To the Public.
THE COMMITTEE OF RELIEF FOR KANSAS are convinced that the statements heretofore made as to the extent of the suffering from drouth were not exaggerated, but have been confirmed by recent reliable accounts. It is believed that over thirty thousand people will need to be liberally aided, or the most disastrous consequences will ensue. The want of food, clothing, and other necessaries, must be followed by suffering, sickness and death. To alleviate, and partially prevent, these evils is in the power of those whom Providence has blessed, and is demanded by every dictate of duty and humanity. The sufferers are our own countrymen, mostly intelligent and respectable, who have never before felt want; and the cause of their sufferings could not have been foreseen or prevented. The people of the West have given largely of their grain, and the Committee have aided in its transportation. Relief has been extended to a large number, but still the wants of the sufferers continue, and relief must continue to be afforded until a new crop renders further aid unnecessary. Numerous letters received by the Committee, some of which have been published, contain alarming accounts of suffering, and urgent appeals for aid. Former appeals of the Committee have met a generous response from many sources, and about $10,000 have been received and applied; but in view of the amount of relief needed, and the good to be accomplished, the Committee again urge upon the friends of suffering humanity to aid them in relieving some of the wards sent to our perish unless they are helped at once. Subscriptions may be sent to J. E. WILLIAMS, esq., Metropolitan Bank, and donations in clothing, &c., to Room No. 25 Cooper Institute.

THE FIRST NOVEL of the YEAR.—Just Published: THE SHADOW IN THE HOUSE: A Novel. By JOHN SAUNDERS. This first-rate novel of domestic life will be universally read. In times like the present no publisher would venture upon anything unless of undoubted merit, and of that class of merit, too, which is most enthusiastically and generally appreciated. THE SHADOW IN THE HOUSE is fairly entitled to the appellation of "the First Novel of the Year," and the plot and actors in it will evoke the sympathies of every reader. The author has been peculiarly happy in his delineation of female character. Mrs. Dell unites genius and intellect, with the child-like simplicity and innocence of Dickens's Dora. She is a charming impersonation of the Muse of Poetry. Grace Aldersley—"the Shadow"—is of a sterner cast. Ella, and her mother, will occasionally remind the reader of Mrs. Sheridan and Edith. The interest of the plot is absorbing, and the crisis startling, because unexpected. One volume 12mo., cloth, 400 pp. Price $1. Published by M. DOOLADY, No. 49 Walker-st., N. Y.
To be had of all booksellers.
