Legislative Proceedings.

FORTY-SIXTH DAY, JUNE 24th, 1872.

The Assembly met at the usual hour, the President, His Ex. P. Nahaolelua, in the Chair. Prayer by the Chaplain. Journal of preceding day read and, on motion, approved.

Mr. A. F. Judd presented a petition from the Honolulu Chamber of Commerce, praying for repeal of the specific duties on sugar, coffee and rice. Referred to Committee on Commerce.

Mr. Haleamaa presented a petition from South Kohala, praying that Section 1219 of the Civil Code be amended; that $8,000 be appropriated for a road from North Kohala to Waimea; that $300 be appropriated for improving the Court-house at Waimea. Rejected.

Mr. Carter presented a petition from Honolulu, praying for repeal of amendment of an Act prohibiting maintenance of suits for recovery of debts contracted for the supply of spirituous liquors at retail. On motion, the petition, with two Bills, referred to the Judiciary Committee.

Mr. Rice, Chairman of Select Committee to whom was referred Resolution regarding an increase of appropriation in aid of Inter-Island Steam Navigation for the purchase of a new Steamer, reported favorably, and recommended the appropriation of a sufficient sum for such purchase. Report accepted, and laid on the table to be considered with the Appropriation Bill.

Mr. Aholo, Chairman of Committee on Miscellaneous Petitions, reported on petition from Hilo, praying: 1st, that no appropriations be made for new government buildings; 2d, that the Government no longer support English schools; 3d, that no appropriation be made for Government Printing Office—Committee recommend to lay on the table, to be considered with the Appropriation Bill; 4th, that horses over two years old be taxed 75 cents; 5th, that where the Hawaiian and English versions of the laws conflict, the Hawaiian shall be taken as the correct interpretation—Committee recommend indefinite postponement; 6th, that parents who send their children to select schools be exempt from the school tax; 7th, that the law in relation to the Reformatory School be repealed; 8th, that Section 1421 of the Civil Code be repealed; 9th, that the Act to Mitigate, &c., be repealed; 10th, that the fisheries of the Kingdom be made free to all; 11th, that the law relating to property tax be amended; 12th, that no Bills be passed to authorize the issue of paper money; and 13th, that the Ministers be not allowed to pledge the good name of the Government for improvements—Committee recommend that the same be laid upon the table, for future consideration. On motion, Report of Committee adopted.

On motion, Rules suspended, and His Ex. the Minister of the Interior presented a petition from the Honolulu Chamber of Commerce, praying that no wholesale or retail licenses be granted to Auctioneers—referred to Committee on Judiciary.

Mr. Martin moved to reconsider the Resolution regarding the evening sessions of the Assembly—motion carried, and Resolution indefinitely postponed.

The Appropriation Bill was then considered in Committee of the Whole, Mr. Mikahori being called to the Chair.

Support of Prisoners, $9,000—passed.

Encouragement of Agriculture and Immigration, $10,000.

Mr. Martin moved to strike out the item.

Mr. Hitchcock moved to insert the sum of $5,000 for Encouragement of Agriculture.

Mr. C. R. Judd saw no reason for the larger appropriation, but thought it well to have $6,000, as this fund was drawn upon to return Hawaiian seamen disabled abroad.

Mr. Carter moved to amend the item so as to read: For return of disabled Hawaiian Seamen, $2,000; Encouragement of Agriculture, $1,000.

Hon. C. R. Bishop moved to amend to $5,000.

Motion to indefinitely postpone put to vote and lost.

Motion to pass the item at $10,000 put and lost.

Motion to pass at $8,000 put and lost.

Motion to pass item For Encouragement of Agriculture, $6,000, put to vote and carried.

Fire Department, Honolulu, $10,400.

On motion of Mr. Hitchcock, item referred to Select Committee.

Interpreting and Translating, $1,000.

Mr. Pilkoli moved to amend to $500, as but little over $100 was expended during the past two years. No seconder—item passed at $1,000.

New Water-pipes, $4,000—passed.

Expenses Bureau Water Works, $6,000—passed.

Inter-Island Steam Navigation, $10,000—consideration deferred until Friday next.

Running Expenses Steamer Pele, $7,000—passed.

Anchors and Buoys, $3,000.

Mr. Martin moved to amend by having part of the money used for purchase and laying of Anchor and Buoy at Punaluu—lost. Item passed at $2,000.

Mr. Holomaee moved to amend by inserting: For improving Harbor of Honomaliho, $2,500—motion lost.

Dredging Honolulu Harbor, $9,000—passed.

New Wharves and Repairs of Wharves, $10,000.

Mr. Hitchcock moved to amend to $5,000.

Mr. Kaekaka moved to amend to $6,000.

Motion to pass the item at $10,000 put and lost.

Motion to pass at $6,000 put and carried.

Mr. Kaine moved to insert: For building Boat-wharf at Poiikauna, Molokai, $1,000.

Mr. C. R. Judd moved to reject, as the improvement made by such appropriation would be on private property. Motion lost.

Mr. Martin moved to insert item: For Wharf at Kaunakakai, $250—passed.

Mr. Rice moved to insert item: For Repairs of Boat-wharf at Koloa, $500—passed.

His Ex. the Minister of Interior was opposed to the item, as he thought it the duty of those who derived benefit from the wharf to make the repairs themselves, which was the least they might do, considering that the wharf was built for them.

Motion to pass the item at $500 put and carried.

Mr. Kaai moved to insert: For Wharf at Kauwaloa, $300—passed.

Mr. Naihe moved to insert: For Wharf at Kawaili, Kohala, $500—lost.

Sheds on Wharves, $6,000.

Mr. Carter desired to know whether these sheds were for foreign steamers or not, and if they were he should vote against the item, as they were used more by private firms than by the Steam Line, and freight has been stowed there which was never intended for the steamers.

His Ex. the Attorney-General stated for the information of the last speaker that everything pays storage which is not the subject of steamboat transportation, and that special provision was made to that effect in the contract lately completed with the owners of the Australian Steam Line.

Item passed at $6,000.

Expenses Light-house Honolulu, $1,500.

Mr. Lorenzo moved to amend to $1,000. Passed at $1,500.

Expenses Light-house Lahaina, $500—passed.

" " Hilo, $400—passed.

" " Kawaihae, $300—passed.

Royal Palace, $100,000.

Mr. Kipi moved to strike out the item, as we had a large debt saddled upon us just now, and could not afford it, and no one would suffer much if the matter of a Royal Palace was postponed for two years.

Mr. Martin endorsed the remarks made by the last speaker, not from any want of respect for His Majesty, as he would like to see him enjoying everything he could wish for; but at present the country could not afford a new Palace.

Mr. Poll opposed the item.

His Ex. C. C. Harris explained to the House the reason why the Palace had not been commenced before now, viz: the difficulty in obtaining a proper site. His Excellency also explained the necessity for a new Palace, and the dilapidated condition of the present one. The difficulty of securing a proper site had been overcome, and the Administration were now ready to commence the work.

Mr. Carter said: I can not think it is time to build a new Palace yet. The Minister of Foreign Affairs has said this is a small country: I have never been misled regarding its size except when I see the large list of officials it takes to run the Government, and when I see the items on the Appropriation Bill. I think we should be better off if we saved this $100,000 asked for to be expended on a Palace, and because I do not believe this will be the end of it; another $100,000, or perhaps $150,000, will be asked from the next Legislature, and this I claim is too much to ask from a population of 55,000 people. There is the Post-office: it was to cost $6,000, but the expenditure ran up to $15,000. At one time, the proposed cost of the Hotel was estimated at $60,000, but it took $110,000 to finish it. Now we have the Government Buildings which are in course of construction, and I remember the action of the Member from Kohala at the session of 1870, during which he advocated the appropriation of $60,000 as asked for, because it was a guarantee that no more would be required; but now we find that in addition to that sum, $30,000 more is asked for to complete the buildings. We have expenses enough to contend with, without expending money on a Palace. There are the Board of Health, Hospitals, &c., which are a large expense to the country. And another thing to be considered is: there is but little satisfaction in building and furnishing the talked-of Palace, for I do not believe His Majesty will live in it after it is finished.

Mr. A. F. Judd said if we went on this way we would be like the Emperor who found Rome a city of brick and left it a city of marble, now perhaps it is the desire of the Ministry of Kamehameha V, who found Honolulu a city of wood, to leave it a city of concrete; and how do the Ministry propose to make these improvements? By issuing bonds, they propose to redeem them at such times, as will tax future generations for their proportion, this system I am opposed to Mr. Chairman. Our new Government House to a stranger appears too large and magnificent for the size of our city, and the same may be said of our hotel, and as has been said by many of our colonial friends who made a short stay here, that this hotel was far ahead of any thing in the Colonies. Considering the present demands upon the Treasury it is more than we can afford; besides, this subject of a new steamer was agitated with the idea that if this $100,000 for a New Palace, was postponed and expended for a new inter Island steamer there would be immediate returns, but if expended on a Palace would yield no return whatever, but on the contrary the next Legislature would have a call for another $100,000 to complete and furnish it. For I do not hesitate to say that the projectors of this idea of a Palace have not the slightest idea that this appropriation will be sufficient, this sum is too much to ask of us as we have already done so much in the way of public buildings for $50,000 to finish the New Government Building as they have already been commenced, it would be worse than folly to let the walls stand as they are. I do not propose to vote for the Hotel Bonds. But as it is not actually necessary that we should pass this item at present, it can do no harm if we wait a couple of years, and let the assembled wisdom of the Legislature of 1874 pass their opinion upon it.

On motion of Mr. Lonoaea the Committee rose, and the Chairman reported progress, with a recommendation that the House appoint a Special Committee to consider the Item of Inter-Island Steam Navigation. Report accepted, and the President appointed the following Committee: Mr. A. F. Judd, Hon. C. R. Bishop, Messrs. Kapakea, Kaukaui, and Kaekaka.

Assembly adjourned.

SEE MY COLUMN!
Not THIS, but the Other One!
Queer! Very Queer!
IN MY ADVERTISING COLUMN, my Anchors and Chains for sale are crowded out and are amongst the Notions—(a British Notion). They will be sold cheap, very cheap.
Funny! Very Funny!
In my Advertising Column, my Bird Traps, Bird Houses and Breeding Cages, of which I have a splendid assortment, are crowded out. They will be sold cheap, very cheap.
Queer! Very Queer!
My Pills—Blair's, Whelpton's and Cockle's are crowded out and are included in the Notions.
Iron Posts for Wire Fencing, which I will sell for 25 cents each, is much less than the raw material costs here.
The Funniest of All!—Brussels Carpet which I have for sale, a splendid article, and guaranteed of equal quality, at 30 per cent less than the Carpet for the New Hotel cost in San Francisco, besides which, freight, insurance and duty must be added to the San Francisco cost. It would take a mathematician to calculate the loss incurred by not purchasing here.
Not Queer or Very Queer!
The Steamer Kilauea is a decided success and materially assists to promote trade and develop the resources of the Kingdom. (Grumblers notwithstanding.)
The New Hotel.
There has been a difference of opinion in consequence of Opthalms. I am morally certain it will be a decided success in promoting the interests of these fair islands, and a great benefit to them.
Lodging House Keepers need not quake or seek a reduction in rent, for they will have their share from the extra number of visitors to see the wonders of this Kingdom.
This National Hotel, so much needed for the upbuilding of our Sunny Islands, will, in conjunction with other solid improvements made by our Government, immortalize the reign of KAMEHAMEHA VTH. Long may he live and reign.
