MARRIED.

On Thursday, Oct. 2nd, by the Rev. Mr. Wilson, at the residence of J. P. Pierce, Esq., Mr. F. M. SNOOK to Miss SALLIE PIERCE.

With this announcement we received a box of cake, with a reminder that we should have been present on the occasion. A long and happy life for the young couple.

On Thursday last, by the Rev Mr. Hamilton, at the residence of the bride's father, Dr. J. J. Shelton, Mr. J. R. Scott, of Newton, to Miss SALLIE B. SHELTON, of this town.

On the same evening, by the Rev. J. H. Buck, at the residence of Jas. H. Rives, Esq., Dr. A. G. BEATTY to Miss ALICE COTTON, all of the county.

Births—Another son to L. T. Yates and another daughter to J. F. Jones.

☞ The dedication of the Masonic Hall on the 2nd instant was a quiet but interesting affair. The ceremonies were conducted in the new Hall by Prof. Gathright, P. G. M., at the close of which he delivered an excellent address, which was listened to with the closest attention. Quite a number of the brethren from a distance were in attendance. The occasion was not intended for a display, but to perform one of the time-honored ceremonies of the order, and this was done in a manner that reflects credit on the brethren of Macon Lodge No. 40. The Lodge, hereafter, meets in the new Hall at the usual time.

☞ Parties desirous of renewing their subscription to newspapers periodicals can do so at club rates by ordering through R. W. BOYLE, at the Post-office.

Macon, October 11th, 1873.

☞ Maj. Sanford is putting a new face on affairs in our town, in the building line. He has done more to improve the general aspect of our streets in three months than has been accomplished in years before, and with his extensive facilities, he does his work quickly and well. Maj. S. entirely discards the old style of building, which has prevailed here, and will not permit any of the old-fashioned shams to disfigure his work. For instance, he does away entirely with the old, shaky, wooden parapets which are found at every little rail road station, and gives a building, whether inexpensive or costly, its true proportions. He has contracts for several residences, which will still farther add to the beauty of our little city, and to his reputation as a builder.

☞ The press-room of our office was formerly occupied by a shoemaker, and his old customers sometimes call on us only to find out where he has moved to. While the BEACON was throwing out its rays last Saturday, a darkey found his way into the room, and, after taking a curious look at the press, exclaimed: "I thought this was the shoe-shop; but I see what it is now—it's a sewing machine."

BAPTIST ASSOCIATION.

☞ What has become of the Macon Grange? We see in other portions of the county a lively interest taken in the Grange movement, but here, where should be the central organization, all is still.

Bishop Green,

The Rt. Rev. Bishop Green, of the Diocese of Miss., will visit this Parish, to administer the Rite of confirmation, on Monday and Tuesday, the 13th and 14th inst. Divine Service at 7½ o'clock Monday evening and 10½ o'clock Tuesday morning. Offerings will be received for Diocesan Missions and the University of the South.

HARVEST FESTIVAL.

Deerbrook Grange, No. 37, will hold an annual Harvest Festival at Deerbrook on

Saturday the 18th inst.

a public installation of officers, and an address by Gen. Sharp, of Columbus, will be the principal ceremonies of the occasion. The friends of the order are respectfully invited.

Shuqualak Items.

—A good many of our citizens are at Macon attending Court this week; our town, consequently, presents rather a dull appearance.

—The whiskey that was brought to this place from Sept. '72 to Sept. '73, cost our friends and fellow-citizens who consumed it the snug little sum of $28,160,00, at a very reasonable estimate. Their 'sperits' cost them more than their corn or flour, by several thousand dollars.

—It will take 374 bales of cotton at $75.00 per bale, to pay for the meat that was brought here during the last twelve months. Hurry along the Grangers, or we are irretrievably lost!

—Mrs. B. F. Jackson and child were both badly hurt, the child fatally, a few days ago, by being thrown from a mule. She was returning home from a visit to her parents, and had her little child in her lap, when the mule she was riding became frightened and threw her off, injuring the child so severely that it has since died.

—Mr. E. R. Nelson, of Sumter Co., Ala., was in town this week. Mr. N. has invented and patented a cotton chopper that is said by those who have seen it to be an undoubted success, and a perfect godsend to the South in these days of uncertain labor:

—The inside of the Baptist church begins to present quite an improved appearance, thanks to the kind ladies of our village and vicinity.
A.

Brooksville Items.

—Married. Oct. 2nd, at the residence of the bride's father, by the Rev. O. P. Thomas, Rev. R. M. Powers, of Eutaw, Ala., to Miss Bettie Allen, of Brooksville, Miss.

—Born. Twins—daughters—at Mr. Tig Bell's on the 28th of Sept.

—Born. Daughter at M. V. Friday's on the 4th of October.

—Died. Infant child of W. B. Bell's, Oct. 2nd, and buried at Deerbrook.

—Merchants checking up the credit sytem. Hay and corn coming in to barter for goods.

—The Messrs. Deupree have received a new engine, and will start a steam-mill at Deerbrook, to grind corn.

—Crops turning out short; many on rented land are not making enough to pay the rent, and for supplies furnished them. How will they do next year. No money, no corn, no meat, and no credit!

—*Black birds* are destroying the corn in the fields.

—Chills and fevers a common trouble throughout the community.

—Maj. Thos. J. Moore's team ran away and smashed his buggy, bruising himself and son, C. T. Moore.

—J. W. Tolson has been operating with his ditching machine. Farmers pronounce it a success. The fastest and cheapest manner of cutting a Ditch.

—Plenty of fat beef brought in at 8 and 10 cts. per pound. Sweet potatoes $1.00 per bushel. Fresh pork 10 cts. Eggs 20 cents dozen. Butter 20 cts. per pound.

—Cattle sick and dying. Disease not known. Col. Baskervill's Taurus not expected to recover.

—Capt. W. D. Deupree speaks of moving to Jackson, Tenn., and going intd business.

—Bad farming. Some of our farmers are *now* negotiating for corn from the West for next year. We *try* to make cotton to pay for *meat* and *bread* and other *truck* that should be made at home. "Darnth the expenth; give uth another thenth's worth o' peanuts."

—Hankins, our clever Depot Agent, has bought an interest with Mr. Wade. They will do a general grocery business and sell for cash, if they can find the *man* who *has it*.
Yours, &c., X.

Cooksville Items.

—A meeting of the farmers and merchants of this and the surrounding neighborhoods was held in the town hall at this place last Saturday, for the purpose of encouraging honest dealing in the community. Two important resolutions, expressive of the sense of meeting, were adopted. The first opposes the buying of any article of country produce in the night; the second opposes the purchasing of such property, even in day time, in all cases where the seller cannot furnish legitimate proof of his right to the same.

—Our enterprising townsman, Jesse R. Sparkman, is filling his new brick store-house with the largest and best selected stock of dry-goods and groceries ever brought to this place.

—Our old friend, Jas. L. Hibbler, is enlarging his store-house, which, doubtless, means more goods on the way to our enterprising little village.

—Our worthy friend, S. Spencer, will move, in a few days, to the Sparkman block, with a handsome stodk of drugs.

—Messrs. Hibbler, Sparkman & Massey have a new steam-mill in operation here, and we bespeak for them a liberal patronage. The very name of the firm is *a synonym of success.*

Mr. Saunders, formerly of Livingston, Ala., has opened a blacksmith and wood-shop at this place. His work gives general satisfaction.

—Messrs. Wilder, Sparkman and Land are Trustees of the free public school, taught by Rev. Mr. Kellis, two miles west of this place.

—The Methodists have preaching at their church semi-monthly. Rev. Mr. Massingale, Pastor, and Rev. Mr. Allen, Jr., assistant.

—Services are held at the Bap- church twice a month. Rev. Mr. Kellis, Pastor. ZENOPHON.

For Fever and Ague, Intermittent Fever, Chills and Fever, Bilious Remittent Fever, Dumb Ague, Periodical or Bilious Pleurisy, and other kindred diseases of the Liver, arising from malarious, marsh, or miasmatic poisons.

No one remedy is more called for in the Annals of the American people than a sure and safe cure for **Fever and Ague.** Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. *Prevention* is better than cure, for the patient escapes the risk which he must run in the frequent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of **Fever and Ague** from the system, and prevents the development of the disease, if taken on the first approach of its preliminary symptoms. A great superiority of this remedy over any other yet discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or anything else injurious, consequently it produces no ringing, or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are **Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis,** and derangement of the Stomach, all of which, when originating in this cause, yield on the intermittent type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures these complaints.

For Dyspepsia or **Indigestion, Listlessness, Languor,** and **Loss of Appetite,** they should be taken immediately to stimulate the stomach, and restore its healthy tone and energy.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers,** they should be taken freely, to cleanse the system, to expect the diseased action, or cause the disorganization which causes it.

For **Dysentery** or **Diarrhœa,** but one bottle is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins,** they should be continuously taken, a bottle, or two, to expel the diseased action of the system. With such things there can be no permanent recovery.

For **Dropsy** and **Dropsical Swellings,** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression,** a large dose should be taken, as it produces the desired effect by sympathy.

As a **Dinner Pill,** take one or two *Pills* to promote digestion, and a healthy appetite.

An occasional dose stimulates the stomach and bowels, to a healthy action, and invigorates the system. Hence it is that many persons who are subject to derangement of health, find that by the use of this valuable medicine, they can at all times be free from the disease which prevails around them, and be able to withstand the influence of miasmatic poison. One of these *Pills* makes his best dose for costiveness, from its cleansing and renovating effect on the digestive apparatus.

Ayer's Cathartic Pills,

For the relief and cure of all disorders of the stomach, liver and bowels. They are a gentle aperient, and an excellent purgative. Being composed entirely of vegetable ingredients, they are free from any injurious quality. Much suffering is prevented by their timely use, and every family should have them on hand for their protection and relief when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use the blood is purified, the derangements of the system expelled, obstructions removed, and the whole machinery of the economy is in healthy action. Internal organs which become diseased from sympathy with the stomach, are invigorated by *Ayer's Pills,* and stimulated into action. Thus indigestion, dyspepsia, changed into health, the evils of costiveness, which result from the vast multitudes who enjoy it, can hardly be computed. Their wonderful power to cure the most virulent and obstinate cases of disease, they are mild, and operate without danger or pain, are well known, and need only a trial to prove to the world the superiority of these Pills over all other cathartics.

For directions, see the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor,** and **Loss of Appetite,** they should be taken immediately to stimulate the stomach, and restore its healthy tone and energy.

FOR SALE.

—

I offer my plantation, fourteen miles east of Macon and four miles west of Memphis, Ala., for sale. I will sell one thousand or fourteen hundred acres. I will say, without fear of successful contradiction, that the place is equal to any in east Mississippi. The title perfect; there never was deed of trust, mortgage or judgment on the place, not the least stain on the title.

I will refer those who wish to know something about the place to Wm. McDonnor and Dr. Mat Clay. Come and look, and see if the many rumors you have heard are true. I will be found at my residence in Memphis, Ala., and will take pleasure in showing the place. My price is so low you will be astonished.
