Delightful economy.

Oh—that sinking of the heart, when you look in your ice-box and see the tiny dab left from yesterday's pound of butter!

As a matter of fact, you would probably not be using butter for cooking nowadays, if you could get the same delicious results without it.

You *can*. Yes—without a *particle* of butter!

Here is the way: Use wholesome, economical Cottolene for your fine cooking, in place of expensive butter.

In purity Cottolene has set the highest possible standard for shortenings.

Try Cottolene in any familiar recipe. Use one-third less than you would use of butter.

You will find that shortenings which seem cheap, when scooped out by the pound, are often more expensive than Cottolene in actual use.

Why?

Because many careful housewives have found that Cottolene—owing to its superior richness—goes much farther than other shortenings which they had been using.

Try Cottolene next time. It is sold by grocers in tins of convenient sizes.

Recipe for MOLASSES COOKIES

1 cup molasses — 1 level tablespoon ginger
½ cup Cottolene — ½ level teaspoon soda
½ cup sugar — ½ cup cold water
½ level teaspoon salt — 3 to 4 cups flour

Heat molasses, pour over Cottolene. Add sugar, salt and ginger or a mixture of other spices if preferred. Dissolve soda in cold water and add to first mixture. Stir in flour, making a soft dough to drop from spoon, or a stiff dough to be rolled and cut. Bake in moderate oven.

Annual Child Welfare Conference Will Meet at Houston, Nov. 21-26, 1917.

The Houston City is being prepared and active in the preparation of a welcome for those attending the annual Child Welfare meet. The Houston Association of Houston and Harris County are keenly alive to the development of a program that promises three days of huge gatherings of city after concerns and business.

Local and Women Clubs and Parent Teachers Associations are active and responded the State in getting ready to be represented through delegates and representatives of their respective organizations.

In a letter to members the Board secretary speaks stress on the following points:

Should a Child Health unit be sent this year?

Should organization send delegates and alternates of your city next meeting? If so meeting is to be held between now and the 1st, your executive board should call a meeting for this purpose.

Time of conference: Houston, Nov. 21-26 1917.

Courtesy, care and attention from arriving Sun. Nov. 25th and first through Nov. 26th.

Mrs. H. O. W. will be headquarters.

An invitation of the Conference are to be held in the Third Presbyterian church, Nov. 26.

Delegates will have an opportunity to visit the night schools. Conference meetings will be held and subjects of vital interest on child welfare presented.

Every State organization is requested to give brief reports.

Among the special features to be presented is Immigrant Homes will be represented this in this Institute, beginning in Battle of San Jacinto grounds, visit to Camp Logan, the Boy Training School, a reception at the Rice hotel and that night very remarkable part of our work getting together with each other and everybody in the work the state officers, the chairmen and secretaries in the different State departments of the work. This year coming together is the greatest factor of success in child welfare work.

Talk about this future gathering of our "Parent Teachers" mentioned. Watch for the next issue issue giving a full program. It will be well worth while for an organization to pay the expenses of a delegate so as to have a personal report of every session. Your organization will be enriched by direct contact with the broad, lofty and liberal condition. Inspiration may not be measured.

LINEN SUPPLY LOW

LONDON, Oct. 16.—The linen manufacturers of England, Scotland, and Ireland are somewhat anxious about their supplies owing to the capture of Riga by the Germans. Riga was their chief source and now that the enemy is in possession they are experimenting with nettles, the fibre of which is to be used for the making of yarn and cotton.

STRIKES IN AUSTRALIA

MELBOURNE, Australia, Oct. 16.—Strikes such as Australia had never before known marked all of August, and early in September showed little sign of abatement. Government officials asserted that they were due to political and not industrial causes. William M. Hughes, the prime minister said one of the strikes was a revolt, not a strike and that "a conspiracy" was on foot "made up of violent extremists, syndicalists" and Sinn Feiners.

The Commonwealth's war burdens were greatly aggravated by the strikes and it's war efforts greatly hampered. Five of the six states experienced them at once.

AMERICAN STUDENTS' HOUSE

PARIS, Oct. 16.—The municipal council of Paris has offered a thousand yards square of ground on the Champ de Mars, where the exposition of 1900 was located, to American universities for the construction of the "American Students' House." It is understood that the work of construction will begin at an early date.
