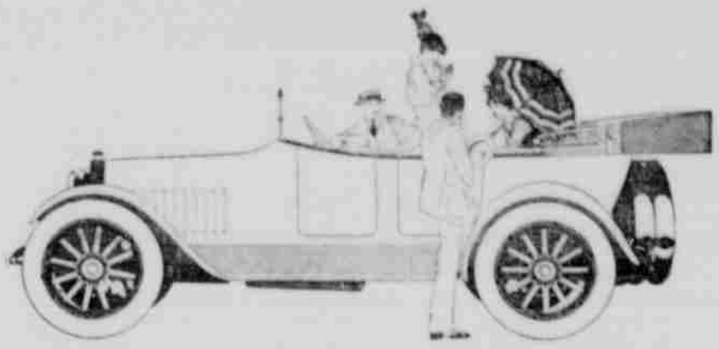
Price $1090 Detroit

Quality First



SHE'S THERE BECAUSE SHE PERFORMS—
THE 3400 r. p. m. CHALMERS

Most cars start alike. But very few finish alike. Therein comes a mighty difference.

Step on the little button 10 months after date and you'll readily note the inequality.

One is sluggish, "dead"; without emotion, and responds to the touch with the speed of old-time oxen responding to the lash.

The other is alive, alert, ready; radiates desire to plunge ahead.

This is the 3400 r. p. m. Chalmers kind. The other kind is the species known to the trade as "one-year" cars.

Chalmers makes a five-year car. There's many an old 1909 Chalmers 30 Blue Bird giving a good account of itself today. You'll find the everlasting up there five years from the day you take your first turn at the wheel.

Largely because of the 3400 r. p. m. engine. Which delivers mighty power with easy effort.

It's mostly in the design. The pistons are aluminum, about two pounds lighter per piston; the reciprocating parts lighter, which eases up the thrust on the bearings.

Then the crank-shaft, which is very heavy, and balanced to the weight of a hair in a special Chalmers device, spins at the rate of 3400 revolutions per minute.

It means excellent reserve power. For at 10 miles an hour the engine is turning up only 500 r. p. m. while at 20 she is doing about 1000 r. p. m. So that at excessive road speed she has the punch to deliver when called upon.

16% of her power is used at 10 miles an hour. So that she has 60% to 84% — when a twisting, hilly road looms ahead, when a sharp corner with a rugged grade hoves in sight; when the man ahead is showing you too much dust.

You'll like the 3400 r. p. m. Chalmers for one single little reason. She sure can perform.

Ask your dealer about Chalmers service inspection coupons, negotiable at all Chalmers dealers everywhere. This system is a most important consideration in buying your car.

Five-Passenger Touring Car, $1090 Detroit.

Amusements

Another Great Margueritte Clark Film.

Following her marvelous performance in the dual title role of the adaption of "The Prince and the Pauper" the first of the immortable Mark Twain's books to be transferred to the screen as a feature, Marguerite Clark appears as the star in the Famous Players Film Company's presentation of the popular theatrical success "Rose and Max," which will be the Paramount Picture at the Amusu Monday.

"Rose and Max" which was written by Madeleine Lorette Ryley, was first presented at the Royal Academy in Manchester, England, in 1901. The tremendous success of the initial production led to its appearance in London, at the Lyric, where Sir Johnson and Lady Gertrude Forbes-Robertson scored a great hit in this happy combination of comedy and pathos, this play enjoying the unique distinction of a twelve months' run. Anna Russell, the distinguished actress, starred in "Men and Men" at the Garrick Theatre, in New York, in the season of 1904, which marked the first presentation of the play in the United States.

The Glover Jelinek Auto Company reports the sale and delivery of Ford autos during the past week to the following parties: Gulf Refining Company, Garrett and Fuller, W. B. Morgan, city and J. A. Jones of Bishop.

Vaudeville Continuous, all seats 35c. High School Auditorium, Friday, May 12, 8 p. m. Exchange tickets for reserved seats at C. C. Book Store. (No extra charge.) 364

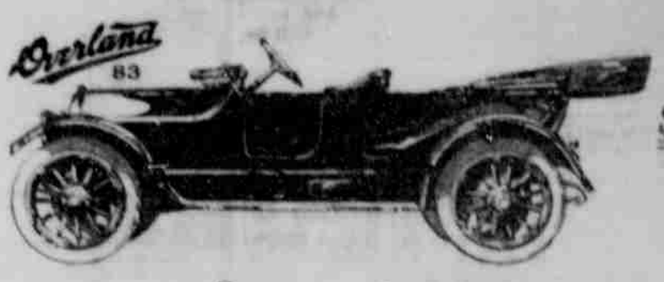
Overland



Model 83 B
$695
Roadster $675
f. o. b. Toledo

—at home in any company

The $695 Overland is a beautiful car. It asks no odds of any car at any price either in power or appearance—it is at home in any company.

The remarkable power of its 35 horsepower en bloc motor is apparent at a touch of the throttle—a smooth, quiet flow of power that responds instantly.

It has convenience of electric control—the control buttons are on the steering column. This arrangement is found only on the Overland and very few much higher priced cars.

Deep, inviting divan upholstery, long underslung rear springs, and four-inch tires provide real riding comfort.

And furthermore it is finely finished in a rich, deep Brewster green, striped with pure ivory white, and set off in pleasing contrast by black enameled radiator and fenders.

You cannot get all the advantages of the $695 Overland in any other car selling at anywhere near this price.

You get the benefit of the Overland factory's economies in building hundreds of cars a day—their enormous output makes it possible to give you more value for your money.

Now is the time to order your car, for either immediate or later delivery. See us at once.
