COMMERCIAL.

HONOLULU, APRIL 26, 1873.

By the steamer Costa Rica we have advices from San Francisco to April 17. The following circular from Messrs. Williams, Weatherbee & Co. gives an interesting report of the sugar market for the first three months of the current year:

"We now proceed to give attention to the comparative imports of Raw Sugars, for the First Quarter of 1872 and 1873.

	1871.	1872.
Sugar Consumption	55,000,000 lbs.	62,500,000 lbs.

IMPORTATIONS.

	1872.	1873.
Manila	20,000,000 lbs.	2,224,000 lbs.
Batavia	4,000,000	10,720,000
Pernambuco	1,000,000	
Brazil	2,000,000	2,400,000
Cuba	2,000,000	1,000,000
Central America	600,000	500,000
Mexico	60,000	
Japan	5,000	
	31,000,000 lbs.	16,300,000 lbs.
Stock on hand January 1st	5,000,000	22,000,000
Available for consumption	36,000,000 lbs.	38,300,000 lbs.

The year opens with a heavy stock of Raws on hand, of which the larger portion was held by the Refineries, and the importations for the first quarter were mostly in refinery account.

It will be noticed that the receipts of Hawaiian Sugars are light as compared to the corresponding period last year. Advices from Honolulu report liberal shipments of the new crop to Australia.

The opening price of Refined Yellow C. was 10½c. per pound, which the middle of January it was reduced to 9½c., and in February a still further reduction of ½c. per pound was made, leaving the market nearly nominal. In March the price was advanced to 10c., and owing to the removal of certain large cargoes that have been held back unsold prices for some time past, the market ruses very firm.

Hawaiian Sugars are selling at prices ranging from 9½c. to 10c. per pound, with a good demand for choice Grocery grades."

The above contains a heavy stock of sugar in San Francisco, equal to several months supply. In consequence, sales there have been very dull.

Rice has declined, owing to excessive stocks, and is quoted from 7½c. to 8c. for Hawaiian. Potatoes have declined to 1½c. ch. — very low figure.

The Kate Kitz brought a small cargo and but few passengers, owing to her having been advertised but a short time before leaving for this port. She will probably carry 200 tons coal of return freight, and sail on Friday or Saturday. We hope she may be kept in a regular coal packet on this line, for which she is well adapted.

With the return of good weather, our coasting vessels resume to work the crop of sugar and other island products. Three vessels are under way for Hilo, three from Maui, and three from Kauai—all with sugar.

Several whalers have touched off the port the past week, and sailed to their active cruises. The Java remains in port repairing.

The prospect of mail communication with America is well given somewhat annoying to shippers and merchants. In short, it will, for the time being, put a stop to business to that direction. We think, however, that a new steamer will be started before many months, owned by English capitalists.

The D. C. Murray will, after discharging cargo, load immediately for Hilo. Business selling with her, and a full cargo is something her owner. The report that she would be withdrawn is incorrect. Her owners have had no intention of sending such orders.

The ship Nile Tipscott, under charter to load guano at Redondo Island, sailed from here for San Francisco about April 20,—the very day she was to be.

PORT OF HONOLULU.

ARRIVED.

April 21—Schr Gem Fellow, Kaai, from Hilo, Hawaii.
Schr Mary Foster, West, from Hilo, Hawaii.
22—Schr Lucy Ann, Kaiwi, from Ahukini, Kauai.
Schr Leonine, Dudoit, from Kawaihakoi, Molokai.
23—Schr Noelani Hawaii, Crane, from Lahaina, Maui.
Schr Prince Albert, from Koloa & Eleele, Hawaii.
Schr Mary Ellen, Jim, from Kihalo, Hawaii.
24—Schr Kaulilii, Waiko, from Koloa, Oahu.

Schr Mokuola, Pahoy, from Kaneohe.
Am wh Northern Light, Smith, from Hilo.
Brig Atlantic, McGregor, from Westward Ports.
Schr Kaulana Ahia, Kaeo, from Koloa, Oahu.
25—Am str Costa Rica, Lapidge, 9½ days from San Francisco.
Schr Kate Kitz, Cox, from Kailua, Oahu.
Schr Active, Hopp, from Kihalo.
26—Haw bk D. C. Murray, Fuller, 10 days from Port Townsend.
Schr Leilani, Davis, for Kahului, Maui.
Schr Hattie, Tilton, from Nawiliwili, Kauai.
Schr Jenny, Lambert, from Koloa and Waimea.
Schr Manuokawai, Pahdoi, from Kauai.

SAILED.

April 21—Schr Hattie, Tilton, for Nawiliwili, Kauai.
Schr Jenny, Lambert, for Koloa & Waimea, Kauai.
Schr Manuokawai, Pahdoi, for Kihalo, Kauai.
Schr Warwick, Kalawela, for Kaunakakai, Molokai.
22—Schr Mary Foster, West, for Hilo.
Schr Fairy Queen, Kaaiha, for Honolulu, Kauai.
Schr Gem Fellow, Kaai, for Hilo.
23—Schr Kate Kitz, Alexander, for Waikiki, Maui.
Schr Noelani Hawaii, Crane, for Lahaina, Maui.
Am brig Lark, Hallett, for Shanghai.
Schr Kilauea, Nottage, for Windward Ports.
Schr Pilot, Dixon, for Kona & Kau.
Schr Mokuola, Pahoy, for Kaneohe.
Schr Lilia, Wilke, for Koloa, Oahu.
Schr Lucy Ann, Kaiwiki, for Waialua, Oahu.
24—Schr Active, Hopp, for Kihalo.

Shipping Memoranda.

Haw'n S S Costa Rica, Lapidge, W F Lapidge, Commander, left the port of San Francisco at 2:30 p. m. on the 17th inst. The first two days out encountered strong head winds, rolling in a gale. Since that time we have had pleasant weather, making the run from San Francisco to Honolulu in nine days to-day.

JAMES H. TOWNSE, Purser.

PASSENGERS.

From San Francisco, per steamer Costa Rica, April 17—C F Wilcox, 2 children and wife, F S Foster, S Jones, G N Owen and wife, Miss Whiting, C H Dickey, wife and 2 children, C H Lawton, wife, 4 children and servant, E Chandler, 27 steerage—thirty and wife, and six to Kamrar.

IMPORTS.

From San Francisco, per S S Costa Rica, April 17—2 bxs Books, 9 pkgs Household Goods, 2 bxs Stationery, 4 cs Blankets, 1 pkge Leather, 2 double Collars, 10 cs Wine, 10 cs Cigars, 500 sks Flour, 1000 sks Flour, 400 sks Potatoes, 27 sks Beans, 2 cs Leather, 1 cs Boots & Shoes, 2 cs Clothing, 1 bbl Crockery, 1 cs Leather, 4 bls Sole Leather, 2 bbls Whiskey, 1 cs Leather, 4 bls Sole Leather.

Hardware, pkgs	14	Value	$32,458

DIED.

TELL—In Honolulu, on the 27th inst., of congestion of the lungs, Rev Kaauhaihoa Kalilikoleka, wife of W H Tell, aged 30 years. The deceased was highly respected and well attended. The corpse numbered 70 persons per hse.

☞ Owing to the press of advertisements, we are compelled to omit several interesting articles and communications.

PRESENTATION.—On Friday last, two Trustees of the Queen's Hospital, Messrs. Bishop and Schaefer, presented Queen Dowager Emma with a Certificate of Life Membership of the Queen's Hospital, which was issued after her by her lamented consort, King Kamehameha IV. Her Majesty received the present with thanks, and expressed herself now, as she always has been, deeply interested in the success of the institution. The Certificate is framed very neatly with native Hawaiian woods, and will be valued on this account as well as being a gift from the Trustees of the Hospital.

PERSONAL.—The numerous friends of Mr. Wm. H. Dimond, formerly of this city, will be glad to hear that he has connected himself with the firm of Messrs. Blanchard & Williams, who have for many years been largely interested in the island business. Upon leaving the employ of Messrs. Huntington, Hopkins & Co. with whom he has been for some time, the employees of that firm made him a present of a very handsome set of silver ware, accompanied by a letter in which they expressed great regret at the severing of the pleasant relations which had existed between them so long, and hoped that the change might be the inauguration of a renewed prosperity and happiness to himself. Mr. Dimond has always manifested the most lively interest in the welfare of Hawaii nei, and it is to be hoped that in his new position his influence in our favor may be increased.

NOTES OF THE WEEK.

☞ As we go to press the bark D. C. Murray, from San Francisco, is coming in.

☞ The steamer will repeat her trip to Hilo and around Hawaii next week.

☞ We observe by our exchanges that the small-pox has become quite prevalent in San Francisco.

☞ The bark Sparrowhawk will sail for Melbourne to-morrow, probably.

☞ The Band will play as usual on Thursday at the Hotel, and on Saturday at Emma Square.

DON'T FORGET—To mail this paper with the latest news, to the whalemen in the Arctic, and to the cousins in Australia.

☞ Abundant rains have fallen during April all over the Islands, and the prospect is very good for large crops of sugar and rice.

☞ On the fourth page will be found an interesting lecture on the Chinese, and an article on the removal of the tabu on religion in Japan.

☞ Life members of the Queen's Hospital can obtain the new lithograph certificates by application at the office of the Secretary and on payment of $2.50.

KIDO KAWAI, the leper, whom the jury made out to be insane, escaped from custody and is still at large, which, with some, will be additional proof of insanity.

THE KAMAILE.—This schooner was spoken off Hawaii, last week, having captured three sharks, which would turn out oil and fins sufficient to pay the vessel's expenses to that date.

☞ The volcano on Hawaii is reported as active, the light both from the Summit and Kilauea being seen by passing vessels. We have received no letters relating to it, but judging from the smoky atmosphere yesterday, think the report is true.

☞ The steamer Costa Rica will sail on Friday next, at 4 o'clock. Among the passengers booked to leave in her, we notice the names of Hon. S. H. Phillips and C. A. Williams, Esq., and their families.

☞ Bark D. C. Murray ought to arrive to-day. She brings a full cargo and some twenty-eight passengers, the former being specified in our commercial column.

MARINE SIGNALS.—A new edition of the marine telegraph signals of the port has been printed in colors, with all the late changes inserted, and can be had either from the carrier or at the Bookstores. Price, twenty-five cents per card.

☞ A public installation of the newly-chosen officers of Uliuna Thule Lodge No. 1, I. O. G. T., will take place at their hall on King Street, on Saturday evening, at ½ o'clock. The public are invited to attend.

☞ We would call the attention of agriculturists to the advertisement of the Rail Steam Force Pump, manufactured at the Pacific Iron Works, in San Francisco. Next week we will publish a full account of this important invention.

GROCERIES—have been scarce the past few weeks, but the arrival of the Costa Rica and D. C. Murray will enable our grocers to replenish their stocks, and house-keepers will be able to secure the best of fresh eatables. See advertisements.

☞ Schooner Pauahi, known as the King's Yacht, has been purchased by Messrs. Alsing & Aschuck for $6,000, and will be employed in the Hilo trade. She is a fine vessel, and the purchasers have made a bargain in securing her at that figure.

AUCTIONS.—Mr. Bartow, to-day, holds a credit sale of new English and European goods at his rooms. The sale will be continued on Friday.

—Mr. Adams sells furniture at the residence of Hon. S. S. Phillips to-morrow. The furniture is mostly new and very fine.

☞ On her trip down from Maui, on Friday last, the steamer Kilauea touched on the reef at Kaunakakai. After remaining an over half an hour she was got off, with but little damage, unless it be to her copper. She left on Monday, with over two hundred passengers, for Maui and Hawaii.

THE present issue of the GAZETTE has been prepared for the mail steamer, and will be found an interesting number to send abroad. We issue to-day 1,200 copies, and those who wish to forward a paper to the United States, Europe, or the Colonies, will find none more appropriate than this, which contains a full account of the new Hotel. Files can be had at the counter in wrappers.

HAWAIIAN HOTEL.—The following are the arrivals at this establishment the past week:

F Spencer, Hawaii,	Chas Chandler, San Francisco,
James Nakua, Maui,	C H Lowers a family, Missouri,
J L Clark, Maui,	S A Burridge, San Francisco,
W B Byers, Maui,	Geo E Tucker, nine Costa Rica,
Geoffrey Brown, Portland,	C L Jenkins, nine Costa Rica,
Capt S James, Yokohama,	Jas Carroll, " " "
C F White, San Francisco,	Capt Lapidge, " " "
E Gilman a wife, San Francisco,	F Hodge, N D, city "
N F Hawkshaw a wife, S F, Capt E Kelly, Ist Java,	
	C E Curry, San Francisco.

Three Weeks Later Foreign News.

The P. M. S. S. Co.'s steamer *Costa Rica*, Lapidge, arrived in port at 9 a. m. on Sunday morning, 9½ days from San Francisco, with the mails and some twenty passengers.

The bark D. C. Murray, Capt. A. Fuller, left the same port six days ahead of the mail steamer, and has some 28 passengers and a full cargo.

By this arrival we have the particulars of one of those sad ocean disasters, which occur every few years. The Steamship Atlantic of the White Star Line, plying between Liverpool and New York, ran ashore about twenty-five miles from Halifax on the 1st of April, at 2:30 a. m. There were 956 persons on board, and it is believed that over 500 were lost.

A horrible tragedy by the Chiefs of the Modoc Indians was perpetrated on the 11th of April. Four peace commissioners visited the Indian camp, to treat with the chiefs, when three of the four commissioners, including Gen. Canby, and Rev. Dr. Thomas, a Methodist clergyman of San Francisco, were murdered in cold blood. This measure has determined the American Government to exterminate this Indian tribe without mercy. The fact that the murder was done by the chiefs themselves, is the worst feature of the sad tale.

Both Minister Low of China and Minister De-Long of Japan have resigned. This will account for the resignation of Hawaiian Charge by the latter.

A terrible storm prevailed over the American Continent from the 11th to 15th of April, owing to which telegraph communication was suspended and mails stopped.

The much talked of strike of the carpenters and builders in New York and Brooklyn proved a failure.

DESTRUCTION OF A CITY.

The city of San Salvador, Central America, has been destroyed by an earthquake. 800 persons perished and twelve millions of dollars of property were destroyed. The earthquake was followed by a conflagration and many buildings were burned.

A few days slight shocks of earthquake had occurred, but no serious apprehensions were entertained. It was on the afternoon of the 4th inst., at about half past 4 o'clock, almost without warning, a great part of the city was reduced to little more than ruins. The ground heaved like a ship in a gale; a terrific thundering burst from under foot; walls tottered and were rent in many places with wide crevices; roofs sank to the ground. Three violent shocks followed in succession, and servants commenced to scream piteously, and could not be pacified. Wild birds flew to houses, horses grew frantic in the stables and dogs howling, stuck for protection. Every few minutes, shakings of a less violence occurred. The scene baffles description. Ruined houses, panic stricken people; men and women and children fled to the fields with valuables hastily collected. Then the ringing of the alarm bells and beating of drums calling all soldiers under arms; for in San Salvador murder and pillage accompany the confusion of great earthquakes, and the frightened citizens leave town, and Indians from the forests prowl into it for prey, and are only checked by the bayonets of Government troops, which are posted in squads at short distances all over the city.

CALIFORNIA NAVAL NEWS.

WASHINGTON, April 11—Commander J. C. McDougall has been detached from the temporary command of the Naval rendezvous at San Francisco and ordered to the command of the Asiatic station. He is to leave per steamer of May 1st.

Second Assistant Engineer A. R. Bates is ordered from the Navy Yard at Mare Island to the Naval Station at Longue Island.

MEXICAN AFFAIRS—THE FREE ZONE.

Though General Sherman denies emphatically that there has been any concentration of troops on the Rio Grande to encourage the Free Zone portion of Mexico to assert its independence, with a view of American annexation, there are some who persist in believing that the story has some foundation, and that Secretary Belknap's visit in that direction is for the purpose of ascertaining surely what is the disposition of the people in that portion of Mexico.

CIVIL WAR IN LOUISIANA.

NEW ORLEANS, April 11—From the officers of the steamer *St. Mary* it is learned that the officers at Colfax have experienced no change since Sunday. About 300 armed negroes are still entrenched on Calhoun's plantation, and on both sides of the river armed negro pickets are patrolling the interior of the country.

For a long distance on the river, both above and below Colfax, all plantation labor has been suspended, and the only negroes to be seen are the women and children, the men having rallied to the standard of battle.

NEW ORLEANS, April 15—The steamboat which arrived this afternoon brings information from Grant Parish of a regular war in progress between the whites and blacks at Colfax. About one hundred negroes have been killed and many were wounded in the battle on Sunday.

JUSTICE COCKBURN'S LETTER CONDEMNED.

Secretary Fish has written a letter relative to the paper filed by Justice Cockburn in the record of the Geneva Arbitration, which claims that England's action during the rebellion was internationally legal. Mr. Fish severely condemns the paper and charges that its issue justifies apprehensions of future difficulties with England, and virtually ignores the idea of any settlement of the principle which was affected by the Geneva Conference.

RUMOR THAT THE POPE IS DEAD.

ROME, April 10—His Holiness, the Pope, is again seriously ill. His indisposition has become so much worse as to excite the serious apprehensions of his physicians.

PARIS, April 15—There was a rumor on the Bourse late this afternoon that the Pope was dead, but it has received no confirmation.

BRITISH FINANCES.

LONDON, April 7—In the House of Commons this evening the budget was presented by the Chancellor of the Exchequer. The floors were well filled with members and privileged persons, and the galleries were crowded with spectators.

Lowe, on rising, was greeted by cheers. He proceeded to make his statement of the budget, of which the following are the principal items: Finances for the year ending in March 31st, 1873: Grants by Parliament, £71,881,000; expenditures, £70,714,000; estimated revenue, £71,948,000; actual revenue, £76,608,175; present debt, £785,850,000; reduction of debt during the year, £6,861,000. Estimates for the year ending March 31st, 1874, are as follows: Expenditures, £71,871,000; decrease from last year, notwithstanding the enhanced price of coal, £10,000; revenue, £70,817,000; balance on hand at that close of the year, close upon £12,000,000. After making this flattering financial exhibit, which put the House in great humor, Lowe said the Government had some propositions to make. It had to provide for the Geneva award, and he proposed to pay half of the amount out of the revenue of the present year without additional penny to the taxation. He next surprised the House by announcing that the Government was enabled to propose a reduction of 6d per cent on sugar and to take off a penny from the tax on income. These proposals, if adopted by the Parliament, would change the estimates to the following figures: Revenue, £71,352,000; expenditures, £70,471,000. Thus a heavy payment will be met and a large reduction made in taxes and a satisfactory surplus shown.

Lowe was frequently cheered while making his statement, and at the close was loudly applauded. He then moved, in accordance with the recommendation of the budget, that the income tax be reduced to one penny on the pound.

THE PRALL

CONDENSING STEAM PUMP

The Cheapest!
MOST
Reliable,
Most Durable
AND
MOST ECONOMICAL PUMP
IN USE:

THIS PUMP IS ESPECIALLY ADAPTED to Irrigating Sugar and Rice Plantations.

PRICES, WITH BOILERS.

Range from $350 and Upwards,

According to capacity required.

This remarkable Pump, though having been used extensively in the Western States for the past year, is now for the first time offered to the trade of the Pacific.

It is adapted to the raising of water or other liquids, under all possible conditions where steam can be obtained, operating absolutely without machinery with more economy and less liability to derangement than any pump in use. As a MINING PUMP its advantages are most obvious.

The steam is condensed instead of being exhausted into the shaft or tunnel. It is not affected by mud, sand or grit, having no working parts to wear or cut out.

It is economical of steam, because all friction is avoided, and the steam is made to do double duty, that of direct pressure and then by condensation, utilizing the atmospheric pressure to lift the water to the Pump.

It requires no lubrication nor any attention whatever.

For IRRIGATION and raising water for stock purposes, the Prall Pump is vastly superior to anything ever before invented.

It requires less steam to elevate water from 20 to 30 feet than would be necessary to move any other style of Pump doing no work.

It is so simple that any one of ordinary intelligence, however unaccustomed to machinery, can operate it.

They are constructed of seven different sizes, with capacities ranging from two to fifty thousand gallons per hour.

Boilers furnished with Pumps when desired.
