Military Notices.

Officers of Companies having men enrolled, and wanting aid, necessary or otherwise, can meet it, and their positions secured in a First-Class Regiment, with a Graduate of West Point recommended, by addressing "REGIMENT," Box No. 198, Tribune Office.

Baker's *Brigade*.—This Brigade will be commanded by Col. E. D. Baker, Senator from Oregon; will have its Headquarters at No. 548 Broadway. Applications for organized companies to the extent of three Regiments, will be received on and after Monday, August 12. J. M. DAVIES, Col. Harris Light Cavalry, Baker's Brigade.

Fremont Rifles.—Col. W. MERRITT.—Headquarters No. 463 Broadway.—Captains having 64 men under their command will be received and mustered into service immediately, with supplies and clothing. Returned Volunteers, officers and men, will find this a very favorable opportunity to reenlist for the war. Bounty, $30 per man.

SURGEON-GENERAL'S OFFICE, Aug. 9, 1861.

The following Act of Congress in relation to the Corps of the Medical Cadets is published for the information of all concerned:

"SEC. 7. *And be it further enacted*, That there be added to the Medical Staff of the Army, a Corps of Medical Cadets, whose duty it shall be to act as dressers in the general hospitals and as ambulance attendants in the field, under the direction and control of the medical officers alone. They shall have the same rank and pay as the military cadets at West Point. Their number shall be regulated by the exigencies of service, at no time to exceed fifty. It shall be composed of young men of liberal education, students of medicine, between the ages of eighteen and twenty-three, who have been reading medicine for two years and have attended at least one course of lectures in a medical college. They shall enlist for one year, and be subject to the rules and articles of war. On the fifteenth day of the first month of their service the near approach of their discharge shall be reported to the Surgeon-General, in order, if desired, that they may be relieved by an another detail of applicants."

Application must be made to the Surgeon General for admission into the corps, in conformity with the above act stating the date and place of birth, place of residence, period of medical studies, and inclosing the certificate of the dean of the college (or, when not obtainable, other satisfactory evidence of the fact) that the applicant has attended one full course in a medical college.

These applications must also be accompanied with testimonials of the good moral character and sound physical condition of the applicant.

When an application is favorably considered, the candidate will receive a letter authorizing him to appear before an Army Board of Medical Examiners, who will make a special report in each case. From among those approved by the Board the Surgeon General will select such a number as the service may require.

As the services of this class of medical and surgical assistants are at once required, applications, to be successful, should be promptly made to the Surgeon General, who will direct the candidate to appear before one of the Army Medical Boards now in session in Washington and the City of New-York.

R. C. WOOD, Acting Surgeon-General.

The d'Epinueil Zouaves.

We remarked yesterday a very handsome Zouave going down Broadway, and being easily the uniform, according to the French regulations, for the "Blue Zouaves."

He is one of the members of the new regiment now forming under the able direction of Col. L. T. d'Epinueil. This regiment will be one of the finest and best clothed in the Volunteer army.

The Colonel has secured the cooperation of an ex-officer of the French Artillery, M. Viguier de Montcil, who has just been named Lieut.-Col.

The appointment of Major is reserved for an officer of great merit, who is daily expected.

Those who wish to join this regiment, already accepted by the Secretary of War, can apply to enlist at No. 40 Cedar-st., headquarters, and No. 6 Centre-st.

COMMISSARY-GENERAL'S DEPARTMENT, STATE OF NEW-YORK—COMMISSARY-GENERAL'S OFFICE, New-York, Aug. 9, 1861.

The Commandant of each Regiment of the New-York State Militia which has been mustered in and accepted into the service of the United States, is hereby directed to cause all the Arms and Equipments intrusted to their command, to be deposited in the Armory of his regiment for such inspection as may be deemed expedient, and to report, at once, to this Department.

It having been represented to me that Arms and Equipments belonging to this State have been offered for sale by men calling themselves soldiers of the State, I hereby caution all persons not to purchase such arms and equipments, as they will be claimed and taken wherever found, by this Department.

BENJ. WELCH, JR., Commissary-General.

Morton's Celebrated Gold Pens.—Improvements made in the machinery for manufacturing Gold Pens, and secured to the subscriber by Letters Patent, have enabled him to overcome the many imperfections hitherto unavoidable in their production, and also to bring the cost within the reach of all. The writing public should know the following facts: Constant writing for six months is done cheaper with Gold Pens than with steel, therefore, it is economy to use Gold Pens. The Gold Pen remains unchanged by years of continued use, while the Steel Pen is ever changing by corrosion and wear; therefore, perfect uniformity of writing is obtained only by the use of the Gold Pen. The Gold Pen is always ready and reliable, while the Steel Pen must be often consumed and a new one selected; therefore, in the use of the Gold Pen there is great saving of time. Gold is capable of receiving any degree of elasticity, so that the Gold Pen is exactly adapted to the hand of the writer; therefore, the nerves of the hand and arm are not injured, as is known to be the case by the use of Steel Pens. He is now selling Gold Pens at prices varying from 25 cents to $1, according to size, the average wear of every one of which will far outlast a gross of the best Steel Pens. Sold by all dealers in the line throughout the country. Wholesale and retail at the store, No. 25 Maiden-lane, where all orders, inclosing cash or post stamps, will receive prompt attention; and a Pen or Pens corresponding in value, and selected according to description, will immediately be sent by mail or otherwise, as directed. Address

A. MORTON, No 25 Maiden-lane, New-York.

IRON-CLAD STEAM VESSELS.

The NAVY DEPARTMENT will receive offers from parties who are able to execute work of this kind, and who are engaged in it, of which they will furnish evidence with their offer, for the construction of one or more IRON-CLAD STEAM VESSELS OF WAR, either of iron or of wood and iron combined, for sea or river service, to be of not less than ten nor over sixteen feet draft of water; to carry an armament of from eighty to one hundred and twenty tons weight, with provisions and stores for from one hundred and sixty-five to three hundred persons, according to armament, for sixty days, with coal for eight days. The smaller draft of water, compatible with other requisites, will be preferred. The vessel to be rigged with two masts, with wire-rope standing rigging, to navigate at sea.

A general description and drawings of the vessel, armor, and machinery, such as the work can be executed from, will be required.

The offer must state the cost and the time for completing the whole, exclusive of armament and stores of all kinds, the rate of speed proposed, and must be accompanied by a guaranty for the proper execution of the contract, if awarded.

Persons who intend to offer are requested to inform the Department of their intention before the 15th August inst., and to have their propositions presented within twenty-five days from this date.
