Hawaiian Gazette Supplement, April 9

LATEST FOREIGN NEWS

WARSAW, March 19.—It is suspected that Dogadoff, leader of the party of Nihilists who murdered Col. Sudeikin, is in this city. Fifty arrests were made last night and directions have been given to all hotel-keepers to report all arrivals of strangers to the police.

LONDON, Mar. 19.—The army estimates bill was passed yesterday in the House of Commons. An appropriation of £7,200,000 is made. It is stated by the Marquis of Hartington that the elastic terms of the service and bounties were inventions to growing the period of foreign service, and that attracted in the past year 30,000 recruits. This is the largest number ever known in one year. Regarding the heavy naval ordnance in process of construction, he said three guns of 110 tons each, the most powerful in the world, four of 63 tons, and three of 43 tons, would be finished the present year.

Lord Edmund Fitz-Maurice, under Foreign Secretary, announced that the interruption of telegraphic communications between Shendy and Khartoum continues. The last dispatch from Gordon was dated March 11th.

The scene about the entrance to the House of Commons this afternoon, where numerous committees were sitting, was of a most oriental character. Clerks and porters carrying bags and boxes to the committee rooms, were stopped by the police and the parcels subjected to a thorough examination, to prevent the possibility of the introduction of dynamite.

THE "NIHILISTS."

The Crown Prince Gustaf has been appointed Viceroy of Norway.

Gladstone has gone to Cromlix, in Surrey. He appears jaded. He is guarded by a detective.

The Board of Trade of Portland, Me., has resolved "that the public good requires that the coinage of silver dollars be immediately suspended by Act of Congress."

The communists of Paris celebrated the anniversary of the beginning of the Commune of 1871 on Tuesday by banquets in several of the suburbs. The speeches at these were violent and of a highly revolutionary character.

NEW YORK, March 19.—Anna Bishop, the once famous opera singer, died last night at her home on Park avenue. She was 70 years of age. The cause of her death was apoplexy.

BERLIN, March 19.—Bismarck rides daily in the Tiergarten. He seems to be in splendid health. The impression of the Reichstag is that he has renewed his strength, mentally and physically. The current rumors that he has altered his habits, now eating and drinking with moderation, are confirmed. During his recent speech in the Reichstag, instead of diluted brandy, his former speech beverage, he took cold tea.

STOCKTON, March 19.—On Monday night the cross-levee separating the upper and middle sections of Roberts Island broke, and great fear is entertained for the safety of the levee separating the middle and lower divisions. Should these break, the whole island would be inundated. The present break carries the overflow of about forty-seven thousand acres of wheat. In the upper section of the island seven thousand acres of wheat are flooded, making in all twenty-one thousand acres in extent of good wheat that has been destroyed.

LONDON, March 20th.—The British Government intends to adopt measures for dealing with the Soudan. The Government proposes to send prominent officers to Osman Digma to negotiate terms of peace.

ALEXANDRIA, Mar. 19.—The men-of-war *Cambria* and *Hyacinth* have suddenly departed for Suakim.

LONDON, Mar. 19.—The English Government has decided to send a special officer to Suakim to negotiate with the rebels.

It is reported at Dongola that the garrisons under Lupton Bey, in the Province of Saint-Gazelle, have surrendered and have been massacred.

PARIS, Mar. 19.—The Government has decided to occupy Upper Tongain as far as the Chinese frontier. The *Republique Française* says: French contract with Chinamen; upon the basis of indemnity and the occupation by China of French territory over the whole of Tongain. General Millot has decided to attack the Black Flags in Hongkin.

LONDON, Mar. 19.—The Government has given orders for the detention of the Chinese ram *Yenkin*, which is now in the Tyne loading with Armstrong guns, pending an inquiry whether the action is constitutable as a breach of neutrality.

LONDON, Mar. 19.—Jenkinson, Director of the Irish Criminal Investigating Department, has appointed 30 detectives in London, who will be under special pay and special duties. Twelve of them are English, eight Irish and eight Americans. The rest are Russian, French, German, American, Italian, Spanish and Canadian. Irish constables have been appointed to act as detectives at English seaports.

ST. JOHN'S, N.F., Mar. 19.—At Heart's Content several houses were severely shaken by an earthquake yesterday. At Clark's Beach the ground heaved in undulations and the ice in the lakes was cracked and rent. Two woodmen who were compelled to fly from the woods describe the hills as rocking and reeling. To-night the western sky is illuminated as with a conflagration.

PHILADELPHIA, Mar. 19.—The American S.S. Co. is considering the offer made for their ships by the Red Star line. It is said that a line of steamers sailing under American colors cannot be made to pay and the American S.S. Co. has concluded that it could expect no relief from Congress.

OTTAWA, Mar. 19.—The Grand Trunk Consolidation bill has passed the Commons with slight amendments. Sir Chas. Tupper promised to amend the General Railway Act to prevent future amalgamation. Shakespeare of British Columbia moved that it is expedient to prohibit the immigration of Chinese to British Columbia.

CLEVELAND, O., Mar. 19.—Duncan C. Ross received word from Chicago to-day informing him that Sullivan has put up no forfeit money and insists on Queensbury rules, which Ross interprets as meaning that Sullivan is weakening. Ross says it is absurd to stipulate Queensbury rules, as no man ever won the championship under them. Thompson desires to fight rung rules in public or in private. Ross insinuates that Sullivan is talking loud to advertise his tour and does not intend to fight.

SAN FRANCISCO, Mar. 20.—Oakland was the scene of a terrible tragedy last night, which terminated in the murder of an infant by a maniac mother, the suicide of the mother, the attempted suicide of the husband and father and the probable insanity of a French woman, caused by horror at sight of the crime.
