U. "FIVE-TWENTY" YEAR S.
SIX PER CENT. BONDS,
COUPON AND REGISTERED, IN DENOMINATIONS OF
$50, $100, $500, $1,000 and $5,000.
CONSTANTLY ON HAND AND FOR SALE AT PAR.
INTEREST TO COMMENCE FROM DATE OF PURCHASE.
The INTEREST on these Bonds is at the rate of SIX PER CENT per annum, payable 1st of May and November, in Gold, which, at the present rate of premium on Gold, is equivalent to EIGHT PER CENT PER ANNUM.
They are the CHEAPEST GOVERNMENT SECURITY NOW IN THE MARKET, and pay the largest interest on their cost.
They are declared to be beyond the REACH OF ANY STATE TAX, and are AVAILABLE to all the bonds of the Government.
They are the bonds upon which the Government now relies, through the confidence and patriotism of the people, for continued financial support.
We keep them for sale to the PUBLIC, favoring investment in them and make them more accessible to the public, and every dollar invested in them through us contributes to the direct and immediate support of the Government.

have on hand for immediate delivery the
NEW TWENTY YEARS SIX PER CENT BONDS
of the UNITED STATES, designated as the "FIVE TWENTIES," redeemable at the pleasure of the Government after five years, and authorized by act of Congress, approved Feb. 25, 1862.
The COUPON BONDS are issued in sums of
$50, $100, $500, and $1,000.
The REGISTERED BONDS, in sums of
$50, $500, $1,000, and $5,000.
Interest will commence from DATE OF SUBSCRIPTION, and is PAYABLE IN GOLD, at the Mint, or any Sub-Treasury or Depository of the United States, on the first days of May and November of each year. At the present premium on Gold, the BONDS YIELD ABOUT EIGHT PER CENT PER ANNUM.
The simple provision made by Custom Duties, Excise Stamps, and Internal Revenue, for the payment of interest and redemption of the principal, makes an investment in this Loan SAFE, PROFITABLE, and AVAILABLE at all times.
This being the permanent Loan into which the Legal-Tender Notes are convertible, it will become the PRINCIPAL LOAN in the market, and a PROFITABLE MODE OF INVESTMENT for THOSE FUNDS, the SURPLUS FUNDS of CAPITALISTS, as well as the EARNINGS OF THE INDUSTRIAL CLASSES.
Subscriptions received at PAR in LEGAL-TENDER NOTES, or NOTES and CHECKS of BANKS AT PAR in NEW-YORK. Subscribers by mail will receive prompt attention, and every facility and explanation will be afforded on application at our office.
Also, FOR SALE, at lowest market rate, 7 3-10 TREASURY NOTES, SIX PER CENT BONDS of 1881, and SIX PER CENT CERTIFICATES OF INDEBTEDNESS.

OFFICE OF THE LITTLE MIAMI RAILROAD CO., TREASURER'S DEPARTMENT, CINCINNATI, Nov. 22, 1862.
A DIVIDEND of FIVE PER CENT (exclusive of the Government tax, which will be paid by the Company), was this day declared, payable to Stockholders and after the 1st day of December.
Eastern Stockholders will receive the above Dividend in New-York funds. On their request to that effect, addressed to the undersigned, a check will be forwarded by mail, or otherwise, as may be desired. S. F. WRIGHT, Treasurer.

OFFICE OF THE HOWARD INSURANCE CO., NEW-YORK, Nov. 26, 1862.
THE BOARD of DIRECTORS have this day declared a SEMI-ANNUAL DIVIDEND of EIGHT (8) PER CENT upon the Capital Stock of the Company (free of the Government Tax), payable at their office, No. 65 Wall-st., on and after MONDAY, Dec. 1, 1862.
HENRY A. OAKLEY, Secretary.

Proposals.

OFFICE OF ASSISTANT COMMISSARY GENERAL OF SUBSISTENCE, No. 4 State-st., New-York, Nov. 28, 1862.
ARMY SUPPLIES.—Proposals will be received by the undersigned until 3 o'clock p. m. on MONDAY, 1st of December, for supplying, for the use of the United States Army, SUBSISTENCE STORES, to be delivered in New-York, as follows, viz:
2,120 barrels of first quality extra superfine Southern St. Louis, or other brands of FLOUR, suitable for keeping in a warm climate. The barrels to be full hard-lined.
Bidders will state in their proposals the earliest time at which their delivery can be made.
Small samples to accompany proposals.
Each bid must have a printed copy of this advertisement pasted at its head, and must be specific in complying precisely with all the terms. Each bid, to have consideration, must have the written guaranty of two responsible names, as follows:
"We, the undersigned, hereby guarantee that should all or any part of the above bid be accepted, it shall be duly fulfilled according to its true purport and conditions; also, that a written contract with bonds to the amount of one-fourth the value of the stores proposed to be furnished shall be executed if required."
Bidders may propose for the whole or a part of the above.
The seller's name, place of business, with date of purchase, is required on each package.
The Flour will be inspected at the date of delivery, and compared with the retained samples, by HENRY SHIELDS, President Association Flour Inspectors, whose certificate will be required.
Contractors are expected to hold their goods, without expense to the United States, until required for shipment.
Proposals whose bids are not accepted are requested to send for their samples on WEDNESDAY, 3d prox.
Blanks for Proposals will be furnished at this office, which must be enclosed in an envelope addressed to the undersigned and indorsed "Proposals for Subsistence Stores."
A. B. EATON, Lieut.-Colonel and A. C. G. S.

ORDNANCE OFFICE, WAR DEPARTMENT, WASHINGTON, Nov. 24, 1862.
PROPOSALS—SEALED PROPOSALS will be received by this Department, until 4 o'clock p. m. on the 9th day of December next, for the manufacture and delivery of the following projectiles, viz:
5,000 ten-inch Solid Shot.
1,000 fifteen-inch Shells.
1,000 fifteen-inch Battering Shot.
The projectiles to be made of the kind of metal, and inspected after the rules laid down in the Ordnance Manual, with the exception of the Battering Shot, which must be made of what is known as gun metal. Drawings of these projectiles can be seen at the principal Arsenals of the United States, at the Ordnance Agency, No. 45 Worth-st., New-York, and at this office.
The projectiles are to be delivered, free of charge for transportation, at the United States Arsenal, on Governor's Island, New-York harbor, where they will be inspected; and all such as may be rejected must be removed, by the contractor, immediately after the inspection of each delivery.
Bids will be received for any portion of the quantity required, not less than 500 of any one kind. Deliveries to be made as follows: One-tenth of each kind within thirty days after notification of acceptance of bid, and not less than one-tenth weekly thereafter until all shall be delivered.
Payment will be made by the Treasury Department on the usual certificate of inspection and receipt, after each delivery.
Bonds, with approved surety, will be required for the faithful performance of contracts.
No bid will be entertained unless it be accompanied by an affidavit from the party making it, to the effect that he is the iron founder, and that if his bid is accepted, the projectiles will be made at his foundery, naming it and its location; and the right is reserved to reject any or all bids, if deemed unsatisfactory for any cause.
Proposals will be addressed to the undersigned at Washington City, and will be indorsed "Proposals for Projectiles."
JAS. W. RIPLEY, Brig. Gen. Chief Ordnance.

NAVY DEPARTMENT, November 25, 1862.
THE NAVY DEPARTMENT will until the 23d of December, 1862, receive PROPOSITIONS for the erection and completion of a WHARF at Port Royal, South Carolina, in conformity with the general specifications herewith accompanying.
The proposition must state the gross amount for which the wharf, derricks, hoisting engine, scale, rail-tracks, and cars will be completed, according to the plans and specifications, and name the time within which the party will agree to have it finished.
Parties intending to bid can examine the drawings in the Navy Department, and in the office of the Constructing Engineer in the New-York Navy Yard, as the office of the Navy Agent at Philadelphia and at Boston.
The bid must be accompanied by the usual guarantee that if accepted the party will execute the contract, which will be dated from the time the party is notified that his offer is accepted, and the contract will embrace the usual conditions.
SPECIFICATIONS FOR A WHARF AT FORT ROYAL, S. C.
The wharf is to be in the form of a T; the part leading from the shore to the front will be 521 feet long and 43 feet 6 inches wide, and the front will be 201 feet long and 43 feet 6 inches wide. From high water mark to 7' 6" water the distance is 208 feet; from 7' 6" depth to 19' 6" the distance is 140 feet; from 19' 6" depth to 25' 6" depth the distance is 75 feet, and the front wharf will stand in about 27' 6" water, all at high tide.
The piles are to be of good sound heart pine, not less than 12" diameter at the butt, and must be driven to a good firm bearing; they will be in rows 8 feet from center to center, running across the wharf, and 7 piles in a row, with a fender pile on each side, making 9 piles in each cross row. These piles are to be hacked and covered with sheet zinc, in case to the square foot, from high-water mark down to 6 inches below the surface of the mud, well and securely put on to protect them from the worms.
The piles will be cut off at the proper hight, as shown on the plan, and capped with hard pine timber 12" by 12," every third pile being tenoned into the cap and pinned, and the others secured with an iron bolt one inch in diameter and two feet long.
Around the outside of the wharf there is to be a stringer of hard pine timber 9" by 12," resting upon the caps and strongly bolted at each crossing, and between these stringers there are to be hard pine joists 6" by 12," laid 12" apart upon the caps, and fastened with 6-inch spikes at each crossing. Upon the joists there is to be a floor of 4" hard pine plank, fastened with one 8-inch spike in each plank at each crossing. Around the edge of the wharf there is to be a cap six 9" by 10," of hard pine, well fastened and rounded on the top to shed the rain.
The fender piles are to be strongly bolted to the stringers and cap sills. Four clusters of about six piles each are to be driven, capped, and prepared as foundations for derricks; there are also to be twelve mooring posts of white-oak timber, 12" in diameter, well driven and strongly secured to the wharf, at the points indicated on the plan; these will be four feet above the floor of the wharf, and all piles are to be sheathed with zinc, as before described.
At each end of the front wharf, and on each side of the wharf leading from the shore, there is to be a landing-stair 3' 6" wide, strongly secured to the wharf, and reaching to low water mark.
The contractor will be required to build a bulkhead where the wharf joins the shore, and fill up with earth, to receive the rail track hereinafter described.
On the wharf, at the points indicated on the plan, will be four derricks for hoisting coal, similar to those used at the coal depots on the North River, provided with all the necessary falls, with sufficient rope to reach the hoisting engine, and sheaves for changes of direction, and all ready for use in hoisting coal. A particular description of these derricks will be given.
There is to be a hoisting engine of most approved construction, having four drums, and to be of sufficient power to work the four derricks at the same time in hoisting coal. Over this engine there is to be a frame house, to protect it from the weather.
In the capstile around the wharf there are to be iron ring-bolts of 1½ inch iron, and ring 6 inches diameter in the clear, placed at every 50 feet, and strongly fastened to the sills and stringers.
On the wharf, and extending up on to the land, will be a rail track of iron, about fifty pounds to the yard, with such branches as may be required; total length of single track being ⅞ of a mile; the track on the wharf will be laid on the plank floor, with suitable chairs, and that on the land on ties 3' 6" apart, laid in the usual manner. This track is to be provided with 12 dumping cars, properly constructed for moving coal.
On the land near the shore and of the wharf, as shown on the plan, there is to be a platform scale, capable of weighing ten tons; the rail track will pass over this scale, as shown on the plan; there will also be a small office, eight feet square, near the scale, and two of similar size on the wharf.
The propositions will be addressed to the "Navy Department," and must be addressed "Proposals for Wharf at Port Royal," that they may be distinguished from other business letters. N28 2aw2w.

UNIFORMITY in WRITING.—In learning Children to write, it has been almost impossible to learn them to put their letters together uniformly. We have just examined a DIAGONALLY-LINED COPY-BOOK, by the use of which they cannot fail to learn to write a beautiful hand, as they have only to follow the diagonal lines in the down-stroke of the pen to write with perfect uniformity. It will soon be in the market, and must command a ready sale. The copy-right has been secured.
