Legislative Proceedings.

FORTY-THIRD DAY, June 23d, 1870.

The Assembly met at 11 a. m., the President in the chair. After prayer by Mr. Pilipo, the minutes of the preceding day were read and approved.

Resolutions.—Mr. Kaugaru moved that the rules be suspended, in order that he might introduce a Bill. The motion passed, and he brought forward a Bill in regard to the sale of beef. The Bill was read, after being re-constructed by the Member, and passed to second reading under the rules.

Mr. Kalua offered a Resolution that the Assembly hereafter meet at 10 a. m.; take a recess at noon for lunch, which shall be provided by the Sergeant-at-Arms in a room below, and then meet and work till adjournment.

Mr. Kalama moved to amend by striking out the lunch part.

The original motion was passed.

On motion of Mr. Lyons, the rules were suspended, when he read a Report on the awa question. The Report was ordered printed, with a Bill on the subject.

Order of the Day.—First in order was the Appropriation Bill, upon which the House went into Committee, Mr. Boyd in the Chair.

Items were read as follows:

Salary of Attorney-General, $10,000. Passed.
Salary of Clerk of do., $2,400. Passed.
Incidental and traveling expenses, $1,000. Passed.
Salary of Marshal of the Kingdom, $6,000. Passed.
" Sheriff of Hawaii, $4,000. Passed.
" " Maui, $4,000. Passed.
" " Kauai, $2,000. Passed.
" Clerk Sheriff of Hawaii, $1,000. Passed.
" " Maui, $1,000. Passed.
Apprehension of criminals, $2,000. Passed.
Police of Oahu and Deputy Constables, $30,000.

His Ex. Mr. Phillips moved to amend by inserting $38,000. He said that as a pretty general movement had been made throughout the Islands for a change in the administration of the police department, some motion should be taken of it. He was hardly prepared to recommend the great increase of expenditure which must result from paying all the police regular salaries, but the present system had disadvantages, as well as the one proposed: at any rate, he would make the motion, to open the subject.

Considerable discussion arose upon the question, but finally, motion was made by Mr. Hitchcock that the Committee recommend tabling the Report of the Committee on the subject, which would dispose of the matter for this session, and he was of opinion that the time had not yet come for a change in the system.

Mr. Lyons was opposed to the present method of administering the police department. The principle of having people—constables—living around, among the people, making their living out of the fines and costs of criminals, was a very bad one, and should be changed as soon as possible. He did not see why the present was not as good a time as any to make the change; however, on account of the great cost, he was in some doubt on the subject.

Mr. Rice favored a change, and mentioned several cases of the evil workings of the present system,—actual crime arose on the part of the country policemen.

Mr. Pilipo moved that further consideration of the Item be postponed, and that the Attorney-General report to the House the exact sum necessary to carry on the department.

This motion was carried.

Police of Maui, $7,000. Consideration suspended, and, on motion, further consideration of all Items regarding the police was suspended till the Attorney-General reports.

Incidentals of Police Service, $1,000. Consideration of this item suspended under the above motion.

Bureau of Public Instruction.

Salary of Inspector-General, $4,000. Consideration suspended until action of the Assembly upon the Bill introduced by H. H., W. C. Lunalilo, on the salary of the President of the Board of Education.

Salary of Clerk of Board of Education, $3,000. Consideration suspended for the same reason. Pending the discussion of this item, the Committe rose, asking permission to sit again on Friday. Report approved.

His Ex., Mr. Phillips, moved that several Bills relating to his Department be made the special order for to-morrow, as he would leave town shortly.

The motion was carried, and the House adjourned.

FORTY-FOURTH DAY, June 23d, 1870.

The Assembly met at 10 a. m., the President in the Chair. After prayer by the Chaplain, the minutes of the preceding day were read and approved.

Report of Committee.—The Special Committee to whom was referred the petition from Hamakua, regarding the Police, reported consideration, and recommended further examination of the matter by the House.

Resolutions.—H. H., W. C. Lunalilo, offered a Resolution that one of the Nobles of this Assembly be excused from further attendance at the meetings of the House, this session, on account of sickness, and that a sum of money be appropriated for his use. Ruled out of order.

On motion, the rules were suspended, and Mr. Pilipo introduced a Bill to amend Section 528 of the Civil Code, which was read first time, and passed to second reading under the rules.

Order of the Day.—First in order was the Bill to provide for the assessment of a part of the expense of building roads upon the estates benefitted thereby, on its third reading. The Bill was read and passed, the ayes and nays being called on a motion to indefinitely postpone, which was lost by a vote of 11 to 24.

A Bill to provide for an appropriation for Custom-House Guards, was read third time, and passed.

The Chair then read the ruling on the question as to whether the Bill introduced by Mr. Thompson to repeal Section 1420 of the Civil Code was in order. The ruling was as follows:

"The Member for Honolulu (Mr. Thompson,) requests leave to read for the first time, a Bill, of which he has given previous notice, to repeal Section 1420 of the Civil Code.

"By the action of the House, the *repeal* of Section 1420 of the Civil Code, together with certain adjoining Sections, has been indefinitely postponed. Rule 40, of the Standing Rules and Orders of this House, reads as follows:

"'When a question is indefinitely postponed, the same shall not be acted upon again during the session.'

"Therefore, the introduction of the Bill of the Member from Honolulu, *repealing* Section 1420 of the Civil Code, is ruled out of order.

"A suspension of rules will be necessary in order that the Bill may be entertained.

"H. R. HITCHCOCK,
"Vice-President of the Assembly."

Mr. Thompson appealed to the House from the ruling of the Chair. He objected that this was not the same Bill that had been before the Assembly: that was an entirely different matter, and, as had been ruled, had been indefinitely postponed. This was a new Bill, and should be considered before rejection.

Mr. Lyons was opposed to the ruling. If it had been proposed to revive the Bill to repeal Sections 1417 to 1425, inclusive, of the Civil Code, it would have been out of order, but here was an entirely new Bill, ruled out of the House before it had been considered.

His Ex. Mr. Smith sustained the ruling of the Chair on this question. The object of the ruling was that we may avoid doing our work over again; if it were not so, all of our work might have to be repeated and gone over, to an indefinite extent. It has been said that this is not the same question that has been before the House. There could be many opinions on this matter: some wishing to amend this point, any others that point, but after the whole matter had been thoroughly and carefully discussed, the law had been indefinitely postponed. Our rules were very definite on this point: when a question was indefinitely postponed, any further discussion was impossible during the session; and it was the intention of this House, when they voted the other day, to put aside the question for this session. If any member wished to have a matter gone over again, he could move a re-consideration, which was the right and proper course. Had not this matter been decided before the House? Had not the Assembly put aside this matter entirely? The Member for Honolulu had made this point, that this was a different matter and a new question entirely, because it proposed to repeal only a single Section in place of those which it was proposed to repeal the other day. The House should not stultify themselves by going back of their own rules. In the Bill that had been before the House, the real purpose was to repeal Section 1420 of the Civil Code. Did any one doubt it? That very thing had been said by the Member for Kohala, in the form of a question, when he debated the Bill.

His Ex., Mr. Harris, sustained the ruling of the Chair. He related an instance of ruling on the part of the Speaker of the English House of Commons, which resembled this. Was there any one who had the coolness to get up and say that there had been no Bill before the House to repeal Section 1420 of the Civil Code? He spoke at some length, taking substantially the same ground as Mr. Smith.

Mr. Kaukaha was opposed to the ruling; he said he should vote against it, and called upon all brother member to do the same. The ruling of the Chair would shut out all chance for improvement and repeal, not only in this law, but in all similar cases. If we sustain this ruling, we could not even consider the Bill of the Member for Kau.

The ruling of the Chair was sustained, the ayes and nays being, ayes, 17; nays, 16; absent, 5; doubtful, and therefore no vote, 1.

Next in order was the Bill to re-codify the Civil Code, which was read a second time. A motion was made by His Ex., Mr. Phillips, that the Bill be indefinitely postponed, as before the next session there would be a good deal of amendment required, which would be prepared and brought into the next Legislature; besides, there were nearly a thousand unsold copies of the old law yet on hand.

The motion was carried.

Next in order was a Bill to enlarge the Jurisdiction of the Police Courts, which was read a second time, and ordered to engrossment.

A Bill to secure to workmen their wages, in cases of bankruptcy, was read a third time. The nature of the Bill was to secure from the funds of the bankrupt estate, first, what was owed to workmen, as high as $50, above which they should be paid pro rata.

A motion was made by Mr. Lyons to order to engrossment.

A counter-motion was made by Mr. Bishop to indefinitely postpone. He regarded the Bill as an incubus upon our present bankrupt laws; its tenor was to secure to clerks and others of that nature, the first place in the settlement of such estates, at the expense of others; all should be treated alike.

His Ex., Mr. Phillips, supported the motion of Mr. Lyons. The Bill was a good one, and he hoped the House would pass it.

The motion to order to engrossment was carried.

A Bill to amend the laws in regard to gaming was then read, and ordered to engrossment.

A Bill limiting the time within which actions may be brought for the recovery of land, was read a second time. The time, as contemplated by the Bill, was to be not more than twenty years. Pending discussion, the House adjourned.

FORTY-FIFTH DAY, June 24th, 1870.

Assembly met at 10 a. m., the President in the Chair. After prayer by the Chaplain, the minutes of the preceding day were read and approved.

Reports of Committees.—Committee on Judiciary reported consideration of a Bill to regulate criminal procedure, and recommended its passage with a few amendments which they reported.

On motion the rules were suspended and the Bill read 1st time by its title only, and on further motion, was made the special order for Monday next. The committee whose duty it is to examine all petitions containing miscellaneous subjects, reported consideration of a petition from Maui, on potatoes, sheriff's salary at Honuaula, and on salaries of His Majesty and the Ministers, recommending tabling the same. Report approved.

Order of the Day.—A Bill to limit the time in which actions may be commenced to recover Real Estate, on its 2nd reading, came first on the orders, as unfinished business. Motion to order to engrossment was carried.

Consideration of the Appropriation Bill was then taken up in place of the special order, of several Bills concerning the Attorney General's Department. House went into Committee. Mr. Bishop in the Chair.

His Ex. Mr. Phillips stated that he was prepared to report on the question of appropriations for the Police. The matter had been very carefully considered in the office of the Marshal with the Governors of the various Islands. The items were even greater than he had thought—and for the two coming years would be as follows;

Police of Oahu	$59,756
" " Hawaii	17,640
" " Maui	18,600
" " Kauai	6,612
Incidentals	1000
Total	103,588

which he thought would be far beyond our means, and he recommended serious consideration by the Assembly before passing these amounts.

Items were than read from the appropriation Bill as follows:

Police of Oahu and Deputy Constables	$30,000
" " Maui	7,700
" " Hawaii	9,800
" " Kauai	3,500

The items were then read from the report of His Ex. the Attorney General, on the Police. If a paid service were inaugurated, there would be Constables in each District, paid a monthly salary of $12, which would make up the sum to the large amount stated in the general report.

Motion was made by Mr. Hitchcock that the item for Police on Oahu $30,000 pass as in the Bill. Considerable discussion ensued on this motion, the feeling being very strong in the side of the Representations that a new system should be inaugurated, but it was thought that provision had been made for too many Constables in the country Districts. Various motions were made to raise and to decrease the sum, finally the item passed at $25,000.

Under the Police Appropriations, item second passed at $8,000.

Number three passed at $10,800.

Number four passed at $5,300.

Incidentals of Police Service, $1,000. Passed.

In the Educational Department, items were read and acted upon as follows:

Support of Hawaiian and English Schools, $38,000. Amended to $41,000, which passed.

Support of Common Schools, $17,000. Amended to Support of Common Schools in destitute Districts, $17,000. Passed.

Printing School Books, $4,200. Amended and passed at $5,000.

Stationery and Incidentals, $600. Passed.

Reformatory School, $10,000. Amended and passed at $15,200.

Building new School Houses, $3,000. Passed.

Endowment of Scholarships, $300. Passed.

Mr. Kamakau here moved that an item of $2,500 be inserted for the publishing, in book form, a Hawaiian History. This was not his own desire, alone, but the wish of all the people from Hawaii to Niihau, and he had received letters on the subject from California and the South Sea Islands. He thought no better time could be chosen than the present for this great work, and he asked the House to consider the subject well.

Mr. Hitchcock moved to amend by inserting $2,500, to be used at the discretion of the Board of Education for the printing of a Hawaiian History, provided the same be not transferred to any other item. Passed.

Medical Education of Hawaiians, $4,000, passed, with the addition of the words, "provided the same be not transferable to any other
