—a *false* and *groundless lie*. I am not unthankful to my good friend who has told me these things. It was right. But gentlemen, I stand here before you and declare, as I have already declared, and again declare, that the principles that governed my command in Mexico are those of my life. To *that life*, in my country's service I need not appeal in vain for an answer now.—With equal freedom and confidence do I throw myself upon the honest verdict of every man who, with me, served his country in the fields of Mexico."

Whigs! Attention!

REMEMBER THAT THE MASS MEETING OF THE FRIENDS OF SCOTT AND GRAHAM TAKES PLACE AT PALMYRA, TO-DAY.

☞ We would request attention to the advertisement under the head of "a situation as teacher wanted." Knowing him to be well qualified, we soould be glad to receive any communications on the subject. It will be seen those desiring the services of a teacher are requested to address the editor of this paper.

SLAVERY IN THE SOUTH.—A negro in this State is seldom sold to go South, unless he has been guilty of extreme misconduct. His master usually considers this step as next thing to hanging him. There is a prevailing horror of the cotton fields. The article from the London Times, on our first page, presents in a few lines the truth on this particular point, and at the same time shows the improved state of opinion in England.

Notice

IS hereby given that I have sold my interest in the Cigar and Tobacco business, recently conducted by Harris & Turner, to Mr. J. R. Harris, by whom it will be conducted in future. My friends must not forget, however, that I shall continue at my post in the old stand, and they must especially remember that as I get a share of the profits for my hire, I shall be thankful for a continuation of their patronage.

Situation as Teacher Wanted.

DIED.

In Monroe county, on the night of the 27th ult., MATTHEW C. GARTH, youngest son of John Garth, in the the thirteenth year of his age.—His sufferings continued for the space of fifty-five days, but he submitted to them with a degree of firmness never excelled by one of his age. He retained his senses till the moment of his death, and died in the full confidence that he would meet his Redeemer in another and better world.

"I DIGEST." Such is the true meaning of the word "PEPSIN" or of the two Greek words from which it is derived. This is the significant and appropriate name of the true Digestive Fluid, or Gastric Juice, prepared by Dr. J. S. Houghton, of Philadelphia, from the fourth stomach of the Ox, for the cure of Indigestion and Dyspepsia. It is Nature's own remedy for an unhealthy stomach. No art of man can equal its curative powers. It renders good eating perfectly consistent with health. See the figure of the Ox, in another part of this paper.

CONFECTIONARY AND FANCY GOODS!

Main Street, Hannibal, Mo.

Wm. McDaniel,

RESPECTFULLY informs his friends and the public generally that he has now on hand and will continue to receive a full supply of nearly every article appertaining to his line of business. My confectionary department consists in all the finest varieties of

Candy, Nuts, Raisins, Prunes, Dates, Figs, Currants, Citron, Fig Paste, Jellys, Preserves

and many other articles too tedious to mention, all of which shall be sold at the lowest price.

Sundries assorted—Pickles, Oysters, Sardines, Lobsters, Clams, Pepper Sauce, Catsup, Spices, Star Candles, Tallow do, Fine Sugar, and a large lot of Fine Segars, &c., &c.

My Fancy Department

consists in a great variety of English, French and German Fancy Goods, musical instruments, Toys, Perfumery, Fine Toilet and Shaving Soap, Shaving Cream, Colognes, Fine Pen Knives, Pocket do, Razors, Strops, Shaving Brushes, Hair do, Cloth do, Blacking do, Combs, Fine Tucking, Riding, Side and Pocket Combs—fine ivory, Thimbles, Pins, Needles, Work Boxes, Toilet do, Flower Vases, Mantle Ornaments, Fishing Tackle of all kinds, Clocks, thirty-six hour, and eight day, very low, a large assortment of low price Jewelry, and many other articles that are usually kept in a fancy goods store, all of which are offered very low at wholesale or retail; and last, but not least, I would call special attention to my very large and splendid assortment of

Rifles and Shot Guns,

which is decidedly the largest and best selected stock that has ever been brought to this market, all of which he will sell at a small advance on cost, as he has found by experience that "*Quick Sales and Small Profits*" are best. My stock of Shot Guns and Rifles embraces all the different kinds and prices, and adapted to all kinds of game. Since our attention has been turned to this branch of our trade, we have been convinced that the supply has never been equal to the demand, and that the locality of our city being in a game country and our citizens fond of hunting, at least I can speak for one, makes this a point for the establishment of a "**Gun Emporium**," on a large scale, in which may be found guns suitable for all kinds of game, in every variety of size, style and price. Believing such an assortment, sold at low rates, would command the patronage of the citizens of Hannibal, and those trading at this point, I have, for the last year, been shaping my plans to this effect, during which time I have made arrangements with the largest importing houses in St. Louis to supply me with the most approved make of guns at a very small advance on importation, thereby enabling me to sell them as low as they can be had in any market. All persons in want of guns will please call and examine my stock before purchasing elsewhere, as I am certain I can please them as to quality and price. I have also all the necessary accompaniments, such as flasks, horns, shot belts, game bags, rod cutters, tube wrenches, screwdrivers, powder, shot, lead, &c. sept23-3m.

Look out for the Old Lumber Yard.

WELL seasoned Pine Lumber suitable for all building purposes, can all times be had at the Old Hannibal Lumber Yard, which has been established 8 years. The proprietor deems it unnecessary to puff his Lumber to make it sell, or to say any thing about experience in the business except to those who never purchased from him. He would remark that an experience of eight years in the business gives the decided advantage over any other who never had *experience*—his Lumber has been purchased for cash and selected with great care, from the best mills in the Pinery. Mechanics and others wishing to purchase Lumber would find it to their advantage to call and examine the stock of Lumber and Shingles at the Old Lumber Yard before purchasing elsewhere. If you cannot get it for a less price, I will guarantee you can get it as low and a better article for the same money. Also, Lumber, Shingles and window sash.

McLean's Volcanic Oil Liniment.

WONDERFUL SUCCESS.

AMONG the many discoveries that have recently been made in the medical science, none claims the attention of the public more than McLean's Volcanic Oil Liniment.

The "Volcanic Oil," which is the basis of this valuable Liniment, is a production from Nature's own laboratory, and when chemically combined, as in McLean's Volcanic Oil Liniment, with other powerful, yet soothing and healing remedial agents, produces the most perfect and efficacious remedy that has ever been offered to the afflicted.

It has been tested by thousands, and in not one instance has it failed in giving speedy and permanent relief.

It has cured Paralysis, Rheumatism, Weakness in the muscles, Cramps, Numbness, Stiff Joints, Sprains, bruises, Pains in the Back, Loins and Sides, Ague Cake, Soreness of Female's Breasts, Scalds, burns, Spinal Affections, Neuralgia, Sore throat, Swellings, and Inflammations, and various other external diseases and pains.

When applied, its soothing influence is almost immediately felt, relieving the most severe pains. It will cleanse and purify the foulest ulcer, and it will remove any unnatural lumps, node or tumor—no difference how long it may have existed. It penetrates the flesh to the seat of disease, dissolving and removing the cause, thereby producing a speedy and permanent cure.

Here is the Proof.

MR. J. H. McLEAN, Proprietor of McLean's Volcanic Oil Liniment—Sir: I do not know a better way of expressing my gratitude for the benefit I have received from the use of your Liniment, than by having it published.

I have been grievously afflicted for eighteen years, with ulcerous sores on both my limbs. At the time I commenced using your Liniment, from my knees down to my toes was literally covered with sores. I have tried many of the most eminent physicians in Europe and the United States—they could heal up the sores, but in a few days they would break out worse than ever. I have tried many remedies; I used six bottles of the Mexican Mustang Liniment, but it did me no good. My husband and friends advised me to use McLean's Volcanic Oil Liniment; I told them nothing would relieve me but my grave.

But one of my neighbors, whose fingers were drawn crooked by rheumatism, used your Liniment, and it relaxed the muscles, and straightened his fingers in a short time. This induced me to get one bottle. I applied it, and it removed the pains. Two bottles more healed up the sores and cured me entirely.

No pen can describe the joy I feel, now I can walk without being tortured to death by such piercing pains; or the gratitude I feel towards the discoverer of such an invaluable Liniment.

MRS. MARY MACKENHAUD,
Residence in rear of Phenix Engine House.

Messrs. Gemp and Fasold, druggists, 127 Carondelet avenue, will, at any time, certify to the above statements. The above miraculous cure should prove to every well governed mind that McLean's Volcanic Oil Liniment is far superior to any other Liniment, and more efficacious than any other remedy that has ever been discovered. In fact it speaks to every man and woman, saying, "suffer no longer from local pains or diseases—McLEAN'S VOLCANIC OIL LINIMENT WILL RELIEVE YOU."

It will also cure horses that have the scratches, fistula, poll evil, sweeney, wind galls, sore shoulders or saddle galls, bruises, strains, old sores, or any swelling. Read the following

From a Practising Physician.

Mr. J. H. McLean—Sir: I wish to add my testimony to the great virtues of McLean's Volcanic Oil Liniment. I have used your Liniment on sores, bruises, &c., and it always cured them sooner than any other remedy I ever saw. I am using it now in a case of erysipelas and the patient is doing well. I have used it on a horse that had the sweeney and it cured him in a short time; also my saddle horse got lame from a lump below the hock joint—he had also the scratches very bad. I used the Mexican Mustang Liniment and several preparations of my own, but could do him no good. I rubbed McLean's Volcanic Oil Liniment on him twice, and it killed the scratches and reduced the swelling. A few more applications cured him entirely. I advise every FARMER to keep a supply always on hand, for it is a VALUABLE LINIMENT.

S. J. GILLIAM, M. D.,
Macoupah, Ills.

We say to the public, beware of liniments that are separated. Ask only for the true and genuine Volcanic Oil Liniment. It is in square bottles, with the name McLean's Volcanic Oil Liniment, blown in the glass. Take no other, and you will get a true remedy, and one which can always be relied on.

Improvement in Antagonistic Dentistry.

DR. S. H. ANDERSON would respectfully inform the citizens of Hannibal and *country especially*, that he is inserting teeth on an improved plan, which, for its adaptation to the functions of mastication, cannot be surpassed. Dr. A. will guarantee to any person who wants a set of teeth—let their jaws be ever so irregular or badly deformed from the loss of teeth and absorption—that he will make them a set that will antagonize or shut together as regularly and as perfectly the first time they are put in the mouth, without any grinding or altering, as their natural teeth ever did. Any person wishing evidence of this, if they will call on Dr. A. he will show them several entire upper and lower sets right here in the city, and let them judge for themselves. Particular attention given to the treatment of all diseases of the mouth, and the mal-position of the teeth.

All operations warranted, and charges reasonable.

N. B. Persons from the country wanting work done, and being unacquainted with the *true merits* and *skill* of the Dentists in this city, would do well to inquire here in the city, where they are both known.

Notice

To the Stockholders in the Hannibal & St. Joseph Railroad Company.

TAKE Notice, that at a meeting of the Board of Directors of said Company held in the City of St. Joseph, commencing on the 11th day of August, A. D., 1852, the following resolution was passed, viz:

"*Resolved*, That an additional call of ten per cent of the Stock subscribed, be made, payable on the 15th day of November, A. D., 1852, at the office of R. F. Lakenan, in the city of Hannibal, in the county of Marion; and at the Court Houses in the following counties respectively, viz: Buchanan, De Kalb, Clinton, Caldwell, Daviess, Grundy, Livingston, Linn, Macon, and Shelby; and that notice be given in the public news papers published in the counties through which the road is to pass, in the manner prescribed in the charter." Done by order of the Board.

WASHINGTON JONES, *Secretary*.

August 13, A. D. 1852.

NOTE.—This is the third call, making altogether twenty per cent called for up to this time. Stockholders who shall not have paid the first and second calls, will not be entitled under the Charter, to vote at the election for directors.—The same rule will exclude Counties who have not issued bonds, or made payments, according to the contracts with the Company. Another Scientific Wonder!

GREAT CURE FOR

DYSPEPSIA!

DR. J. S. HOUGHTON'S

THE TRUE

DIGESTIVE FLUID,

OR, GASTRIC JUICE.

Prepared from Rennet, or the fourth stomach of the ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

"I DIGEST." Such is the true meaning of the word PEPSIN. It is the chief element, or great digesting principle of the Gastric Juice—the solvent of the food, the purifying preserving, and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the ox, thus forming a true digestive fluid, precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it.

This is Nature's own remedy for an unhealthy stomach. No art of man can equal its curative powers. It contains no alcohol, bitters, acids, or nauseous drugs. It is extremely agreeable to the taste, and may be taken by the most feeble patients who cannot eat a water cracker without the most acute distress.

Beware of drugged imitations. Pepsin is not a drug.

Half a teaspoonfull of Pepsin infused in water, will digest or dissolve five pounds of roast beef in about two hours, out of the stomach.

Scientific Evidence!

☞ The Scientific evidence upon which this remedy is based is in the highest degree curious and remarkable.

Call on the agent and get a descriptive circular, gratis, giving a large amount of scientific evidence, from Liebig's Animal Chemistry; Dr. Combe's Physiology of Digestion; Dr. Pereira on Food and Diet; Dr. John W. Draper, of New York University; Prof. Dunglison's Physiology; Prof. Silliman, of Yale College; Dr. Carpenter's Physiology; &c., together with reports of cures from all parts of the United States.

Pepsin in Fluid and Powder.

Dr. Houghton's Pepsin is prepared in Powder and in Fluid Form—and in Prescription vials for the use of Physicians. The powder will be sent by mail, free of postage, for one dollar, sent to Dr. Houghton, Philadelphia.

☞ OBSERVE THIS!—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copy-right and Trade Mark secured.

Sold by all druggists and dealers in medicines. Price, ONE DOLLAR, per bottle.
