Morton's Celebrated Gold Pens.—Improvements made in the machinery for manufacturing Gold Pens, secured to the subscriber by Letters Patent have enabled him to overcome the many imperfections hitherto unavoidable in their production, and also to bring the cost within the reach of all. The writing public should know the following facts: Gold Pens last a lifetime; writing for six months is done cheaper with Gold Pens than with steel, therefore, it is economy to use Gold Pens. The Gold Pen remains unchanged by years of continued use, while the Steel Pen is ever changing by corrosion and wear; therefore a perfect uniformity of writing is obtained only by the use of the Gold Pen. The Gold Pen is always ready and reliable, while the Steel Pen must be often condemned and a new one substituted; therefore, in the use of the Gold Pen there is great saving of time. Gold is capable of receiving any degree of elasticity, so that the Gold Pen is exactly adapted to the hand of the writer; therefore, the nerves of the hand undergo no such injurious strain as are known to be the case by the use of Steel Pens. He is selling Gold Pens at prices varying from 25 cents to $1, according to size, the average wear of every one of which will far exceed that of the best Steel Pens. Sold by all dealers in Pens throughout the country. Wholesale and retail at the Depot, 25 Maiden-lane, where all orders, including cash or postage stamps, will receive prompt attention; and a Pen or Pens corresponding in value, and selected according to description, will immediately be sent by mail or otherwise, as directed. Address
A. MORTON, No. 25 Maiden-lane, New-York.

On its contract Principals have beautified their establishment during the vacation, and made extended provision for the education of their pupils.

Now let the good men of New-York sustain each other in all our social frame-work, and let their favored sons avail themselves of the best advantages to prepare for the mighty spring of progress which will engage the national industries when the Union is pacified, and when high qualification will meet with high reward.

As a thorough organized *Private High School*, which is one of the oldest and best established in the city, having *Junior Middle*, and *Senior Departments*, *two hundred pupils* (from seven years old and upward), and *twelve professors*, the competence of its instruction in preparing students for business or college, the beauty and healthfulness of its location, its ample facilities of its central position from every part of New-York and the neighboring cities, and the *large, well-aired Lofty Hall*, and *admirably contrived rooms*, filling three stories of a building erected by the proprietors expressly for its accommodation, are generally known. Its numerous classes of every grade, in Latin, Greek, Mathematics, Modern Languages, *Commercial studies*, Drawing, and Painting, with all the English branches, offer unusual advantages to those to whom "time is money," and who cannot afford to waste this precious article either in *idleness at home* or on worthless tuition in *inferior precious minutes*.

Students for West Point, Harvard Columbia, and other Colleges are admitted at any time to the classes for which they are prepared. Also, Boarders at *reduced prices*, and *all charged only from the time of entering*.

The following unsolicited communication (among a multitude of similar ones in possession of the Principals) we have the author's permission to mention.

No. 123 BROADWAY, March 11, 1861.

G. W. CLARKE, esq.

MY DEAR SIR: In the pressure of professional engagements, I forgot to excuse the withdrawal of my two sons last November. I desire now to say to you that a change of residence to the country rendered it necessary and that at an early day they will, I trust, return to your excellent institution to remain until fitted for College. Of the unsurpassed advantages of your School I can bear witness; for the progress of my sons under your care would and more than I could have expected. Their residence in the country has led me to believe that *New-York City is the best place for the instruction and training of youth*—as I doubt not that your School is one of the best in the city.

Yours truly, JOHN LIVINGSTON.
