Present to the voters of the City and County of New-York the following address and ticket:
FELLOW-CITIZENS: In this great CRISIS, when the very life of the Nation is in peril, when civil war, with all its terrible evils is upon us; when business is paralyzed, and many of the ordinary sources of income are dried up; when the artisan, the laborer, and the mechanic cannot be employed in new improvements of property because the owner cannot get rent for improvements already made; when new and unprecedented burdens for the war are about to be imposed upon us; when extravagance, waste, corruption, and fraud in the disbursement of the enormous taxes levied upon this city are apparent to all; and when these evils, now well nigh insupportable, are in danger of being perpetuated by the election of unfit men into office, we ask you to pause and consider the ruin to which we are rushing.
We believe that unless this waste and corruption is immediately stayed, we are very near to the time when the taxes and assessments of this city *cannot be paid*; and when our good citizens will have to choose between submitting to a fraudulent confiscation of their hard-earned property, and resisting such outrage upon their rights. It is in vain to expect relief from any system of laws which dishonest or incompetent men administer. The structure of civil society is such that waste, corruption, and oppressive taxation always fall most severely upon the great body of the laboring, the industrial, and moderately well-off portions of the community. It destroys the sources of their income, it takes their all.
An honest economical government is for the best interests of every citizen, whether rich or poor; we are all bound up together, we are each dependent upon the other, we have one common interest, and by a law that is inexorable, we must all prosper or suffer together.
Without distinction of party, and yet with selections from parties, we have faithfully endeavored to present to you a ticket upon which there should not be one objectionable name.
We believe that this great people are at heart honest—that they desire good government, and that they will always vote for fit and honest men when they have the opportunity. We present a ticket and ask you to support it by your votes. We have so organized that ballots will be supplied at every voting place on the day of election, and we call upon you to rescue the noble city from the mistake and destruction with which it is threatened.
In this selection we have tried to do our duty as citizens; we now appeal to you to do your duty as voters, and we present you the following ticket:

Third Edition.

The Littlejohn Libel Suit.—Dewitt C. Littlejohn against Horace Greeley—damages laid at $25,000—tried at the late Oswego Circuit before Judge Bacon, and fully reported for THE TRIBUNE by J. L. Crosby—is published in a neat, compact pamphlet of 56 pages, and for sale at this office. Price 10 cents. Although the great bulk of the evidence collected for the defense was ruled out by Judge B., yet the opening on that side by ISAIAH T. WILLIAMS, esq., gives a good idea of its character and of the grounds of our discussion of the New-York legislation of 1860, its engineers, and their instruments. The rulings of Judge BACON and the comments thereon by JOHN K. PORTER, esq., of Albany, deserve and will command the attention of lawyers and jurists. And whoever wants to see what can be said against the defendant in this suit by a bitter political and general adversary, who knows that he is not to be answered, must be gratified with the summing up for the plaintiff by the Hon. HENRY A. FOSTER. The cross-examination of the defendant by the Hon. CHAS. B. SEDGWICK, likewise, presents some noteworthy aspects. As political libel suits are less common than formerly, and as the legislation of 1860 is a subject of enduring interest, we believe many will find this pamphlet worth reading and preserving.

Military Notices.

Appeal to the People!
TO ARMS! TO ARMS!
GOVERNOR'S GUARD REGIMENT.

The undersigned, who has for eleven years and upward held a commission in the militia, and for the past seven years as Colonel of the Sixth Regiment, which was among the first to respond to the call of the President, in April last, for three months' service, feeling that whatever of theoretical and practical knowledge acquired by him may possibly be of service to the country, is now engaged in reorganizing his regiment to serve for the war.

Seven hundred men have enrolled themselves under my standard (many of whom have seen active service), and are uniformed and in camp at Elm Park.

I require THREE HUNDRED MEN to enable me to take the field. Shall I not have them? The Government requires our immediate services. To those who are competent and can bring twenty-five men immediately I will assure a position as Lieutenant. Come, then, at once! Applications in person or by letter made to Col. JOSEPH C. PINCKNEY,
Centre Market, New-York.

U. S. MUSTERING OFFICE, No. 79 WHITE-ST., Oct. 8, 1861.
All Officers of the Army on Recruiting Service for Regiments in the field wishing to send forward Recruits, must make requisitions for transportation at this office before 3 p. m., as a special train will be dispatched each day at 4 p. m. D. B. SACKET, Inspector-General,
Colonel U. S. A., Mustering Officer.

Light Cavalry.—The 1st Regiment U. S. Lancers, which is organizing in this city is rapidly filling up. Col. SMOLINSKI, to whom is intrusted the formation of it by the War Department, is a veteran of high military attainments having served in the Polish, French, and English service, and is favorably known in the military circles of those countries. The headquarters of the Regiment is the War Department, Washington, D. C., a branch of which is at No. 1 Park-place, corner of Broadway, New-York, in charge of Acting Adjutant Lieut. F. E. McTIGHE, to whom all communications on the business of the Regiment from the loyal States are to be addressed. Gentlemen wishing to raise companies of 45 men each, will receive First Lieutenancies, and in similar grade, to the lowest non-commission. Privates ambitious of military honors, are offered many inducements, and guaranteed speedy promotion. Pay for privates, $14 per month.

UNITED STATES MUSTERING OFFICE, No. 79 White-st., New-York, Oct. 21, 1861.
The Attention of Officers of the Volunteer Service recruiting for regiments in the field is called to the following paragraph of General Order No. 86, dated War Department, Adjutant-General's Office, Washington, Oct. 4, 1861: "Officers of the volunteer service sent upon regimental recruiting service, will make out three muster-in rolls of recruits enlisted; the first of which will be sent to the Adjutant-General of the Army, the second to the Adjutant-General of the State to which the regiment belongs, and the third to the commanding officer of the regiment." Muster-in rolls can be obtained by application at this office. D. B. SACKET,
Inspector-General U. S. A., Mustering-Officer.

United States Sharpshooters, Col. Berdan.—Good shots, desirous of joining this favorite corps, may apply to Capt. H. D. TYLER, at the Camp of Rendezvous, Weehawken, near 42d-st. Ferry landing. This company will be thoroughly equipped before leaving camp.

Notice—RECRUITING for the THIRTY-SEVENTH REGIMENT.—This gallant Regiment, now the Advance Guard of the Army of the Potomac, is raising some more good men. Recruits will apply at the corner of Amity and Thompson-sts., or in the City Hall Park. All Deserters from this Regiment are ordered to report to Lieutenant JAMES L. DUNGAN, THIS DAY. By order of
Lieut.-Col. JOHN BURKE, Commanding.

United States Sanitary Commission.—The Sanitary Commission earnestly and confidently appeals to the community for contributions of money to enable it to enlarge its operations, or at least, to continue them on their present scale.
Under its present organization every Camp and Military Hospital from the Potomac to the Missouri is systematically visited and inspected. Deficiencies are ascertained, and, so far as possible, supplied. There has scarcely been a single company of Volunteers in the field wherein some serious neglect or abuse endangering the health of the soldier has not been pointed out by the agents of the Commission, and remedied or mitigated. In no case have its services or advice been repulsed, or complaint been made of its embarrassing any officer in the discharge of his duty or interfering with discipline in the smallest degree.
We have occasion for most profound national thanksgiving in the fact that our armies are passing through the most perilous seasons of the year, not only without destructive epidemics, but with hardly a tenth part of the mortality from disease usual (according to all experience) under the most favorable conditions. It would be difficult to overestimate the magnitude of the mischief we had every reason to expect, but which seems for the present averted. No human skill or sagacity could have averted it; but it seems neither arrogant nor unreasonable to assert that the labors of the Sanitary Commission have contributed at least as much as any mere human agency to this unhoped for result. If so, what contribution to its treasury is not already more than repaid?
After confidential conference with the highest authorities, the Commission feels bound to solicit with urgency a large and speedy increase of its pecuniary resources.
Donations may be addressed to GEORGE S. COE, esq., Treasurer of the Central Executive Committee, American Exchange Bank, New-York, or to
GEORGE T. STRONG,
Treasurer of the Commission, No. 68 Wall-st., N. Y.

"The Sanitary Commission is doing a work of great humanity, and of direct practical value to the nation in this time of its trial. It is entitled to the gratitude and the confidence of the people, and I trust it will be generously supported. There is no agency through which voluntary offerings of patriotism can be more effectively made. (Signed) "A. LINCOLN.
