Woman's Central Association of Relief.

This Association, formed at the great meeting of 3,000 ladies in the Cooper Institute, on Monday, April 29, 1861, has for its object to enlighten, methodize, and make efficient the practical benevolence of the women of our country, in their efforts to maintain the health and to succor the sick and wounded of our Army summoned to the defense of the Government, the Union, and the Constitution. By application to official and Governmental sources of information, by patient and systematic study of the teachings of military experience, by conference with the highest medical and sanitary authorities, this Association aims and expects to succeed in procuring reliable information and counsel, and to distribute it, through the press and by means of circulars, to all local associations in church or village circles who may desire to know how best to apply their industry in behalf of the general object.
It proposes to answer such questions as the following:
1. For what stores and supplies must our army depend on the beneficence of the public, as distinguished from the Government?
2. What are the kinds of clothing needed, and what are the proper patterns?
3. What are the distinct channels through which supplies can be forwarded?
4. What is likely to be the demand for nurses, and how can those desirous of going prepare themselves, to reach the field of duty?
5. Finally, what can be done in any way to bring the sympathy and serviceableness of mothers, sisters, daughters, women to a practical bearing on the comfort, health and safety of our brave soldiers?
No questions can interest the homes of the country at this hour more than these. The volunteers already in the field represent a hundred thousand loving households! Never in the history of Society went forth an army so precious. The health and lives, the comfort, and security, of these noble conscripts must not be risked beyond what is absolutely necessary. The women of our country must not permit ignorance, apathy, recklessness, thoughtlessness, to have any part in the destiny of this army. We must not wait to learn, by bitter experience, what the Crimean war taught England and France. Our intelligence must anticipate and provide against all dangers not essentially fortuitous.
Money, of course, will be required to carry out the objects of this association. The publication and printing of circulars, the advertising of information, the use of committee room and clerk hire, the care and transportation of stores, the registration, forwarding and support of nurses—all will require much money. And for this the Board of Managers must depend on the spontaneous contributions of all churches, neighborhoods and individuals, who approve and trust their integrity and efficiency.
BOARD OF MANAGERS:
Mrs. Hamilton Fish, Mrs. V. Botta, Mrs. Charles Abernethy, Mrs. G. L. Schuyler, Mrs. J. A. Swett, Mrs. H. Baylis, Mrs. E. Blackwell, Mrs. C. B. Griffin, Mrs. Adelaide Fitzgerald, Mrs. L. Dorsenleux, Mrs. Cyrus W. Field, Mrs. C. M. Kirkland, Valentine Mott, M.D., President, H. W. Bellows, D.D. Vice-Pre't, George F. Allen, Secretary, Howard Potter, Treasurer, John David Wolfe, Fred. L. Olmsted, Elisha Harris, M. D., Thomas U. Markoe, M. D., Wm. H. Draper, M. D., Asa D. Smith, D. D., William Hague, D. D., William A. Muhlenberg, D. D.
The Committee for registration of nurses receive applicants daily from 2 to 4 p. m., in the Musical and Philosophical rooms, 4th floor, of the Cooper Union. Candidates must bring written testimonials of qualifications and character, and be over 30 years of age.
The office of the Executive Committee is at Room No. 25, first hall of the Cooper Union. It will be open from 10 a. m. to 2 p. m., daily. A lady of the Committee will be present during these hours to furnish information and patterns. Mr. Roberts, the authorised agent for receiving contributions of supplies, will be at the office from 9 a. m. to 4 p. m., daily.
Contributions in money should be addressed to Howard Potter, esq., Treasurer, at the office of his firm, Brown Brothers & Co., No. 59 Wall street. By order, GEORGE F. ALLEN, Secretary.

THE TRIBUNE for 1861.
PROSPECTUS.
THE WEEKLY TRIBUNE is now in its XXIst Volume THE TRIBUNE will be, as it has been, a Political Journal though not exclusively so. But, while it gives prominence and emphasis to the discussion and elucidation of the great issue of the day, it sinks none of the characteristics of a Business and Family Newspaper. During the past year THE TRIBUNE has been obliged to devote quite a large proportion of its space to Politics, but we hope to be able to limit the space devoted to Political discussion, and devote more of our columns to subjects of less intense, but more abiding, interest. Among these, we mean to pay especial attention to
I.—EDUCATION.
The whole subject of Education, both Popular and General, will be discussed in our columns throughout the year 1861, and we hope to enlist in that discussion some of the profoundest thinkers and the ablest instructors in our country. It is at once our hope and our resolve that the cause of Education shall receive an impetus from the exertions of THE TRIBUNE in its behalf during the year 1861.
II.—AGRICULTURE.
We have been compelled to restrict our elucidations of this great interest throughout 1860, and shall endeavor to atone therefor in 1861. Whatever discovery, deduction, demonstration is calculated to render the reward of labor devoted to cultivation more ample or more certain, shall receive prompt and full attention.
III.—MANUFACTURES, &c.
We hail every invention or enterprise whereby American Capital and Labor are attracted to and advantageously employed in any department of Manufacturing or Mechanical Industry as a real contribution to the Public Weal, insuring ampler, steadier, more convenient, more remunerating markets to the Farmer, with fuller employment and better wages to the Laborer. The Progress of Mining, Iron-making, Steel-making, Cloth-weaving &c., &c., in our country, and the world, shall be watched and reported by us with an earnest and active s
