THE HAWAIIAN GAZETTE.

A WEEKLY JOURNAL, DEVOTED TO HAWAIIAN PROGRESS.

VOL. XV.—No. 11. HONOLULU, WEDNESDAY, MARCH 12, 1879. WHOLE No. 739.

Who is thy Friend?

[illegible]

VARIETY.

[illegible]

"What ought you to do with your eyes?" asked a young lady of her lover, who was regarding her with admiration. "To them for winking at you," he replied. "Oh, no," she answered—"not them!" "Why should you not shut your eyes?" he inquired. "I don't know," she replied. "Because they are engaged, I suppose," he rejoined.

Young America has always been noted for its early ripening. One of the many thousand budding Freshmen now resident in Chicago was told the other day by his "school mamm" the story of William Tell's famous shooting feat. The only comment the boy made upon the story of the patriotic parent was, "Why did the apple afterwards?"

[illegible]

A good story is told of a boy at Rice, who was always mentioned a great dunce, and more disposed to cribbing than to "Lempriere." The day in class he manifested intense anxiety to the contrary. "Name the three Graces," and on pointing to the young gentleman's particulars the master was astonished to receive the following eager answer: "E. M. Grace, W. G. Grace, and G. F. Grace" (laurels withheld hereafter).

The great chandelier of a Russian country house is so decorated of tools as a country level. At most a foreigner will be astonished with an ottoman spread with cushions; but, when it is made to lie on the floor, he will be sure, says a recent writer on the subject, to stare. For a "nightcap" will be given him in the shape of a pint bowl, full of a mixture of tea, vapor-oil, and brandy, enough to make him cry when he swallows it, and warranted to procure him a great sense of nightmare till morning.

The British soldier has not been established forty-eight hours under the shadow of the Cyprian Olympus before the inevitable bats, balls, and sticks were produced, and the game of cricket commenced in the island by the Black Watch and 60th Royal Rifles. It is proposed to initiate the Moslem inhabitants into its mysteries, as the first step towards making them formal members of the human brotherhood we are going to establish in these parts.

A bankrupt signed his letters to his friends "Yours straight," and a lawyer advised a young man to make a little book to introduce with the words "Yours without prejudice," thereby avoiding the imputation of a breach of promise suit. It is reported of Earl Russell that in the multiplicity of his parliamentary duties he would forget the names of his children, and refer to them under the heads of schedule A and schedule B, etc. I knew an apothecary who put a bed in the bill of a large party just as "a syncope," by which he might recover it.

During the ten years ended 1865-6, the rocket apparatus saved upon an average 120 lives per year. During the ten years ended 1873-4, it saved upon an average 316 lives per year; but during the year under review it was instrumental in saving 437 persons, which was more than double the average for the twenty preceding years, and nearly three times the number saved in the year 1873-4. These 437 persons may thank the Rocket Magazine, he assigned to have been rescued from almost certain death, as the very nature of the rocket apparatus implies that it is only useful on the most rocky and dangerous coasts, where lifeboats would be useless, and where other means are not available.

One of three generous disposition, sacrificing gentlemen, having wash upon every pane of glass in his window. "Selling off—on reasonable offer refused—must close on Saturday," offered himself to bid, or mentally, in some case which was brought before a magistrate, when the following dialogue ensued. The magistrate asking him if he was worth two hundred pounds, "Yes," he replied. "But you are in trouble, are you not?" "No." "Why, you were up—'Selling off.'" "Yes, every shopkeeper is selling off." "Yes say, 'No reasonable offer will be refused.'" "Well, I should be very unreasonable if I did refuse such offers." "But you say, 'Must close on Saturday.'" "To be sure; you would not have me to keep open on Sunday, would you?"

DR. J. COLLIS BROWNE'S
CHLORODYNE
IS THE ORIGINAL AND ONLY GENUINE
THE PUBLIC ARE CAUTIONED AGAINST the unfounded statements frequently made, "that the composition of Chlorodyne is known to Chemists and the Medical profession." The fact is, Chlorodyne was discovered and invented by Dr. J. COLLIS BROWNE (ex Army Medical Staff,) and so named by him, and it has baffled all attempts at analysis by the first Chemists of the day. The method and secret of the preparation have never been published. It is obvious, therefore, that anything sold under the same name save Dr. J. COLLIS BROWNE'S CHLORODYNE, is a spurious imitation.
CAUTION.—Vice-Chancellor Sir W. P. Wood stated the Dr. Collis Browne was undoubtedly the inventor of Chlorodyne.
REMEDIAL USES AND ACTION.
This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvelous good effects and wonderful cures, while medical men extol its virtues most extensively, using it in great quantities in the following diseases:—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma, Rheumatism, Neuralgia, Whooping Cough, Cramp Hysteria, &c.
EXTRACTS FROM MEDICAL OPINIONS.
The Right Hon. Earl Russell communicated to the College of Physicians, and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE.—See *Lancet*, Dec. 27, 1864.
Dr. Lowe, Medical Missionary in India, reports (Dec., 1868) that in nearly every case of Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.
Extract from *Medical Times*, Jan. 12, 1866.—"Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place."
Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."
CAUTION.—None genuine without the words "Dr. J. COLLIS BROWNE" on the Government Stamp. Over whelming medical testimony accompanies each bottle.
