COMMERCIAL.

HONOLULU, JULY 14, 1869.

The following vessels arrived from foreign ports during the past week: July 8, Am bark Kalmoff, with lumber, from Tookalet; July 11, Am bark Vernon, do, do; July 12, Brit brig Byzantium, do, from Burrard's Inlet.

The departures have been: July 8, Brit ship Lottie Maria, for Howland's Island, and Am brig Morning Star, for Micronesia.

The bark Comet has a full cargo of sugar and other Island produce, and will sail for San Francisco on Thursday, 15th instant, at noon.

We notice sales of several parcels of sugar for export to Victoria, at from 3½@7½c. ℔ ℔, according to quality.

The cargo of lumber per bark Vernon, has been sold on private terms.

It will be seen by advertisement that the Kaiwiki Plantation, near Hilo, will be offered for sale by auction on the 5th of August. This Plantation has good lands and good machinery, and the crop now growing will be ready for grinding about the 1st of December.

The arrival of four cargoes of lumber in one week, has fully supplied the market, and with those to arrive, we presume the assortment will be complete for some time to come.

The Bark Mazzalin was yesterday purchased by Messrs. C. A. Williams & Co., of this city. We understand that the price paid was $6,000.

COLLECTOR GENERAL'S OFFICE,
Honolulu, H. I., July, 6, 1869.

SIR: I have the honor to enclose, herewith, to Your Excellency, a table of the Domestic Exports for the second quarter, and the half year, ending June 30th.

* There will be a partial eclipse of the moon, visible here July 23d, commencing about 10½ minutes to one o'clock A. M. (or fifty minutes past midnight of the 23d), ending 4 33 A. M.

WE are requested to state that the Foreign Jurors are required to be in attendance this morning, at 10 o'clock, at the Court House.

THE Bark Comet will sail for San Francisco to-morrow, the 15th inst. Mails by her will close at 11 a. m.

AN ANNOUNCED MEETING of Mechanic No. 2 will be held at their Hall, this evening. A full attendance is requested.

QUEEN'S HOSPITAL.—We are requested to call the attention of the Board of Trustees of the Queen's Hospital to a Special Meeting, to take place on Saturday the 17th inst., at the Court House, at one o'clock P. M., when the election of Officers will be held, and other important business transacted.

A FEW days since, a Chinaman, in the employ of Mr. Roy, at North Kona Hawaii, with a child about three or four years of age, and accompanied by a dog, entered a paddock in which a cow and young calf were confined. The cow becoming infuriated at the sight of the dog, attacked the party, so seriously injuring the child that it has since died. The Chinaman is also in a critical condition from his wounds.

ON our fourth page will be found a "pome," by a local "poick," who thinks he can furnish very much of the same sort to order. We call special attention to it, for many do not give that attention to newspaper poetry, which the authors generally think it merits. This being a home production, claims particular notice, and orders for newspapers or periodicals, or indeed private reading, will be received at this office, and the article furnished very cheap.

LUMBER.—Four lumber vessels are now discharging their cargoes at our wharves, which, in connection with the fact that three or four more are expected to arrive, argues that the demand for lumber is likely to be supplied for some time to come. We understand that owing to the unusual demand for labor, on the wharves, caused by the arrival of such a number of vessels at about the same time, the laborers who are in the habit of discharging lumber vessels, have, like Oliver Twist, "asked for more;" whether they have met with Oliver's fate or not, we do not know; at any rate the vessels are being discharged.

OUR Chinese residents ought to congratulate themselves upon the evident change of opinion of the *Advertiser* as to their susceptibility of becoming good citizens and Christians. The Editor has heretofore expressed the opinion that they only deserved the treatment due the "thieves, robbers and murderers of the most favored nation." He now seems to have changed his mind, inasmuch as he expresses the opinion that "the same labors bestowed on Chinese are as likely to be rewarded with success as when made with any other people ignorant of the English language." It also ought to re-assure that portion of the people of the United States, who look upon the proposed immigration of great numbers of Chinese with apprehension.

"NO FOUNDATION IN FACT."—In the notice of the regatta, in our issue of last week, the statement was made that the "*Cora Bell*,—the winning boat—is offered to sail another race for $500.00 a side." It seems that the owners of the boat did not make this offer, although outsiders did, and are probably still willing, with the consent of the owners and Yacht Club, to make good their challenge. We will not say that a very prominent member of the Yacht Club, upon hearing of the challenge, proposed to accept it at once in behalf of the *Dewdrop*; because we are not sure that he did so. Altogether, we are of the opinion, in view of the above, that we were as nearly correct in our statement, as the *Advertiser* was in stating that the *Cora Bell* sailed *his miles in one hour and sixteen minutes*. We were about *half* right—so was the *Advertiser*.

MAKAWAO FEMALE SEMINARY.—Our neighbor remarks, that nothing has been made public regarding this institution, since our item announcing that about four thousand dollars had been secured; "and it is perhaps right, that the subscribers to the fund should be advised as to the sum now in hand, the disposition to be made of it, and the persons who may have been chosen Trustees." He is quite right; such has been the view of those actively engaged in forwarding the institution; therefore we published on June 23d, about three weeks since, that the subscription had reached four thousand dollars; this amount is not so considerable as we would gladly see it. If by asking the question, how much it is in hand, it is meant the sum actually paid in; we would reply that a considerable portion has been paid in, though it is not usual to pay until Trustees are chosen, and the work is about to proceed. It has been thought that it would be better to have all the Trustees on Maui, and the names of the following gentlemen have been proposed to the subscribers: T. H. Hobron, James Makee, W. Goodale, N. F. Sayre, Judge Kahale, W. P. Alexander, Edward Bailey, C. S. Kitteredge and C. B. Andrews.

Regarding the size of the rooms, our neighbor says that it is to be hoped "they will be more than eight by ten." As the size of the building will be controlled by the amount of means at the disposal of the Building Committee, no plan has as yet been submitted. As soon as there shall be one agreed to, we will communicate it to the public; for we do not doubt that those in the management of the enterprise, will permit us so to do. The rooms will be divided off in such a manner as to secure the best advantages to the pupils, which the liberality of the public will put at the disposal of the corporation. A Charter similar to that of the Makiki Family School, has been prepared and sent to the friends of the institution on Maui, for their approval; as soon as that may be approved by them, and granted by Government, we will publish it in full. Rev. Mr. Green has just handed his half yearly report to the Board of Education, by which it appears that they had about seventy-five pupils, and he has claimed and received the sum of seven hundred and seventy-five dollars as subsidy from the Board; capitation on sixty-seven girls for the six months ending June 30th.

The amount on the subscription paper in Mr. Bishop's hands is $4,436.50, but as that includes some amounts that Pastors of Churches promised to try to raise, it may not all be realized; others have promised to subscribe, and the paper is still open for any who wish to put down their names. Mr. Ahsong has a paper on which his countrymen—the Chinese—have subscribed something over two hundred dollars; and the friends of the object on Maui will also contribute liberally. Some on Maui and others in Honolulu, of those who have subscribed, and of those who have not, have sent contributions of cloth, clothing, etc., to those who were connected with the Makawao Seminary, either as teachers or otherwise, thereby showing an interest in the school, and sympathy and respect for those who have suffered loss and disappointment.

In looking over the subscription list, it will be found that many gentlemen, whose polemical opinions will not coincide with the estimable principal of that institution, and some, who (perhaps) have no polemical opinions, have subscribed. This is the true Catholic spirit, and we hope that as the paper is open, others will come forward in the same way.

Respectfully submitted,
CHAS. R. BISHOP,
Treasurer.

The following is the report of the Secretary of the Trustees of the Queen's Hospital, to the Corporation of and Subscribers to the Hospital, at the Bi-Annual meeting, on the 9th of July, 1869:

According to the reports of the Physician of the Queen's Hospital the following statistics may be made. During the two years ending June 20, 1869, 2546 new names have been entered on the books of the Hospital, of which 654 have been admitted as house patients. Fifty-eight deaths have occurred during that period. Nine thousand nine hundred and fifty-eight prescriptions were entered in the dispensary books; but this does not include many simple medicines given out as called for, out of ordinary hours, nor reiterations of many prescriptions in chronic cases. The first decennium of the Hospital has closed, therefore the following exhibit of the efficiency of the Hospital will be interesting: From August 1, 1859 to June 20, 1869 there have been 10,650 names entered on the books. Assuming that each applicant has received an average of 3 consultations, the number of consultations will amount to 31,950. 2584 patients have been received into the Hospital, viz: 2055 natives, and 529 foreigners; 308 deaths have occurred of which 265 were among the natives and 43 among the foreign patients; 66,111 prescriptions stand on the books, but the real number of prescriptions made is much higher, as repetitions of prescriptions once written are seldom set down again.

During the two years just past the Hospital has been supplied with iron bradestands, sufficient in number to supply the wants of the largest number of patients ever had at the Hospital at one time. Also chests, commodes, tables and chairs, as well as an extra quantity of new bedding have been procured, thus the Hospital is well furnished for the purpose required.

To ameliorate the glaring light of that part of the building not provided with a verandah and in order that a better ventilation be gained without exposing the patients to the draught, blinds have been fixed to the windows which prove to be a great improvement, and fully answer the purpose.

The interior of the Hospital has again lately been painted and white-washed throughout and is now in such a condition as will satisfy any visitor, or as might be expected and required of an institution of its kind. In this, particularly, it may well compare with hospitals in other civilized countries.

The grounds surrounding the Hospital have during the past two years been the particular care of the Trustees, and more especially that of the physician of the Hospital. The result of the labor and money thus expended speaks for itself. Trees, well cared for and daily watered, are growing all over the grounds and will soon make the shady garden which is one of the essentials of a hospital and which will do much to add to the efficiency of our Hospital here.

It remains for me finally only to speak of the ardent and successful labors of Dr. Hillebrand as physician of the Queen's Hospital, aided by Mr. L. Desha, whose watchful care over the Hospital, and whose patience and experience as a nurse of the sick cannot be overestimated. Both have during the ten years of the existence of the Hospital, gained the entire confidence of all who take an interest in the Hospital, and I hardly need again to commend their valuable services to this meeting.

I close by stating that the Queen's Hospital is to-day in every way in condition to answer the purposes for which His late Majesty and his Queen intended it. May it long continue thus to keep afresh their memory in the hearts of a grateful people and never cease to be a blessing to this whole nation.

Respectfully submitted,
F. A. SCHAEFER, Sec'y.

NOTICE.

WE HEREBY GIVE NOTICE THAT we are the duly appointed agents of Mr. J. R. Logan, during his absence from this kingdom.

26-3t WALKER & ALLEN.

(COMMUNICATED.)

MR EDITOR: Your neighbor in commenting on my communication, in your last issue touching the fourth of July, says that I am probably an inmate of the Government House, and that I congratulate myself and "my brother officials, that the usual celebration of the 4th was omitted, in deference to their (our) feelings." I do not wish to get into any discussion on this point, but no one visits the Government House less than myself. I have no business there, and my acquaintance with those who live in the Government House Yard, does not call for any very frequent visits. I did not and do not congratulate myself that the celebration was omitted, but the whole tenor of my article was to regret it. But now we have the authority of your neighbor for saying that the oration on the 4th of July, 1867, was "an effort to call a blush to the cheek of certain officials of the government of this country." If so, it was an unworthy effort, made for an unworthy motive on the festal occasion, which has been accustomed to be so warmly celebrated by the people of this country. When it is said that "we (the editor) have reason for supposing that a very large majority of the Americans residing here, and who heard the oration sympathized with the Rev. gentleman, in his effort to call a blush to the cheek of the said officials," I believe that a wrong is done to the said Americans. It certainly would not be a good way to win love or respect, or increase their influence. For myself, I think I had as good an opportunity of knowing what the views of people were, as any one. I was an active participant in the celebration, and was about among all people, and can aver that a large majority of native born Americans, in this community, did not sympathize with the remarks of the Reverend gentleman, nor would the matter of his back or face being turned to me make any difference. In making these remarks, I do not mean to say that the Editor of the *Advertiser* has not what he considers to be good reasons for stating it as his OPINION, that a large majority of American citizens did sympathize, since it is one of his peculiarities, when he gets a crotchet into his own head, to suppose that every one round about him is thinking and talking the same way. He is like a man with a "bee in his bonnet," who thinks that all the buzzing is in the outside world, instead in his own cranium. There are some men, who will not hear any person, who says anything different from what they wish to hear, and thus they preserve a remarkable unanimity, they being the judges of what constitutes unanimity. Regarding the fact that many prominent American citizens are absent, it may be true. But it is likewise a fact, that many prominent American citizens were absent on every preceding 4th of July, and though many prominent gentlemen were absent, it is not detracting from them to say that there are some still left.

Konohikis, and those who have charge of pasture lands, are requested, according to law, to return sworn lists of the names and residences of the owners of all animals on the lands under their care. Said list to be left at the Assessor's Office, on or before July 17th, 1869.

The Officers of the Honolulu Fire Department are requested to prepare lists of the names and residences of the members of each company. Such lists to be sworn and left at the Assessor's Office, on or before July 17th, 1869, instead of the 15th.

The same request, with the same provisions, is also made to the commanders of the various volunteer military companies. Members must have belonged one year, at least, preceding July 1st, 1869.

BOYS' BOARDING SCHOOL!

Makawao, Maui.

THE NEW BUILDING FOR THE Boys' Boarding School, at Makawao, having been completed, notice is hereby given, that the School will be opened for the reception of pupils, on the

First day of June next

ensuing. This School is to be under the care of MR. R. W. ANDREWS, and his sister, MRS. SARAH THURSTON, who will endeavor to take the best care of all the children, committed to their charge.

The course of instruction will be in the English language, and a reasonable amount of manual labor, will be expected to be performed by the pupils, each day.

An annual Summer vacation, of six weeks, will be given, during which time, the pupils will be allowed to visit their parents or guardians, if desired.

Each boy will be required to be provided with, at least:

Four suits of every-day clothes,
One suit of Sunday clothes,
One warm Jacket,
Two night-gowns, one blanket,
Two pillow-cases, three sheets,
Four towels, and two hats.

The charges for board and tuition, including washing, books and stationery, will be $75.00 per annum, for each boy. Two boys from the same family, will be charged $140, and three, $200, all of which charges will be payable quarterly, in advance. In case the washing of any boy's clothes shall be done by his friends or relatives at Makawao, $12.00 per annum, or $1.00 per month, will be deducted from the rates above given.

For further particulars, apply to Mr. R. W. Andrews, at Makawao, or to

W. JAS. SMITH,
See'y of Board of Education.
By order of the Board of Education.
Education Office, May 11th, 1869.
