—The fall term of Willie Halsell college begins September 7th and it is expected the new building will be done by that time, the contractors having obligated themselves to that effect.

—The flax crop is a disappointment, it is said, on all sides. Instead of getting ten to twelve bushels to the acre the crop is turning out four or five, and the price is lower by far than for years.

—Mrs. S. Sanders returned to the city with her family Tuesday evening and states that she will at once begin the erection of a hotel as projected, and has already let the contract for the foundation to S. H. Hawkins.

—If THE CHIEFTAIN appears to have put on a few extra frills this week no one need be surprised, as the editor, Mr. Marrs, was presented with a new boy baby last Saturday. Mother and child are making satisfactory progress.

—The Hewitt Musettes will give a performance at the opera house next Wednesday evening, August 5th. This company has to its credit a very successful Australian tour and the notices it has received are very flattering indeed.

PERSONAL.

—M. D. Woodson, of Claremore, came in Tuesday.

—Jim McCrary started yesterday on a two weeks' visit with his parents at Atlanta, Ga.

—M. E. Milford returned from a two weeks' outing in Minnesota and Wisconsin last Thursday evening.

—Jess Drew has gone to Sedan, Kan., to take a place at telegraphing in the Missouri Pacific's depot.

—Frank McSpadden is going up into North Dakota in a couple of weeks with the hope of benefitting his health.

—Mrs. Bagby, at El Dorado Springs with her family, writes that all are improving in weight and are passing a delightful summer.

—Mrs. Dr Frazee and Mr. Raymond came home from Eureka Springs Tuesday. Mrs. Raymond has gone from Eureka to Rogers.

—Commissioner Hickman, of Jefferson City, Mo., made R. A. Prather and family a flying visit during last week, and was delighted with our country.

—Will Elliott, for years a resident of Muskogee but who with his folks has lately moved up to Adair, was in Vinita a few days ago getting acquainted with the sights of the city.

—Miss Anna Dixon, a resident of Big Cabin, left last Thursday on a visit to her relatives and friends in Illinois. She will be absent until about the 1st of September, when her friends will be glad to hear of her return. Miss Kitty Dixon is now visiting friends in this city.

—The report comes from up on the Neosho river that four persons were killed by Texas cattle last week—A woman and two children and a cow hand that came to the rescue. His horse falling with him he was attacted and killed also by the enraged brutes.

—H. B. Henry is traveling in Texas for a wholesale house. It is reported that certain parties have threatened to publish his speech in the Fort Worth papers for the purpose of "killing him with the cowmen." The cowmen seem to be extremely thin-skinned this season.

—There has been less regard for the truth and for honesty and decency in this campaign than has ever been displayed in the Cherokee nation. Friendships of years have been utterly ignored and men whose word is their bond have been traduced and vilified without reserve.

—The M., K. & T. railway offers round trip tickets from Vinita to the following points at extremely low figures: Kansas City, $6.25; St. Louis, $11.45; Chicago, $14.65; Detroit, $17.65; Cincinnati, $21,95. These tickets will be sold July 29 to August 2, inclusive, limited to return to August 18, except Detroit, which will be extended to September 30.

—A feeling of confidence is plainly visable in the Benge ranks. As to how the election will go surely no one knows definitely, but the prospects of the Nationals are certainly bright. As to Cooweescoowee and Delaware it is reasonably certain that they will each give majorities for Benge. The Alliance party in Cooweescoowee will elect most of their men.

He Was a Bad One.

From Mr. Kornegay we learn that Stork, the Knights of Honor organizer, is in jail in Texas. It appears he was out on bond (probably pending an appeal, as it is stated he had been convicted) when his bondsmen delivered him to the court, learning that parties here were looking for him. Had he been arrested and held by the authorities of this jurisdiction his bondsmen would have been compelled to pay the amount of his bail.

Death of T. A. Flippin.

On last Friday, July 24th, Mr. T. A. Flippin, died at the residence of E. D. Ficklin, in this city. The funeral services were conducted at the grave Saturday evening by Rev. L. W. Rivers. Mr. Flippin was the father of Mrs. Ficklin, Mrs. S. H. Skinner of this city and Mr. J. C. Flippin of Claremore. He was some seventy years of age and for two or three years had been in delicate health, partially the result of being injured in a railroad accident. Some weeks ago Mr. Flippin was taken sick while in town and never sufficiently recovered to be conveyed to his home.

Burglaries.

Last Friday morning W. C. Wright's force, on opening the store, discovered that someone had been in there during the night and helped themselves to about $350 worth of jewelry, $5 in cash and such canned goods and eatables as they desired. There is no conjecture as to who the thief was; all that is known is that entrance was effected via the back window and the plunder is gone. This the second raid upon Mr. Wright's jewelry stock within a couple of years

On Saturday night Mr. and Mrs. J. C. Anderson went home about ten o'clock and encountered someone in their house, though nothing was disturbed and the burglar escaped without being recognized. Vinita has always been fortunate in this direction and it is to be regretted that a gang of burglars seems at length to have found lodgment in our midst.

To Organize the Bank.

A meeting is to be held in this city to-morrow for the purpose of organizing the First National Bank of Vinita. For a month or more preparations have been making, the option from the controller of the currency has been secured and the work of securing subscribers to the stock has been going on. It is proposed to make the bank a purely local enterprise and the stock will all be held in the nation and the management be by our home men, outside the cashier, who must of necessity be secured from elsewhere. The name of Capt. S. S. Cobb has been connected with the presidency and that of E. N. Ratcliff with the vice presidency, though of course this is only conjecture and will be for the stockholders to determine. Mr. Meriwether, of Sedalia, is being considered in connection with the position as cashier, but this is a matter which may be settled later. The gentlemen holds an important position in the bank at Sedalia and has what might be termed a gilt-edged lot of endorsements. He has been here twice, the last time last Sunday, when he was accompanied by Mrs. Meriwether, and has created a very favorable impression with such of our citizens as have met him. The board of directors will consist of thirteen members, from among which a board of discount will be selected to pass upon applications for loans. The stock, $50,000, has not yet all been taken and a general invitation is extended all to come forward and subscribe for from one to fifty shares. It is desired to secure the assistance, pecuniary and otherwise, of just as many of our people as possible.

—The Missouri, Kansas & Texas R'y is now running *free* reclining chair cars on all through trains between Hannibal, Mo., and Taylor, Texas. This, in connection with its through sleeping car service makes the M., K. & T. R'y. the best equipped line in the southwest. 47

—There is a disposition manifesting itself of late among the more independent class of citizens to not vote for anybody who is supporting Mayes, and it will be the means of defeating some of our best men who are unfortunately on that side. Such is the case, and it cannot be helped.

A Doubtful Remedy.

The wheat combine talked of through the country is something that the average farmer in our opinion should stear clear of. There is no certainty of a better price by holding and a loss is always sustained. A farmer can not put a thousand bushels of wheat into his bin to-day and measure out that amount one week hence. It will lose, beside the price will fluctuate and make it uncertain as to what it will bring in the future.

REGARDING THAT "LACK OF COURTESY."

A Full Explanation of the Facts Underlying Last Monday's Public Meeting.

As chairman of the committee on arrangements for the political barbecue of the 25th inst., I take this mode of placing said committee and its conduct right before the public, and to repell the slanderous statements of Joel H. Mayes, et al., Downing leaders, that they were not given a fair and equal chance with the other parties on the platform that day. The programme as placed in the hands of Dr. M Frazee was to the effect that each candidate and each party was to have equally the time, and to alternate, and said programme was literally carried out, and the Downing party made six speeches, the Liberals five, and Nationals four, thus giving that party a great advantage. We further say that it was never the intention or desire of said committee to suppress or capture said meeting in the interest of either, although so charged by leading Downing men, and that the leaders of said party caused the withdrawal of 845 of the amount they had subscribed, and refused to aid financially the meeting. Then, when some of them found it would be a success they had the audacity to charge the city of Vinita with inhospitality, and made the attempt to break said meeting up by distributing circulars to the effect that they would have a Downing meeting on the streets of Vinita, at four o'clock, where free speech would be tolerated, and thus charging us with conduct unbecoming us as hosts, when it was the unanimous desire to show every courtesy possible to all parties as they were the city's guests for that day, and we believe the course pursued by said parties to be an insult to the intelligent and honest intentions of the citizens of Vinita, and wholly unwarranted and unmerited.

Respectfully,
W. C. CHAMPAGNE,
Ch'm of Com. on Arrangements.

MUSKOGEE COURT, AND GENERAL NOTES.

—The dry term has been broken by a steady rain of four hours this morning, and every person is happy.

—A few attorneys have gone off on hunts, and the Judge and family are enjoying the heated term in Indiana.

—Several citizens have been arrested and held to answer for the crime of setting out fires. The disposition seems to be to burn the grass and hay, if those who claim the property by right of four stakes cannot cut it.

—The colored people are making extensive preparations for emancipation day, which they will celebrate near "old agency," west of here four miles. Owing to the political situation an interesting time is anticipated.

—The late decision of Judge Bryant, i. e., that to sell beer in the territory is not a violation of the federal statute, has caused considerable comment here. It is claimed that even now beer is being sold here under the name of "cold tea."

$500 Reward.

We will give five hundred dollars reward for the arrest and conviction of any person or persons whomsoever, found guilty of tampering with our "Hop Tea Tonic" in any way changing the analysis, adulterating the same, or using the bottles for any other purpose than that of our "Hop Tea Tonic." This tonic we guarantee to bear out the analysis on each bottle. Our "Hop Tea Tonic" is recognized by the "Indian Governments" and the U. S. Government as being strictly a non-intoxicant beverage, and is recommended by the best of "Medical Fraternity." It is pure as spring water.

NOT A TEXAS COWMAN.

HERBJACKET, July 29, 1891.

To the voters of Cooweescoowee district.

GENTLEMEN:—The report has been circulated through the country that I am dealing in Texas cattle, and it has been done to injure me in the coming election. It is a mistake, and I am as much opposed to the present cow law as any man. I am a farmer trying to drag through with a small bunch of native cattle.

TORTURING ECZEMA

Editor Iowa Plain Dealer Cured of Insufferable Itching and Pain by the Cuticura Remedies.

No Less Than Five Physicians Consulted. Their Combined Wisdom Followed Without Benefit.

I am sixty-six years old. In August, 1889, was troubled with the peculiar skin disease to which people of my age are subject, known among medical men as eczema. Its first appearance was near the ankles. It rapidly extended over the lower extremities until my legs were nearly one raw sore, from legs the trouble extended across the hips, shoulders and the entire length of the arms, the legs and arms greatly swollen with an intolerable burning pain, without cessation. Although the best medical advice attainable was employed, no less than five physicians of the place being consulted and the prescriptions being the result of their combined wisdom, the disease, though apparently checked, would occur in a few days as bad as ever; during its progress my weight fell away about twenty-five pounds. At an expenditure of I began the use of CUTICURA, following the simple and plain instructions given with the REMEDIES, and in four weeks found myself well, with skin soft and natural in color, the last lesion and pain entirely relieved. W. R. MEAD,
Editor Iowa Plain Dealer, Clyde, Ia.

New Dry Goods!

Summer Stock Now Opened!

LADIES:—

We take pleasure in stating to you that our spring of 1891 stock of Dry Goods is now upon our shelves and counters.

It will be a greater pleasure to have you call and examine them. A great deal was said last fall about Wm. McKinley and his famous bill. One would have supposed that said bill was long enough to sap the very life out of the people, especially the purchasing consumer. If you will call at our store we will endeavor to disabuse your mind on this question.

We can sell better values in Dry Goods this season for less money than they cost us last year. We are not going into a tariff or free trade argument. The goods may have been smuggled. If they were we don't know it; they came to us in the regular way.

We think we have the finest display of Dry Goods ever brought to this Nation and we ask an inspection.

Respectfully Yours,
