COMMERCIAL.

HONOLULU, MAY 26, 1883.

Business during the past week has not been brisk, in general trade a most noticeable feature having been the small volume likely to continue. In consequence there is a general stagnation in collections, however the time for being forwarded with any great degree of rapidity and accuracy from abroad being now and the advance.

The only arrivals during the week consist of the Transit Queen with a general cargo from San Francisco, and ship Mary Allen from same place.

The departures were the Equitable for Puget Sound, to Tacoma and the Wm. G. Irwin for San Francisco with freight, passengers and the Pacific News and Express to Sydney.

Arrival records are now due of the ship Jane Pugh from Newcastle, N. S. W., and the repeated Cross Wind from San Francisco on the 3rd inst., and the Emilie from the South on June 10. The ship Grace is still expected after the Minnesota will probably be the Kinsman bound for San Francisco.
