AUCTION SALES.

P. T. Kavanagh & Co.

BEAUTIFUL LAKESIDE HOMES at auction—Over 400 lots in the garden spot of Minnesota to be sold under the hammer. We will sell at auction on Saturday, Aug. 21, at 2 o'clock p. m., on the premises on the east bank of Lake Phalen, and on the lines of the St. Paul & Duluth and Central Wisconsin railways, all the beautiful addition of Overbrook, consisting of over 400 lots. This desirable addition is situated on the banks of one of the most beautiful sheets of water in the Northwest, and commands over a half mile of lake frontage, the entire length of which is a fine, pebbly beach, excellently adapted for bathing. The descent to the water's edge is gradual, while the grounds are sufficiently high to be free from any swampy indications. The drainage is natural and perfect. A fine, healthy growth of trees give an almost perpetual shade, while no better location than this could be imagined for the purpose of making fine homes, where comfort is one of the chief ends to be attained. Pleasure is also at hand in the shape of fine fishing, boating, bathing, etc. This beautiful lake has for years past been the source of the water supply of our city, and as a natural consequence the privilege of residing on the banks of the lake was denied for sanitary reasons; but since the opening of the Lake Vadnais system the objection to occupancy for residence purposes has been in a great measure removed, and there exists no reason now why it should not be occupied at once. It is a conceded fact that it is the most desirable location in the whole city. A new depot will be erected and communication will be had half-hourly with the business of the city, promises having been made to that effect, as soon as building has fairly commenced in that vicinity. Another very important fact that should not be overlooked is that the bonus asked by the Bohn Manufacturing company has been raised, and they are now making preparations to remove their Winona plant to St. Paul, and occupy grounds near the lake and about a half-mile from the property above mentioned, and in the immediate vicinity of the present site of the St. Paul Harvester works. The terms of this sale will be made very easy in order to enable everyone to have a chance to buy one of these fine lots, while special terms will be given to builders. The property will be sold in lots or blocks to suit customers. As a speculation this sale offers an exceptionally fine field, as there is not a particle of doubt that in the course of the next twelve months this property will advance very sharply and realize the purchaser a net profit of from 100 to 200 per cent. on his investment. Do not neglect this sale, as it is a chance that may never be duplicated. Buy now, when the property is cheap, and you will never regret it. This sale is made for the purpose of fixing values of property in this section, believing that the opinions of the people in matters of this kind are omnipotent. P. T. Kavanagh & Co., auctioneers, 422 Wabasha st., St. Paul, Minn. 236-33
