN

A FEW WORDS OF COMMON SENSE.

How few there are who are not subject to some affection of the lungs or respiratory organs, who, by neglecting premonitory symptoms, aggravate the complaint until disease strikes its shafts, causing inexpressible torture of the patient, and anxiety and distress to friends. "Only a cold?" "A slight sore throat!" is the heedless remark of many when so affected. Yes; "Only a cold." was the thoughtless expression of thousands whom death has marked for his prey.

Forewarned—Forewarned! should be the motto forever in the minds of all subject to Coughs, Colds, Catarrh, or Influenza. Words of advice should be heeded by all suffering from Asthma, Bronchitis, Consumption. Relief is within their reach; and, if neglected, fatal consequence ensue—a life of misery—a daily, hourly struggle for existence. A contest in which there can be but one victor—Death!

Does it not appeal the strongest mind to think of the result caused by neglect? Then why delay? What excuse can be offered, when timely warning is sounded in your ears? When the danger is pointed out, why not avoid it? MARSDEN'S PECTORAL BALM has been used with success in nearly million of cases, and is endorsed by the Medical Faculty of the most prompt and efficacious remedy that scientific research has discovered, to relieve and cure all cases of Coughs, Colds, Influenza, and Consumption, if the case is not beyond all hope. Even when the sufferer is in the last stages, he will find by using this preparation. One bottle will convince the most incredulous, that the merits of this preparation are by no means exaggerated; in fact—fall far short of the eulogies bestowed upon it by thousands who have been cured by its timely use. A guarantee accompanies each bottle, and dealers are instructed in every instance to refund the money, when this preparation fails to relieve.

Prepared by T. W. Marsden, 487 Broadway, New York.

Price, 50 cents small bottle; $1 large size.

Marsden's Pure Cod Liver Oil.

Marsden's Calisaya Tonic.

As an Alterative, far surpasses any of the many fictitious preparations with which the country is flooded, under the cognomen of Sarsaparilla, Syrups, &c. It is composed of true Calisaya Bark, in its most concentrated form, combined wish drugs long and popularly known for their virtue in purifying the blood and eleansing it from scrofulous taint Calysaya Bark has been long known to the medical profession, having been introduced by the Jesuits nearly two hundred years ago, since which time it has been steadily gaining in popular favor, till it is now recognized as the most reliable tonic and febrifuge extant. Marsden's Calysaya Tonic will be found invaluable in all cases of Eruptions, Blotches, Pimples, Salt Rheum, and Scorbutic Affections, neutralizing the effect of humor in the system, and eradicating all poison from the blood. In convalescence from febrile or cutaneous diseases, this preparation can be used with beneficial effect, as it assists nature to recover from the debilitatory causes incident to malarious or malignant fevers.

As an Invigorator in Loss of Apetite, Debility, Dyspepsia, or Night Sweats, it stands preeminent, imparting tone and vitality to the Stomach, assisting the Digestive Organs to perform their functions, and imparting life and strength to the system. The favorable report of thousand who have been benefitted by this preparation justifies us in offering to all a guarantee that the merits claimed for this medicine fall far short of its intrinsic worth to all sufferers from the above complaints.

Prepared by T. W. Marsden, 487 Broadway, New York.

WORDS ADDRESSED TO ALL.

When the system is relaxed by the oppressive heats of Summer, it becomes more or less predisposed to absorb the poisons arising from reuse and offal with which our cities abound. This is one of the prevailing causes of the diseases which we are subject to at this season of the year, viz.: Diarrhœa, Dysentery, Cholera, and last, though not least, Looseness of the Bowels, which is a forerunner of these complaints, and ought, in every instance, to be checked. By neglecting the premonitory symptoms, the bowels become relaxed to a degree which often terminates in that fatal scourge, Cholera. The question naturally suggests itself, how can we prevent these disease, and, if suffering, what is the cure? The grand preventive is cleanliness and pure air. The cure, Marsden's Carminative Syrup, a preparation composed of Gums and Barks indigenous to South America, where the formula has been adopted as being the most efficacious in all Disorders of the Bowels.

Marsden's Carminative Syrup never fails to relieve and cure every case of Diarrhœ, Dysentery, and Cholera.

They may be relied upon in all cases of Constipation, Bilious Disorders, Nervous or Sick Headache, Gout or Rheumatism, Dyspepsia, Dropsy, and all Affections of the Liver, as the most prompt, safe, and reliable medicine known. They are active and mild, being particularly designed for the Bilious diseases of the Southern and Western States. When timely administered, they will be found efficacious in Bilious and Remittent Fevers, Fever and Ague, Costiveness, Colic Worms, Pains in the bowels, Heartburn, Flatulence, Indigestion, Pain in the Head, Back or Breast, and in all cases where a Cathartic is required Their great excellence consists in this, that they are compounded from the concentrated virtues of the medical substances of which they are composed, consequently they have far greater potency, and far more remedial effect, than the same medicinal substances whether mixed or administered singly.

Grimault's Syrup of Iodized Korse Radish.

This Syrup is employed with the greatest success, in place of Cod Liver Oil, to which it is infinetely superior. It regenerates the constitution by purifying the blood, and is in a word, the most powerful dorative known. It never fatigues the stomach and bowels, and is administered with the greatest efficacy to young children, subjects to humours, or obstruction of the glands. At least, it is very efficacious in the diseases of the skin.

This new Medicine is a sovereign remedy in phthisis and other disease of the lungs, promptly removes all the more serious symptoms. The cough is releived, the nights-sweats cease, and the patient rapidly recovers his health.

The majority of the Academies of Medicine of Paris, recommend the Phosphate of Iron, to Ladies of delicate constitution suffering from amenia, and all other persons fatigued from ever anxiety, nervous emotions, overwork, general delinity and poorness of blood.

It is the only preparation which never causes constipation, and can be borne by the most delicate stomachs.

Grimault's Brazilian Guarana,

A vegetable substance used from immemorial in Brazil, and entirely inoffensive

Dr. Burin Du Buisson's Digestive Lozenges and powders of the Alcalin Lacetats

The Alcaline Lactates exercise the most beneficial influence over the derangements of digestion, eitheir by their peculiar action on the mucous membrance of the stomach or by affording to the latter through their combination with the saliva to the gastric juice, a supply of Lactic acid which all English, French and other Physiologists admit to be an essential principle of dirgestion. For the informatiln of those who may be without Medical advice, it may be stated here that the symptoms of impaired digestion are Headache, pain in the forehead, hemicrania, gastris, gastralgia, heartburn, wind in the stomach and bowels, loss of appetite, emaciation, the. All these soon disappear under the action of the Alcaline Lactates, which may be always ead in Lozenges, or Powders.

Grimault's Preparations of Matico Vegetalis.

Are used in the Hospitals of Paris, by the celebrated Dr. Ricord and are found greatly superior to all hitherto known remedies.
