GENERAL NEWS ITEMS.

Reily Baker, a late Texas ranger, a resident of Weed, Otero county, has been appointed sheriff to succeed Capt. George Curry, who resigned to accept a lieutenancy in the Eleventh regiment of volunteers for the Philippine war. Before he came to New Mexico Mr. Baker lived at Ysleta, Texas. He is said to be a fearless officer and an excellent gentleman.

The building of a Union depot is being discussed by El Paso railroad officials.

Texas has another railroad building boom on. Well, Texas has plenty of room for several hundred miles more of profitable railway.

A Las Cruces correspondent to the El Paso Herald says: A. W. Hilton of San Antonio, N. M., a prominent merchant and coal dealer, is down looking after coal interests with the mining companies. The correspondent also says Major Llewelling and his partner, Greenway Lane, located 80,000 acres of soda placer mines in the vicinity of the White Sands, near the line of Otero and Dona Ana counties, on the branch line of the Santa Fe railroad to be constructed from Las Cruces to Tularosa.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and painted him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequaled for sprains, bruises and rheumatism. For sale by M. G. Paden.

The First Salado Coal.

Salado, N. M., Sept. 29.—The first car load of Salado coal for shipment was loaded here this evening in El Paso and Northeastern car No. 588. It will doubtless be shipped to El Paso.

For ten years El Paso has been dreaming of the coming of the Salado coal, and talking about the great industrial boom this city will experience when the White Oaks railroad should tap the Salado coal fields and give El Paso cheap coal.

The first car load of the Salado coal is coming, but whether it is cheaper than coal hauled a longer distance remains to be seen.—El Paso Times.

Why experiment on yourself with remedies of doubtful utility when you can get Chamberlain's Cough Remedy, which has stood the test of time? Twenty-five years' sale and use have proven that remedy to be a prompt and certain cure for colds. It will cure a cold in a day if taken as soon as the cold has been contracted and before it has settled in the system. Sold by M. G. Paden.
