FINANCIAL.

MONEY TO LOAN ON CHATTEL SECURITY by J. S. Mackey, Fourth and Jackson. After years of experience and a careful study of the business of loaning money on personal property, I have at last perfected a system whereby the publicity usual in such cases is done away with, and I am now in a position to meet the demands of all who become temporarily embarrassed and desire to raise money without delay and in a quiet business manner. Housekeepers, professional gentlemen, farmers, mechanics and others can obtain advances of from $10 to $10,000 on secured notes, on household furniture, pianos, machinery, horses, wagons, warehouse receipts, etc., without removing same from owner's residence or place of business, and on watches, diamonds and jewelry. One of the advantages I offer is that my loans are all made in such a form that the amount borrowed can be paid back, if desired, in daily, weekly or monthly installments, each payment reducing the interest pro rata, and all loans renewed at the original rates upon the amount due when extended. I have no brokers in connection with my office. I personally superintend all my loans, and consequently save all lawyers' fees, giving the benefit of the same to my patrons. J. S. Mackey, Mortgage Banker, room 7, First National Bank building, corner Fourth and Jackson streets.
