AMERICA.

Cleveland, Aug. 3.—The Lake Shore freight house men resumed work this morning. The only class of employees now out are the shopmen, about half of whom have already signified their readiness to go to work to-morrow morning. Freight trains were sent out from Collingwood this morning. There was no disturbance.

Cincinnati, Aug. 3.—Pelstring's cigar-box factory was burned this morning. The loss is estimated at $80,000. The amount of insurance has not been ascertained.

Scranton, Aug. 3.—The feeling among the working classes over the affair of Wednesday is intense, and threats are freely indulged in against members of the posse making arrests. The funerals of the men killed in the riot took place to-day. There was a large demonstration but no disturbance. The miners manifest no desire to return to work. Every industry of any consequence in the valley is now idle, with no signs of early resumption.

Henry Meiggs has made a proposition to the Peruvian Government, to either issue on its own account or to allow him to issue $75,000,000 in paper money, in payment of that amount of bonds held by him, to relieve its present necessities and enable him to prosecute the opening of the Cerro de Pasco mines.

Chicago, Aug. 3.—The Times East Saginaw special says: At 1:30 this morning the most disastrous fire that has visited the Saginaw Valley in six years, broke out in the steam saw mills and salt works of Burt & Co., at Melbourne, eight miles from this city. The salt works were the largest in the world, with a total capacity of 150 barrels per day. All were destroyed, together with 1000 feet of dockage, 6,000,000 ft. of lumber, 50,000 barrels of salt, a large amount of shingles, staves, headings, etc. The capital invested in the works was $250,000. The total loss is not yet known.

The Coroner's jury, in the case of the persons killed in the late riot in Baltimore, by members of the Sixth Regiment, came to the conclusion that the soldiers being demoralized, a great deal of unnecessary firing was done in Baltimore street. The responsibility for the killing rests entirely with the rioters who attacked the soldiers.

EUROPE.

London, August 1.—One of the most extraordinary sittings of the House of Commons is now in progress. The House assembled at 4 yesterday afternoon, and before 6 had gone into Committee on the South African Confederation bill, to which there has been at every stage a long and persistent obstruction by Parnell, Biggar and O'Donnell, occasionally assisted by one or two other members. The struggle lasted throughout the whole night, and led to numerous scenes and incidents. The Government is determined not to permit the obstructionists to defeat the measure, and have the support of the Liberals. The struggle is prolonged by relays. Many members left at 9 o'clock last night and returned at midnight. Fresh relays came at 3 and 7 o'clock, etc., and the officials and police were relieved at intervals during the night. The excitement is general throughout the House.

London, August 1.—The Goodwood stake was won by Prince George.

Rome, August 1.—The anxiousness in regard to the Pope's health has been relieved. He has seen only Cardinal Simeoni and his own domestics for five days. Cardinal Riario-Sforza's chances of succeeding Pope Pius increase daily.

Pera, August 1.—Osman Pasha announces a great Turkish victory and the enemy completely routed, after two days severe fighting, with a loss of 5,000 killed and 1,000 wounded. The Turks captured a great quantity of arms and ammunition. The Turkish casualties were comparatively small as they fought upon the defensive.

London, August 2.—A Tenedos dispatch says: The Russian Grand Duke has already started for Plevna. Preparations are being made for a great effort to retrieve the recent misfortune. The division at Sofia is ordered to attack Lovatz. It is reported that they have already taken it, but this is probably untrue. The position is evidently serious. As long as the Turks hold Plevna the army corps here cannot do further mischief.

Austria has informed Roumania that her action in crossing the Danube relieves the guarantee Powers of all responsibility, and that she must take the consequences of her own acts. This communication has greatly depressed the Bulgarians, and their Minister of War has gone to Vienna to see the Emperor on the subject.

A horrible tale of Russian and Bulgarian atrocities is laid before the British Parliament by Minister Layard.

The Times states that a telegram has been received at Portsmouth, from the Admiralty, ordering two Indian troop-ships to be ready to embark 2000 additional soldiers for the Mediterranean, if required, by Saturday. The Serapis, Malabar and Jumna will all be ready.

Bucharest, August 30.—The Russian centre, reinforced by battalions of infantry and three field-batteries, has resumed the offensive. There has been continuous fighting on the advanced lines before Kara. Gen. Tergukassoff Lee also been reinforced by five battalions of infantry, one battery, and a regiment of dragoons. The Russian right is marching on Pelek.

Belgrade, August 31.—Prince Milan has ordered 3000 militia out to act as a frontier guard, and further empowers the Minister of War to make the necessary patriotism for bringing the supply of war material to its full complement.

New York, August 3.—The Times has the following: The London correspondent of the Times at Glasgow has mailed details of his opinion on the strategical weakness of the Russians which is verified by the present events. He says: The Czar and Prince Gorgtschoff are anxious for peace. The Czar is actually fidgety, and wishes to get Ignatieff to Constantinople to make terms without the interference of the outside Powers who signed the Treaty of Paris. This purpose, the details of which are already settled, includes a demand for the independence of the Christian States defended by the Balkans; the cession of one half the Turkish fleet in the Black Sea; that Batoum shall be a Russian port, and that all the Danubian forts shall be destroyed.

New York, Aug. 31.—The Herald's special from London says: A correspondent at Vienna telegraphs that the Russian defeat at Plevna was owing to their being flanked and attacked in the rear by a Turkish division of artillery, which mowed down the Muscovites by hundreds. The Russians were completely routed, but managed to save their cannon. Osman Pasha admits that both sides lost enormously. The military authorities at the American capital ascribe the victory partly to the superiority of the Henry-Martini rifle, used by the Turkish troops, over the inferior order of gun used by the Russians. After the victory, Osman Pasha detached one detachment of his troops to advance toward Gorkanee to dislodge the Russians from the northern opening of the Sulgka Pass. Another force was despatched in the direction of Nikopolis, to engage the Roumanians garrisoning the fortress at that place.

Chicago, Aug. 3.—The Inter Ocean's London special says: There is quite a jubilant feeling here on account of the Turkish victories. The fact is recognized that so long as there is a Russian disaster, there is no danger of English intervention. It is possible that Osman Pasha may take advantage of the disorder and confusion, and effect a junction with Mehemet Ali, at Tirnova, and crush the force of the Grand Duke, concentrated at that point. On the other hand, if General Krudener has held his ground, the Russian loss may be confined to the actual number he do render, and reinforcements may be pressed forward which will enable him to renew the attack. In that case, only a diversion in Osman's favor by Mehemet Ali could save the former from defeat. It is believed that the latter, who is in communication with Osman through Constantinople, will press forward against Tirnova. The London Times considers that this week's work means either the prosecution of the war with immensely increased forces and most stubborn resolution on the part of Russia, or else the acquiescence of that Power in a failure which changes all its relations to its neighbors. Some important moves on the political chessboard are now expected. The more pressure the Czar feels, the more will he be inclined to summon to his aid the lesser nationalities. Austria has shown that she holds the fate of the Bulgarian campaign in her hands. The slightest menace on her part would compel the Russians to recross the Danube and conquer the Austrian army before they could proceed with their operations against the Turks. For the time being, England is out of range of the complications, and can afford to remain quiet so long as there is a prospect of the Continental Powers having to defend their vaticinal interests.

Deposits from any portion of the United States, Europe or the Hawaiian Islands, may be sent by mail or express, in coin or currency, or by draft on any business or banking house. A pass book with proper entries will be immediately returned for the same. Remittances in currency will be credited in goldat current rates. The signature of the depositor should accompany the first deposit. Deposits can be made by any one, but can only be withdrawn by the signature of the Party in whose name the account is opened. Married women and minors can make deposits in their own names, and may withdraw the same, upon their own receipts, upon the same conditions as other depositors. No entrance fee or charge for bank books.
The securities for all loans made by this bank, are scrutinized with great care by the Board of Directors, and consist almost exclusively of first class Real Estate with large margins; United States, State, County and City Bonds, &c. All stocks or other securities of uncertain or fluctuating values are carefully excluded. The policy of the Bank, being to obtain first, absolute security for return of the principal, thereafter a rate of interest consist therewith. Our unusually large and increasing Capital and reserve Fund, no portion of which can be withdrawn by stockholders until all demands of depositors have been paid in full, taken in connection with a careful and conservative management, furnishes to depositors a guarantee of safety as well as remunerative dividends.
Deposits can under ordinary circumstances be withdrawn, as a whole or in part, without notice (instead of six months' notice being required as formerly) as specified in articles 3d and 4th printed conditions of agreement with depositors. Non resident depositors who wish to withdraw their deposits, or a portion thereof, and desire to have the same sent to them by the Bank, may do so subject to the By-Laws, by sending a proper order accompanied by the pass book, with instructions as to the manner in which they desire the money to be remitted. Said remittance however will be at the expense and risk of the depositor. Blank orders for this purpose will be furnished by the Cashier.
Term deposits remaining three full calendar months, will be entitled to dividends of interest. Said dividends are declared, and payable in January and July of each year, and if not called for in one month, will be credited to the account and bear interest as a deposit from date on which they were declared. No dividend computed on fractions of dollars or for fractions of months. Dividends declared by this Bank for the past and previous terms, have been at the rate of 9% per cent per annum: for the present term and hereafter will probably not exceed 9 per cent.
For further particulars see printed conditions of agreement with depositors which will be furnished to any address upon request, a copy of which is also appended to each pass book.
