First Ward Republican Association.—At a meeting of the FIRST WARD REPUBLICAN ASSOCIATION held at No. 84 Greenwich-st., on MONDAY EVENING, Jan. 21, 1861, the following Preamble and Resolutions were adopted without a dissenting voice and ordered to be published:

Whereas, After the late Presidential contest, the Republicans of this Ward were under the necessity of reorganizing the First Ward Republican Association, and elected Delegates to represent them in the Central and Young Men's Committees; and whereas, said delegations were contested and not admitted, the said result having been caused mainly through calumny and misrepresentation; therefore, be it

Resolved, That the said result shall not deter us from keeping our organization intact, and that we pledge ourselves to stand by each other and the Platform of the Republican party, and also to give the public our opinion of those men who opposed us in the Central Committee.

Resolved, That we consider the conduct of Henry Smith as unworthy of the high position he holds as Alderman of this District; instead of acting as a mediator between the conflicting interests of the Ward he unwarrantably allowed himself to be led by the nose by a set of Democrats and demagogues belonging to the old Association. However it is consistent with his saying that he does not think the Republican party for his election, and no doubt he will act accordingly during his term of office.

Resolved, That the conduct of John L. Taylor, Chairman of the Committee, on contested seats for the First Ward was unworthy of the position in which he was placed.

By order of the Association
THOMAS E. STERBECZKY, President.
WILLIAM BURKLE, Secretary.

MAYOR'S OFFICE, NEW-YORK, Jan. 19, 1861.

Proclamation.—FIVE HUNDRED DOLLARS REWARD.—Whereas, HUGH DUFFIE, a resident of this city, a coachman by occupation, about 32 years of age, six feet in height, light complexion, light hair and whiskers, and dressed in full suit of black when last seen, disappeared, under suspicious circumstances, on the evening of Sunday, the 30th of December ult., and there is reasonable grounds for the belief that said Duffie has either been feloniously abducted from the city, or murdered.

Now, therefore, I, FERNANDO WOOD, Mayor of the City of New-York, by virtue of the authority in me vested, do hereby offer a reward of FIVE HUNDRED DOLLARS for the apprehension and conviction of the person or persons who have abducted or murdered the said Hugh Duffie, to be paid to the claimants on the certificate of the District-Attorney, or of the Judge before whom such conviction shall be had, that the said conviction was obtained on the information given by the said claimants. The claim for the reward is to be made within twenty days after such conviction, or the same will be disregarded.

In witness whereof I have hereunto set my name and seal, at the City of New-York, on the day and year above written.
FERNANDO WOOD, Mayor.

To the Public.

THE COMMITTEE OF RELIEF FOR KANSAS are convinced that the statements heretofore made as to the extent of the suffering from drouth were not exaggerated, but have been confirmed by recent reliable accounts. It is believed that over thirty thousand people will need to be liberally aided, or the most disastrous consequences will ensue. The want of food, clothing, and other necessaries, must be followed by suffering, sickness and death. To alleviate, and partially prevent, these evils is in the power of those whom Providence has blessed, and is demanded by every dictate of duty and humanity. The sufferers are our own countrymen, mostly intelligent and respectable, who have never before felt want; and the cause of their sufferings could not have been foreseen or prevented. The people of the West have given largely of their grain, and the Committee have aided in its transportation. Relief has been extended to a large number, but still the wants of the sufferers continue, and relief must continue to be afforded until a new crop renders further aid unnecessary. Numerous letters received by the Committee some of which have been published, contain alarming accounts of suffering, and urgent appeals for aid. Former appeals of the Committee have met a generous response from many sources, and about $10,000 have been received and applied; but in view of the amount of relief needed, and the good to be accomplished, the Committee again urge upon the friends of suffering humanity to aid them by relieving tens of thousands who may perish unless they are helped at once. Subscriptions may be sent to J. E. WILLIAMS, esq., Metropolitan Bank, and donations in clothing, &c., to Room No. 25 Cooper Institute.

WM. C. BRYANT, JOHN E. WILLIAMS, CHARLES H. MARSHALL, MORRIS KETCHUM, DANIEL LORD, GREENE C. BRONSON, DANIEL DREW, R. M. MCCURDY, CHAS. W. ELLIOTT, THADDEUS HYATT, SETH B. HUNT.

THE TRIBUNE for 1861.

PROSPECTUS.

THE WEEKLY TRIBUNE is now in its XXth Volume During the past year, THE TRIBUNE has been obliged to devote quite a large proportion of its space to Politics, but we shall henceforth be able to limit our space devoted to Political discussion, and devote most of our columns to subjects of less intense, but more abiding, interest. Among these, we mean to pay especial attention to

I.—EDUCATION.

The whole subject of Education, both Popular and General will be discussed in our columns throughout the year 1861, and we hope to enlist in that discussion some of the profoundest thinkers and the ablest instructors in our country. It is at once our hope and our resolve that the cause of Education shall receive an impetus from the exertions of THE TRIBUNE in its behalf during the year 1861.

II.—AGRICULTURE.

We have been compelled to restrict our elucidations of this great interest throughout 1860, and shall endeavor to atone therefor in 1861. Whatever discovery, deduction, demonstration, is calculated to render the reward of labor devoted to cultivation more ample or more certain, shall receive prompt and full attention.

III.—MANUFACTURES, &c.

We hail every invention or enterprise whereby American Capital and Labor are attracted to and advantageously employed in any department of Manufacturing or Mechanical Industry as a real contribution to the Public Weal, insuring ampler, steadier, more convenient, more remunerating markets to the Farmer, with fuller employment and better wages to the Laborer. The Progress of Mining, Iron-making, Steel-making, Cloth-weaving, &c., &c., in our country, and the world, shall be watched and reported by us with an earnest and active sympathy.

IV.—FOREIGN AFFAIRS.

We employ the best correspondents in London, Paris, Turin, Berlin, and other European capitals, to transmit us early and accurate advices of the great changes there silently but certainly preparing. In spite of the pressure of Domestic Politics, our news from the Old World is now varied and ample; but we shall have to render it more perfect during the eventful year just before us.

V.—HOME NEWS.

We employ regular paid correspondents in California, at the Isthmus of Darien, in the Rocky Mountain Gold Region, and wherever else they seem requisite. From the more accessible portions of our own country, we derive our information mainly from the multifarious correspondents of the Associated Press, from our exchanges, and the occasional letters of intelligent friends. We aim to print the cheapest general newspaper, with the fullest and most authentic summary of useful intelligence, that is anywhere afforded. Hoping to "make each day a crisis on the last," and print a better and better paper from year to year, as our means are steadily enlarged through the generous cooperation of our many well-wishers, we solicit and shall labor to deserve a continuance of public favor.

THE FIRST NOVEL of the YEAR.—Just Published: THE SHADOW IN THE HOUSE: A NOVEL. By JOHN SAUNDERS. This first-rate novel of domestic life should be universally read. In times like the present no publisher would venture upon anything unless of undoubted merit, and of that class of merit, too, which is most enthusiastically and generally appreciated. THE SHADOW IN THE HOUSE is fairly entitled to the appellation of "the First Novel of the Year;" and the plot and actors in it will evoke the sympathies of every reader. The author has been peculiarly happy in his delineation of female character. Mrs. Dell unites genius and intellect, with the childlike simplicity and innocence of Dickens's Dora. She is a charming impersonation of the Muse of Poetry. Grace Addersley—"the Shadow"—is of a sterner cast. She, and her mother, will occasionally remind the reader of Mrs. Skewton and Edith. The interest of the plot is absorbing, and the crisis startling, because unexpected. One volume 12mo., cloth, 400 pp. Price $1. Published by M. DOOLADY, No. 49 Walker-st., N. Y.
