Religious Notices.

Are You in the Way?—Reader, I hope you are travelling in the way that leads to heaven. There are many false roads. "There is a way that seemeth right unto a man, but the end thereof are the ways of death." Suffer me to say a few words about the right way. It would be an awful thing to make a mistake.

The apostle Peter shows us the way to heaven in the fourth chapter of the Acts. He there says of Christ, "Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved." Acts 4: 12. Now what is this? On our clearly seeing this very much depends.

He means that no one can be saved from sin, its guilt, power, and consequences, excepting by Jesus Christ.

He means that no one can have peace with God the Father, obtain pardon in this world, and escape wrath to come in the next, excepting through the atonement and mediation of Jesus Christ. We cannot make peace for ourselves. We must believe on Christ.

In Christ alone God's rich provision of salvation for sinners is treasured up. By Christ alone God's abundant mercies come down from heaven to earth. Christ's blood alone can cleanse us. Christ's righteousness alone can clothe us. Christ's merit alone can give us a title to heaven. We have no merit of our own. We must believe on Christ.

Remember that heaven is before you, and Christ the only door in to it; hell behind you, and Christ alone able to deliver you from it; the devil behind you, and Christ the only refuge from his wrath and accusations; the law against you, and Christ alone able to redeem you; sin weighing you down, and Christ alone able to put it away. This is the doctrine of the Bible.

Now, do you see it? I hope you do. But I fear many think so who may find one day that they do not.

The Bar of Justice.—Reader, settle it down in your mind that there can be no peace with God unless you feel that you are justified by Christ. You must know what is become of your sins. You must have a reasonable hope that they are forgiven and put away. You must know the witness of your conscience that you are reckoned not guilty before God. Without this, it is vain to talk of peace. You have nothing but the shadow and imitation of it. "There is no peace, saith my God, to the wicked."

Did you ever hear the sound of the trumpets which are blown before the judges as they come into a city to open court? Did you ever reflect how different are the feelings which these trumpets awaken in the minds of different men? The innocent man, who has no cause to be tried, hears them unmoved. They proclaim no terrors to him. He listens and looks on quietly, and is not afraid. But often there is some poor wretch waiting his trial in a silent cell, to whom these trumpets sound a knell of despair. They tell him that the day of trial is at hand. Yet a little time, and he will stand at the bar of justice, and hear witnesses after witnesses telling the story of his misdeeds. Yet a little time, and all will be over—the trial, the verdict and the sentence—and there will remain nothing for him but punishment and disgrace. No wonder the prisoner's heart beats when he hears that trumpet's sound.

Reader, there is a day fast coming when all who are not justified shall despair in like manner. The voice of the archangel and the trump of God shall scatter to the winds the false peace that now buoys up many a soul. The day of judgment shall convince thousands of self-willed people, too late, that it needs something more than a few beautiful ideas about God's love and mercy, to reconcile a man to his Maker, and to deliver his guilty soul from hell. No peace shall prove solid, substantial, and unbroken, in that awful day, but the peace which is built on justification by the blood of Christ, and comes from faith in him.

Special Notices.

At a Special Meeting of Empire Engine Company No. 42, held on THURSDAY, Aug. 15, 1861, the following resolutions were unanimously adopted:

Whereas, We have the melancholy intelligence of the death of ex-and honorary member Noah L. Farnham; and, whereas, he was so long our associate, having entered the Fire Department by joining this company in the year 1836, and having won reputation and merited distinction both in our ranks and among our fellow-members of the Department, culminating finally in his elevation to the office of Assistant Engineer; and,

Whereas, After laying down the robes of official station, he voluntarily returned to this company as a private member, thereby signifying his partiality for our particular organization; therefore, in view of these facts, and of our appreciation of his many estimable virtues, it is peculiarly fitting that we should give expression to our sentiments in an embodied form; therefore, be it

Resolved, That we, the members of Empire Engine Company No. 42, hereby bear our united testimony to his zeal, faithfulness, and vigilance as a member of this company, his enthusiasm, intrepidity, and disinterestedness as a fireman, his daring bravery, exalted patriotism, and gallant bearing as a soldier, and his dignity, integrity, and honor as a man.

Resolved, That we hold dear the memory of our departed friend, and must ever admire the crowning act of his exemplary life in so promptly responding to the call of patriotism when danger threatened the capital of his country, sacrificing every interest, and ultimately his life, in the path of duty.

Resolved, That we tender to the family and relatives of Col. Farnham our sympathy in the loss of one taken away just at the threshold of so brilliant a career, promising much for himself, his friends, and his country.

Resolved, That we cause the emblems of mourning to be placed upon our Engine House and apparatus, and that we wear crape on the left arm for thirty days.

Resolved, That a copy of these resolutions, properly authenticated, be forwarded to the family of the deceased.

J. D. COSTA, Foreman.
JOHN SWANTON, Secretary.

Morton's Celebrated Gold Pens.—Improvements made in the machinery for manufacturing Gold Pens, and secured to the subscriber by Letters Patent, have enabled him to overcome the many imperfections hitherto unavoidable in their production, and also to bring the cost within the reach of all. The writing public should know the following facts: A constant writer for six months is done cheaper with Gold Pens than with steel, therefore, it is economy to use Gold Pens. The Gold Pen remains unchanged by years of continued use, while the Steel Pen is ever changing by corrosion and wear; therefore, perfect uniformity of writing is obtained only by the use of the Gold Pen. The Gold Pen is always ready and reliable, while the Steel Pen must be often condemned and a new one selected; therefore, in the use of the Gold Pen there is great saving of time. Gold is capable of receiving any degree of elasticity, so that the Gold Pen is exactly adapted to the hand of the writer; therefore, the nerves of the hand and arm are not injured, as is known to be the case by the use of Steel Pens. He is now selling Gold Pens at prices varying from 25 cents to $1, according to size, the average wear of every one of which will far outbeat a gross of the best Steel Pens. Sold by all dealers in the line throughout the country. Wholesale and retail at the store, No. 25 Maiden-lane, where all orders, inclosing cash or post stamps, will receive prompt attention; and a Pen or Pens corresponding in value, and selected according to description, will immediately be sent by mail or otherwise, as directed. A GREAT NATIONAL WORK.
SOMETHING FOR EVERY CITIZEN, EVERY FIRESIDE, EVERY READER.
THE ONLY CORRECT AND COMPLETE HISTORY OF THE WAR.

On Wednesday, Aug. 21, will be published, the first number of a great popular national work, of inestimable value to all, viz: the

SOUTHERN REBELLION
AND THE
WAR FOR THE UNION.

A History of the Rise and Progress of the Rebellion, and Consecutive Narrative of Events and Incidents, from the first stages of the Treason against the Republic down to the close of the Conflict, together with the important Documents and Extracts from remarkable Speeches.

IN WEEKLY PARTS, 32 PAGES, LARGE OCTAVO, PRICE 10 CENTS.

The want of an AUTHENTIC and THOROUGH History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of this nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters, and editorials of the daily newspapers, to PRECIPITATE, from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of PERMANENT VALUE AS WELL AS OF PRESENT INTEREST, the publisher has arranged for the issue of the History as above set forth—in a form and at a price which shall render it ACCEPTABLE TO ALL.

This History will tell the STORY AS IT IS, giving a clear, consecutive narrative of the entire movement including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be a mere diary, nor a mere enumeration of dry and naked dates, nor a compilation of slips from newspapers, but will portray, in connected and interesting narrative, the revolutionary steps, as well as the measures of the Government.

It will thus prove desirable available, and satisfactory to every citizen, every family, every office, and is given to the public in the full assurance that it will command the approbation of every good citizen in our still glorious land.

To be had of all newsdealers, postmasters, and booksellers everywhere.

Subscribers sending ONE DOLLAR in a good bill or postage stamps to

DAVIS'S CARTHAGE.
CARTHAGE AND HER REMAINS: Being an Account of the Excavations and Researches on the Site of the Phœnician Metropolis in Africa, and other Adjacent Places. Conducted under the Auspices of Her Majesty's Government. By Dr. N. Davis, F. R. G. S. Profusely Illustrated with Maps, Wood-cuts, Chromo-Lithographs, &c. 8vo. Muslin. $2 50.

"Dr. Davis's name will be quoted for ages to come in every discussion about Carthage."—[Blackwood's Magazine.

"The old city of Dido, and the adjacent territory of that splendid, but little known, African Republic, live again in the singular resurrection now going on; and in this volume just issued the reader is enabled, by means of the letter-press and of the numerous steel engravings, chromo-lithographs, aquatints, and woodcuts, to derive a faithful idea of the interesting specimens of ancient art which Dr. Davis has rescued from the sandy oblivion of the desert."—[N. Y. Evening Post.

"Dr. Davis here gives to the world a book containing much more than the narrative of his adventures in the work of excavation. To him belongs the honor of the first reproduction of valuable Carthaginian remains. The illustrations to the work are capital."—[Globe.

"Dr. Davis's excavations on Carthage brought rich treasures to light—mosaics, fragments of figures, coins, and numerous Punic inscriptions."—[Morning Post.

"Dr. Davis has done his work well."—[Athenæum.

"There can be but one opinion as to the consummate ability with which Dr. Davis accomplished his most interesting enterprise and the exceeding value of his discoveries."—[Spectator.

"This narrative cannot fail to attract a large share of public attention. It is profusely and admirably illustrated.

"Much amusement and instruction are to be derived from it. Scholars owe a considerable debt of gratitude to Dr. Davis for his exertions."—[Critic.

SEASONS WITH THE SEA-HORSES;
OR,
SPORTING ADVENTURES IN THE NORTHERN SEAS.
BY JAMES LAMONT, ESQ., F. G. S.
With Map and numerous Illustrations.
8vo. Muslin, $1 75.

This is the most interesting and exciting volume, descriptive of Arctic sporting, that we have met with for some time. The plan followed by the author and his companion, Lord David Kennedy, was one which is not very often adopted. They hired a small whaling sloop, with a complete crew, and everything requisite for a season in the Spitzbergen waters, and leaving their smaller yacht to cruise about, with such orders as would enable them to join her as they pleased, they proceeded at once to the house of the walrus and the seal. The author enters *con amore* into the subject, and describes the perils and the pleasures of chasing the seal, the walrus, the polar bear, the reindeer, and the white whale, in the icy solitudes of the North, with all the zest of a true sportsman.—[Critic.

This handsome volume is eminently attractive. It is full of perils and hair-breadth escapes. In point of interest it may bear comparison with the narrative of Gordon Cumming.—[Bell's Life.

A very pleasant, entertaining narrative.—[Literary Gazette.

His vivid account of the sports of the North. Entertaining, thoughtful, and spirit-stirring.—[Spectator.
