* Steamers leave San Francisco immediately on the arrival of the mails from London.

N. B.—The above named steamers have been chartered for seven months; and in case a new line is inaugurated, they may be superseded in August or September by new and superior boats.

In calculating the time when the Steamers will be due at this port and at San Francisco, an allowance of two days between this port and Sydney and of one day between this port and San Francisco, is made for the superior speed of the "City of Melbourne" and "Nikolo."

COMMERCIAL.

HONOLULU, JUNE 10, 1875.

We have to note but two foreign arrivals the past week—bark Delaware from Victoria, with lumber, &c., to C Brewer & Co., and bark Bonie North, in ballast, from Yokohama, to F S Pratt, Esq. The latter vessel sailed for the Guano Islands on the 12th.

The departures have been the bark Kate and J B Ford, on the 17th, both with full cargoes for San Francisco. On the 18th the bark Amelia sailed for Port Townsend, in ballast, seeking.

We have no later arrival to report from San Francisco, though the Emerald is hourly expected, with a mail.

Rice W. C. Parke commences to load sugar to-day at the steamer's wharf, and will probably sail on Saturday or Monday for San Francisco.

Foreign Commercial Items.

A telegram from New York, dated May 7, intimates that the rapid increase in silver will soon enable the American government to substitute it for fractional currency. We quote: "A Washington dispatch says the rapid increase of silver coinage within a short time causes some Treasury officers to think that the Secretary will begin paying out silver in lieu of fractional currency before the meeting of Congress in December next. It is estimated that by the last of June, the end of the present fiscal year, there will be about 6,000,000 in silver coin in the treasury, and that by the first of September there will be fully 10,000,000. With this amount it is believed that the Secretary will feel that he can safely begin to put into operation the law authorizing silver coin to be paid out and the fractional currency withdrawn."

We clip the following remarks from the S. F. Bulletin, relative to trade between that port and these Islands, and also with the Colonies. It will be seen that the exports to Honolulu are larger than to New Zealand and Australia.

"The British steamer Cyphrenes sails for Honolulu on Monday at noon. A portion of the London mail for the Colonies has been received, and the remainder will be due to-morrow night. This will permit the steamer to depart at the date originally fixed in the first announcement, which has not generally been the case. We believe that the steamer has already a fair cargo of freight engaged, including the usual assortment of specie, merchandise, passengers, &c. Our trade with the Hawaiian Islands has brightened up a little under the prospects of reciprocity. There are some four or five small vessels now engaged in the carrying traffic, in addition to a monthly steamer. The latest departure was the J B Ford on the 20th with assorted cargo valued at $7,700. This is the only clearance for the Islands this month. The exports to Honolulu since January 1st have been as follows:

January	$22,700	April	$16,400
February	26,800	May	7,700
March	48,600		
Total			$124,000
Add cargo of outgoing steamer			32,900
Total			$156,900

The shipments to Honolulu consist of groceries, dry goods, drugs and hardware. There is a good demand here for the leading staples received from the Islands. The stock of Hawaiian sugar is light, and stocks with readiness at 7½@8½c, rather firm for the washed. Hawaiian rice and coffee are also in favor at full prices. Fish is weak at 4c. The only product of Australia in market is coal, which is rather weak under large supplies, present and prospective, and a falling off in the demand from the Pacific Mail Company. The product shipped to Australia are stocks of Sugar, barely correct in this market. The exports from California to the Colonies since January 1st have been as follows:

	Australia.	New Zeal'd.
January	$ 22,800	$7,400
February	40,100	4,300
March	30,700	5,800
April	12,900	1,900
May	19,000	2,700
Totals	$125,500	$22,100

☞ The Postmaster General, under the authority of the Act of Congress of June 8, 1872, has ordered that the rate of United States postage on letters sent to or received from foreign countries, with which different rates have not been established by the Postal Convention, or other arrangement, when forwarded by vessels regularly employed in transporting the mails, shall be reduced from 10 cents to 5 cents for each half ounce or fraction thereof; to take effect July 1, 1872. In other words, if we had no postal treaty with the United States, all single letters for these Islands would be few cents instead of six, as fixed by the treaty. Cannot an effort be made to secure a new postal treaty with America, so as to keep up with the international rate now being established, on newspapers as well as letters?

NOTES OF THE WEEK.

☞ The Alumni gathering will take place to-morrow evening at Oahu College, Punahou, at 7 P. M.

☞ The ship Emerald is fully due here to-day from San Francisco, with a mail and dates to June 1.

☞ The annual rhetorical exhibition and distribution of prizes at St. Albans College will take place on Saturday evening, June 19, at 7:30.

☞ The annual examination of Oahu College began at noon yesterday, and will continue through to-day, closing with rhetorical exercises this P. M.

☞ Bark D. C. Murray sailed hence for San Francisco, May 11, and probably arrived over early in June. She will therefore be due here during the next eight days, and will doubtless bring a mail.

☞ The missionary packet "Morning Star" will sail for Micronesia on Monday next. She will be commanded by Capt Colcord, who lately arrived from Boston to take charge of her. The religious services on board will take place at 11 o'clock A. M. (and not at 2 P. M. as before announced.)

THE FIRST STEP TO RUIN.—An old criminal was once asked what was the step that led to his ruin, when he answered: "The first step was cheating a printer out of a two years' subscription—when I had done that, the devil got such a grip on me that I could never shake him off."—Exch.

☞ The International Ball has been postponed till next week, on account of the non-arrival of the Tuscarora and the inclement weather. It will take place on the 24th or 25th instant, as was originally suggested. The subscription list is still in the hands of Mr. S. G. Wilder, Chairman of the Executive Committee; so that any to whom the list may not have been presented, and who desire to subscribe, may place their names upon it at his office.

FOR THE NORTH POLE.—Beside the English and German expeditions to the North Pole now fitting out, Captain Young is to command a private one, to start very soon, and James Gordon Bennett, of the New York Herald, and Lady Franklin, whose husband was lost in his famous expedition, are to supply some of the funds. The English authorities refused to allow her to help pay the expenses of the expedition from England, and to allow her nephew, William Franklin, to go with it.

JUNE 17TH.—To morrow, the centennial anniversary of the Battle of Bunker Hill, will be a great day in Boston and indeed in all Massachusetts. An item in an exchange says that there will be 20,000 troops in line, and, if Boston is to be believed, about 20,000,000 spectators. South Carolina, Maryland and other States will send soldiers, and there will be, of course, an endless amount of hand-shaking. The more, the better. The centennial era will doubtless give birth to bunkum galore, but it will surely do solid good, nevertheless, and the country will come out of it more united than ever before.

☞ Two Hawaiian Concerts took place last week, on Friday evening at Kaumakapili Church, and the other on Saturday evening at Kawaiahao church. On both occasions, very large audiences assembled, and yet only a little over $100 was collected at the first, and some $300 at the last. There must have been an immense number of "dead heads." The singing was mostly in Hawaiian, and very pleasing to Hawaiian tastes, so that every one who paid appeared to be well satisfied, while the "dead heads" had no right to criticise nor complain.

☞ The sixth annual Ladies Tea Party—a sort of international gathering of Hawaiians and foreigners, very aptly termed by one of the speakers, "a social mosaic"—was held last evening in the parlors of the Fort street Church, and appeared to have been enjoyed by all present. The number of Hawaiians in attendance was larger than usual, owing to the Sabbath school exhibition. After the supper, short addresses were made by Hon. H. A. P. Carter, H. L. Sheldon, Esq., Col. Allen, and Revs. M. Kuaea, and J. Waiamau, in response to sentiments proposed, among which were "The King," "The Church" "The Press"—"Our Schools," and "The Ladies." During the evening several hymns were sung by the Hawaiians and foreign ladies and gentlemen present.

SHOT DEAD.—Another fatal murder has been committed in Hamakua, Maui, in the shooting of a Chinaman on Wednesday last. A coroner's jury was convened on Thursday which rendered a verdict of death by a bullet from some unknown person. On the next day an old man named Ashman or Ashburn was arrested on suspicion of having committed the deed. It appears that four Chinamen came forward and testified to Ashman's making and selling okolehao, and on their testimony he was fined $50. He avers that he has never made or sold a drop of liquor and that these Chinamen have conspired to compel him to leave Hamakua. Fearing that they intended to kill him he borrowed a pair of pistols, which he kept under his pillow. On the day of the murder he went to Waiuku, and the two pistols were found in the road, near the dead man. The circumstances point strongly to him as the murderer, and he has accordingly been arrested on suspicion, but it is possible he may be able to prove an alibi. He arrived this morning in the schooner Ka Moi, under arrest.

BASE BALL.—There were two spirited games played last week on the plains, which attracted many spectators, including not a few ladies. The first game was played on Friday between "Athletes" and the "Whangdoodles," and commenced at 1:30 P. M. The Athletes Club consisted of Messrs. Macfarlane, Parker, Sheldon, M'Shane, Ross, Fisher, Thurston, Dowsett and Akoon. The "Whangdoodles" were, C. Macfarlane, Renton, Williams, Surrey, F. and J. Oat, Castle, Booth and Ryan. The game lasted three hours and 17 minutes, and at the close the judges reported the "Athletes" as the winners, having made 44 runs to the Whangdoodles 26.

—On Saturday afternoon a game was played between the "Athletes" and the "Pensacola nine" which attracted even more spectators than were out on the previous day, and among them were the King and Prince Royal. The game lasted over three hours, when owing to darkness, the players were compelled to quit the ground without having finished it. The Pensacola Nine had played six full innings, with 32 runs, and the Athletes five full innings, tallying 28 runs, and were playing their sixth inning, when the game was broken off. This was a closely-contested match, which, we presume, will have to be taken up and played over. Both clubs showed great skill, and were apparently pretty closely matched.

SUNDAY SCHOOL CELEBRATION.—On Saturday last there was a grand display of the Oahu Sunday schools including representatives from most of the country districts. Fourteen schools were represented in the procession, which started from Kamaukapili church at 9:30 A. M., marched through Mauna Kea, King, Punchbowl and Beretania streets, back to the same church. It is estimated that over one thousand children and teachers were in it, and each school was preceded by its banner, some of which were very handsome indeed. On arriving at the church, the schools entered the building, and the scholars were seated in the centre pews, while spectators filled the side seats. Scarcely half of those who went to see the performances could obtain entrance. The exercises commenced about 11 o'clock and consisted of recitations of scripture verses and singing by each school, and by all the schools together. At 12 o'clock, His Majesty the King arrived, accompanied with the Prince Royal, Her Royal Highness Luka Kealikolani, and His Ministers. During the exercises, His Majesty made an address, in which he exhorted young and old to follow the precepts taught in the Sabbath school. He said that sabbath schools were first established here in 1825, and this is therefore the Jubilee year, and there might be some present who would live to witness the centennial in 1925. He was astonished to see so many banners displayed, and it reminded him of his youthful days when he joined in the processions, and in this Kamaukapili church saw Kaulkeouli, Lot Kamehameha, Liholiho, Kamamalu and Luaolila. He and his sister stood here to-day where those chiefs stood then. He well remembered some of the verses which he learned when attending the Sabbath school at the Bethel church, one of which was "Give no place to the Devil," and he still possessed the prize which his superintendent, Rev. Mr. Damon, gave him. He concluded his address by telling an anecdote of the beautiful but haughty Madame Stael of France, who asked the Emperor Napoleon, "whom he considered the best woman in France." To which the Emperor quickly replied, "the woman that bears for France the most children." Now, said the King, if you ask me the same question, I will answer that the woman who bears and rears the most children is the best woman in Hawaii nei. [Tremendous cheering.]

—His Majesty was followed by His Excellency W. L. Moehonua, Minister of the Interior, who spoke of the advantages of Sunday schools. The exercises lasted till after 1 o'clock, and were extremely interesting. The idea of convening all the Sunday schools on Oahu in one grand gathering, originated with the native teachers and pastors, who wished the country scholars and teachers to see how these annual celebrations in Honolulu are conducted, and to enable them to improve by what they see here. Everything appears to have passed off as well as could be expected in the first gathering of the kind; and the natives themselves seem to have enjoyed the festival very much. It is to be hoped that such general celebrations of all the schools on each island may be held occasionally, perhaps not every year, but once in three or four years. Where well conducted, they can only result in stimulating a healthy rivalry, which will produce good to all connected with them. Our Sunday schools have lost much of their attractions of late years, and special efforts should be made to revive a general interest in them throughout the group.

Correspondence.

HONOLULU, June 7, 1875.

To Rear Admiral JOHN J. ALMY,
Commanding U. S. Naval Forces North Pacific.

ADMIRAL:—The undersigned have been appointed by the citizens of Honolulu a Committee to tender to yourself and the officers under your command, a complimentary Reception and Ball, as a mark of their high appreciation of the attentions shown His Majesty the King of these Islands, while in the United States—and the uniform kindness and courtesy extended to this community and the people of these Islands, by officers of the U. S. Navy.

The efficient manner in which the courteous intentions of Your Government, in conveying His Majesty to this port from San Francisco, were carried out by yourself, the Captain and officers of your flag-ship, renders it doubly pleasant to us to extend through you and them personally this evidence of our regard for that branch of the public service of your country which you so ably represent.

We would respectfully ask you to designate an evening on which it would be agreeable to yourself and officers to accept this token of the esteem in which the citizens of Honolulu hold yourself and brother officers of the U. S. Navy.

Permit us to add, Sir, the assurance of personal consideration with which we have the honor to remain your obedient servants,

H. A. P. CARTER,	APOSO,
W. F. ALLEN,	A. S. CLEGHORN,
A. S. HARTWELL,	J. B. ATHERTON,
J. C. GLADE,	J. S. MCGREW,

Committee.

U. S. SHIP "PENSACOLA," 3RD RATE,
Flag-ship of the North Pacific Station,
Off Honolulu, H. I., June 7th, 1875.

GENTLEMEN:—I have had the honor of receiving your very courteous and polite communication of the 7th inst., tendering to myself, captain and officers of the U. S. flag-ship Pensacola, a complimentary reception and ball on some evening which we may designate as convenient.

The note of invitation is couched in terms so highly complimentary to myself, to the officers of the Pensacola, and indeed, to the officers of the entire service to which I have the honor to belong, that I scarcely know how to sufficiently thank you. It is also expressed in such unmistakable language of sincerity that the officers will ever cherish the most lively feelings of friendship and regard for the gentlemen of the Committee whose names are signed to the note, and they desire through them to return the same heartfelt appreciation and thanks to the citizens whom they represent.

If the good citizens of Honolulu have been favorably and pleasantly impressed with the officers of the Pensacola, as to their deportment towards His Majesty, the King of these Islands, and towards themselves and the community, I will say with all sincerity on behalf of myself and officers, that the feeling is mutual and reciprocated, for we have been quite happy and contented while in your midst, in finding a society so genial, refined and intelligent, which has added much to our pleasure during our sojourn here. This is, indeed, genuine, social reciprocity, of a most enjoyable kind, which can be effected without the aid of national legislation.

While it was the duty and the pleasure of myself and officers to do all that we could to contribute to His Majesty's comfort and contentment while on board of the Pensacola as our honored guest, and committed to our care by the United States Government, yet I will cheerfully say that much was effected by His Majesty's genial temperament, by his equanimity and good sense, and by his aptitude for the sea, which made it comparatively an easy task for myself and the officers to entertain him, and when it was made as apparent that His Majesty felt himself to be a member of the family, an end, which was our great desire to accomplish.

On behalf of myself and officers I will say that we will accept, with great pleasure, your invitation so courteously and sincerely expressed.

In regard to designating an evening, we will leave that to the good judgment and the convenience of your Committee. Any evening during the month of June which you might select would be agreeable to us.

I am with great respect, your obedient servant.
JOHN J. ALMY,
Rear Admiral U. S. N. and Commander-in-Chief.
