HARPER'S GUIDE-BOOK FOR EUROPE AND THE EAST.

HARPER'S HAND-BOOK FOR TRAVELERS IN EUROPE AND THE EAST: Being a Guide through France, Belgium, Holland, Germany, Austria, Italy, Sicily, Egypt, Syria, Turkey, Greece, Switzerland, Russia, Denmark, Sweden, Spain, and Great Britain and Ireland. By W. PEMBROKE FETRIDGE. With a Map embracing Colored Routes of Travel in the above Countries.
Large 12mo, Cloth, $2 75; Leather, $3 00; Half Calf, $3 50; Sent with Cloth, $3 00.

The object of this work is to give a clear and distinct outline, or a skeleton tour through the different cities and places of interest in Europe and the East; the names of the principal works of Art in the leading galleries; the fees expected by the different custodians; the names and the charges of the different hotels; the cost of traveling in different routes and the time employed; all the items in reference to the transportation of baggage, and the innumerable minutiæ of small charges, which tend to swell the account of traveling expenses; so that travellers may not only be able to travel without a courier, saving thereby twenty-five per cent of their expenses, but will not be obliged to buy some twenty-five volumes of Guide-Books, at an expense of $60 or $70, in addition to the charges upon their wealth. Those who have been in Europe, and those who cannot go to Europe, will both find in this work a fund of entertainment; the first, to read up and remember what they have seen, and the second, what they ought to have seen.

The "2d Quality" are superior to any Pens made by him previous to the year 1860.
The "3d Quality" he intends shall equal in respect to Durability, Elasticity and Good Writing Qualities (the only true considerations) any Gold Pens made elsewhere.
In regard to the Cheap Gold Pens, he begs leave to say that, previous to operating his New and Patented Machines, he could not have made as Good Writing and Durable Pens, for the price, had the Gold been furnished gratuitously.
Parties ordering must in all instances specify the "Number" and "Quality" of the Pens wanted, and be particular to describe the kind of Pens they prefer—whether stiff or limber, coarse or fine.
