MORE THAN 100,000 PERSONS

BEAR TESTIMONY TO

The Wonderful Curative Effects of

Dr. Joseph Walker's

CALIFORNIA VINEGAR BITTERS!

THE GREAT BLOOD PURIFIER.

"The Life of all Flesh is the Blood thereof."

Purify the Blood, and the health of the whole system will follow. It is a Gentle Purgative, as well as a Tonic.

These Bitters are not a gilded pill, to delight the eye or please the fancy, but a Medical Preparation, composed of the Best Vegetable Ingredients known.

Cleanse the Vitiated Blood, whenever you find its impurities bursting through the skin, in Pimples, Eruptions, or Sores; *Cleanse* it when you find it obstructed or sluggish in the *Veins; Cleanse* it when it is *foul*, and your *feelings* will tell you when. Keep the Blood healthy, and all will be well.

Dyspepsia or Indigestion,

Headache, Pain in the Shoulders, Tightness of the Chest, Coughs, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflamation of the Lungs, Copious Discharges of Urine, Pain in the Region of the Kidneys, and a hundred other painful symptoms, are the offspring of this Dyspepsia. For these troubles, take Dr. Walker's Vinegar Bitters, and quickly all painful symptoms will disappear.

It is a Gentle Purgative,

As well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion, or Inflamation of the Liver, and all the Visceral Organs. In this respect, these Bitters have no equal.

For Female Complaints,

Whether in the young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters display so decided an influence, that a marked improvement is soon perceptible in the health of the patient.

For Inflammatory Rheumatism,

Chronic Rheumatism and Gout, these Bitters have been most successful. They are caused by vitiated blood, which is generally produced by derangement of the Digestive Organs.

Pin, Tape and other *Worms*, lurking in the system of so many thousands in the Pacific Coast, are effectually destroyed and removed.

Morbid Condition of the Blood.

This is the fruitful source of many diseases, such as Tetter or Salt Rheum, Ringworm Boils, Carbuncles, Sores, Ulcers, Pimples, and Eruptions of all kinds. For the cure of these various affections, which are merely symptoms of a Morbid Condition of the Blood, medical science and skill have not, as yet, discovered a Blood Purifier equal to Walker's Vinegar Bitters.

Diseases of the Blood,

Liver, Kidneys, and Bladder. It thoroughly eradicates every kind of humor and bad taint, and restores the entire system to a healthy condition. It is perfectly harmless, never producing the slightest injury.

Bilious Remittent Fevers,

And Intermittent Fevers, which are so prevalent in the Valleys of the Pacific Coast, during the Summer and Autumn, and especially during seasons of unusual heat and dryness, are invariably accompanied with extensive derangements of the Stomach and Liver, and other abdominal viscera. There are always more or less obstructions of the Liver, a weakness and irritable state of the Stomach, and great torpor of the Bowels, being clogged up with vitiated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for this purpose equal to Dr. J. Walker's Vinegar Bitters, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the Liver, and restoring the healthy functions of the Digestive Organs generally. The universal popularity of this valuable remedy in regions subject to miasmatic influences, is sufficient evidence of its power as a remedy in such diseases.

For full directions, read carefully the circular around each bottle.

LATE FOREIGN NEWS.

European News.

LONDON, Aug. 9.—The bank of England has reduced the rate of discount to 2½ per cent.

A Bombay dispatch, of Aug. 17th, says that the rumor of an attempt to assassinate Sheer Ali is false.

LONDON, Aug. 14.—The Harvard and Oxford crews were out to-day, both showing good pace and strong pulling. The afternoon of Aug. 25th has been finally appointed as the time of the race. It has been stated that the Harvard crew will be composed as follows: Tay, bow; Loring, stroke; Lyman, and Simmons.

The *Post* has an editorial, to-day, on the subject of the sale of Cuba to the United States. The writer says: "We entertain a shrewd suspicion that the best thing Spain can do is to close with America in respect to Cuba. She gains nothing by Cuba in its present state, but loses a sum she can not afford. She will not be strong enough to stamp out the insurrection, but is obliged by a false sentiment of honor to continue the attempt, which is costly and unavailing. Notwithstanding the denial of the rumored negotiations, we should not be surprised to hear that the purchase of Cuba had been effected.

PARIS, Aug. 14.—*La France* says Queen Isabella has expressed a determination to resign in favor of her son.

The French Government authorize the French Cable Company to lay a cable from Brest to England.

The Emperor has remitted the sentences passed by Courts Martial on 80 soldiers, and reduced the sentences of 70 others.

Marshal Neil is dead.

Several additional bands of Carlists have appeared in different parts of the country. It is said that they are by no means formidable.

BERLIN, Aug. 14.—Under Foreign Secretary Thile has sent a note to Baron De Weather, Prussian Minister in Austria, to communicate to Baron Beust, containing a a refutation of his allegations, that the treaty of Prussia with the South German States disturbs the Treaty of Prague and the relations between Austria and Prussia, and desires Baron Buest to publish the proofs of his assertions.

PARIS, Aug. 15.—The *Journal Official* to-day publishes a decree in which the Emperor, in commemoration of the hundredth birthday of Napoleon, grants a complete amnesty to the press, political offenders, persons convicted of evasion of taxes, deserters from the army and navy, and sailors of the merchant marine who abandoned their ships. The Emperor was not at the celebration at Camp Chalons.

LONDON, Aug. 16.—The Harvard crew traversed the course agreed upon for the race in 21 minutes and 10 seconds. The Oxfords afterwards rowed over the same course in 22 minutes and 10 seconds. Clasper is building a boat for the Harvards, and oars by the best maker have been ordered.

DUBLIN, Aug. 17.—A great Orange demonstration was made at Clones. It is estimated that 30,000 people took part in the procession. Subsequently an open air meeting was held, at which resolutions were adopted, denouncing the disestablishment of the Irish Church and the Party Processions Act.

Meetings have been held at Waterford and Thurles, at which resolutions were adopted, urging the Government to issue a general amnesty to the Fenians.

PARIS, Aug. 17.—*La Presse* regards the recent amnesty decrees of the Emperor as an abandonment of his past policy and a pledge for the future.

The funeral of Marshal Neil takes place to-day.

VIENNA, Aug. 17.—The whole press disapprove of the note sent by the Prussian Government to Buest, denouncing the course of Prussia as unprecedented in diplomacy.

ROME, Aug. 17.—The Pope has decided to hold a universal exhibition of Christian art next year.

BERLIN, Aug. 18.—It is reported that the North and South German States have agreed on a common course of action with respect to the Ecumenical Council, if the resolutions adopted by that body on the question of the temporal power of the Pope should threaten the peace of Europe.

It is reported that the city of Herat has been captured.

PARIS, Aug. 20.—General Banks and ex-Senators Ramsey and Fenton have arrived in this city.

The *Patrie* asserts that parties of Carlists on Spanish soil are increasing. In some cases they met with success, and claimed that they captured nine officers and forty privates of the Spanish army.

The *Patrie* hints that within a month, a great military event, of which it gives no particulars, will happen in Spain, after which Don Carlos will publish a manifesto.

MADRID, Aug. 20.—Fifty-nine Carlists have been brought as prisoners into Valencia. Several Carlist bands were dispersed by the troops within the past few days.

The press of this city concur in urging the Government to extend clemency to the Carlist prisoners.

LONDON, Aug. 24.—The Harvard four were out to-day in Elliot's boat, weighted up to the standard boat. The performance of the new boat was generally satisfactory. It was thought that the crew were more formidable opponents in this, than in any other craft they have tried. Both the Harvards and Oxfords rowed over the entire course; the latter making the distance in thirteen seconds less than the former. The opinion is generally entertained by Englishmen that the Oxfords will beat, but the appearance of the crew hardly warrants the belief that either is superior to the other. The result will depend mainly on the skill of the coxswain, and his perfect knowledge of the course.

The Harvard crew desire the contradiction of the rumor that they have adopted the English style of rowing. They say the match is as much a contest of styles as of men. The Harvards express satisfaction at the arrangements made for them, and the results of their practice on the Thames. They have not yet decided which boat they will take for the race. They propose to invite the Prince of Wales, and Mr. Motley, the American Minister, to follow the crew on the day of the race, and have tendered the use of the Harvard launch for that purpose.

PARIS, Aug 24.—Salvator Patti, father of Adelina and Carlotta Patti, died in this city yesterday.

American News.

CHICAGO, August 7.—A grand banquet was given to Sing Man and Soy Chow, the Chinese visitors, at the Sherman House, last night. The party was very select, being comprised of members of the Board of Trade, several of the most prominent business men in the city, and some distinguished gentlemen from other parts of the United States. J. M. Richards, the President of the Board of Trade, presided. At the conclusion he gave an account, in a brief speech, of the visit of the Chicago Commercial party to California, speaking in the highest terms of their reception there, and expressing his belief that a great trade would soon spring up, not only between California and Chicago, but with China, via San Francisco.

Choy Chun, in response to the toast "Our Guests," made a few highly appropriate remarks. He said that, on landing on the shore of California, a stranger to the customs, laws, and language, and in the minds of some, an intruder, he found kindness and justice. He expressed warm admiration of Chicago, and thanks for the cordial reception extended to them here, and hopes that their visit will be productive of good results both to China and America.

Speeches also were made by Hon. N. B. Judd and A. S. Gould, of San Francisco, who gave a brief account of the growth of that city, and expressed belief that the interests of San Francisco and Chicago are identical, and that a great trade will spring up between the two cities.

NEW YORK, August 7.—The Cuban Junta, in this city, have received official information from Cespedes relative to the reception of the news in the patriot army of the late arrest of the Spanish gunboats by order of the authorities in Washington. It represents the feeling produced to be one of satisfaction that our Government was about to enforce the neutrality laws with strictness and impartiality on the Spaniards as well as the Cubans. They ask that Spain shall be prohibited from making the United States an entrepot, from which it sends arms and munitions of war to be used against them. They will be content to fall under the same ban. So confident are they of coming out of the struggle victorious, if Spain be the only power they have to contend against.

There are rumors in Cuban circles that a deputation of native Cubans are now at the Court of Spain endeavoring to persuade that Government to sell the Island to the insurgents. It is believe that Gen. Sickles had made a similar proposal, which was rejected with indignation. This rejection was the cause of the prompt action of the President in ordering the seizure of the gunboats.

It is rumored that Gen. Rodas, despairing of subduing the insurgents, has invited Roberts to take a voyage to the Island to witness himself the gravity of the situation, and has advised the Home Government to grant the Cubans all the concessions compatible with its own dignity.

WASHINGTON, August 7.—Dispatches were recently sent from the Navy Department to Rear Admiral Hoff, commanding the Cuban squadron, ordering him to leave the squadron in charge of the senior officer next in command, and proceed with his flagship, the *Albany*, to Portsmouth, New Hampshire. It is therefore a probability that Admiral Hoff will be at home in a few days.

The National Executive Commission of the Union Leagues of America, which usually convenes in New York, will meet in Philadelphia on the 17th.

Provision will be made for the election in Texas and Mississippi. Delegates from these States have arrived.

It is understood that in the event of the Empress Eugenie making the tour of this country, the Navy Department will be advised by the commanding officer of the United States squadron in Europe, in time to make preparations for her reception. The French fleet to convey the Empress across the Atlantic will, in that event, probably be escorted by Rear-Admiral Radford in his flagship, the *Prosklin*.

WASHINGTON, August 7.—The report that Secretary Boutwell contemplated an early trip to San Francisco, is probably premature, as the Treasury authorities here have no information whatever of such an intention on the part of the Secretary.

It is believed that the most important subject which will engage the attention of the Cabinet on Tuesday next, will be our relations with Spain concerning Cuba. Probably there will be a full discussion of the further instructions to our Minister at Madrid.

Several heads of Departments and Bureaus have already commenced preparing their annual reports.

NEW YORK, Aug. 9.—A story is current in Washington that at one time, while the name of Gen. Sickles was being discussed in the Cabinet, previous to his appointment, Attorney General Hoar and Secretary Fish suggested that the General's complicity with the Ostend Manifesto might seriously interfere with his usefulness in the Spanish Court. Secretary Rawlins and Postmaster-General Cresswell, in reply to the objection, remarked that they favored the Manifesto. After a brief silence, the President solved the question of the appointment by saying that he was also in favor of the Manifesto at the time it was issued.

A *Herald's* special from Madrid, August 8th, states that Mr. Forbes, of Boston, had an interview with Gen. Prim and Marshal Serrano, during which the proposed purchase of Cuba by the United States was brought up.

Mr. Forbes was presented to the Regent and Secretary of War by the American Minister. The proposal was not accepted at present. Mr. Forbes, however, still continues his negotiation.

Several priests have joined the Carlist bands. Three priests have been arrested at Madrid.

The *Herald* says that Secretary Fish gives as a reason for the seizure of the Spanish gunboats, that they were intended to relieve the Spanish fleet now doing duty on the coast of Cuba, and permit the fleet leaving to re-inaugurate the Peruvian war. He says that he don't intend to permit any gunboats to leave our waters, but if they do leave without his permission he will send after them a force which will astonish them, and compel his authority to be respected.

CHICAGO, August 14.—A *Republican* special says that Admiral Davis, late commander of the South Atlantic squadron, is ordered to survey the Isthmus of Darien, to ascertain the feasibility of a ship canal across it.

WASHINGTON, August 14.—The United States Treasurer to-day received another counterfeit ten-dollar greenback, 23d series; the letter C, which is a distinctive feature, varies materially from any specimen yet received. The engraving is coarse and does not attempt to imitate the genuine bill at all.

Reports to the Internal Revenue Office for the year ending June 30th show the following taxes collected: On distilled spirits, $42,500,000; tobacco, $22,200,000; fermented liquors, $5,600,000; incomes, $2,300,000; Internal Revenue stamps, $15,500,000. Seventy seven districts are yet to hear from.

PHILADELPHIA, August 16.—The buildings of the Boston Desiccated Codfish Company were burned yesterday; loss, $50,000.

NEW YORK, August 16.—Col. W. J. Nagles, the Fenian recently released from a British prison, was killed yesterday by a fall from a window at his residence.

Work on the Spanish gunboats is progressing rapidly.

HAVANA, Aug. 20.—Reconnoitering parties recently sent out have attacked and destroyed several insurgent camps in the jurisdiction of Alcivillas. The Captain-General has issued orders for the completion of the Havana aqueduct. The Directors of the Havana Railroad are liable for malversation of the funds of the Company and are held responsible by the Tribunal. The books of the Company have been delivered to the Captain-General's Secretary for examination. The election of new Directors has been ordered.

WASHINGTON, Aug. 20.—Further Cuban news states that the force sent by Quesada had attacked a body of Spaniards moving to join Lesca, at Neuvitas. After a warm engagement they captured the entire force. The Spanish loss is over 250. This is regarded as an important triumph.

General Jordan sent a force to reconnoiter near Trinidad. An attempt was made to capture them, when a fight ensued, which resulted in the defeat of the Spaniards, and the capture of 56 prisoners. At the commencement of the fight, over 150 Spaniards deserted and joined the Cubans, and took part in the fight. A small party, convoying a train of provisions to Sagua la Grande, is reported as attacked by a superior force of Spaniards, and defeated. Their train was captured, and another small body captured near Puerto Principe, numbering 80 men, all of whom, it is said, were executed in the Plaza, immediately on arrival. The fate of these men creates intense excitement among the Cubans, who demand immediate retaliation. Gen. Quesada has letters which state that hoping for interference on the part of civilized Governments, he will not yield.
