COMMERCIAL.

HONOLULU, AUGUST 6, 1884.

Bullion has not improved since last writing, the most favorable being unfavorable as last reported. Commercially trade has also continued to move on, although the departure of the Australia and Australia for San Francisco helped a commercial show of freedom considering the paucity of our trade products. The majority of merchants dollars in gold were quite idle here on the last mail, but are not adequate to meet the Coast, have as well received three less than before their departure.

The market: Molasses in fair demand, San Francisco at the 8th inst. with stalls and some dollar to the 2d inst. The S. N. S. S. City of Sydney is now due here from San Francisco on the 21st inst. with Chow Bows again down.

The only arrivals for the week were the bark Gulliver from San Francisco with an assorted cargo of mine merchandise, and the bark Mermaid with a few remaining sugar and coffee packages of Hawaii.

The departures for the week include a cargo of the remainder of Australia and Australia and bark Gulliver, all for San Francisco, with miscellaneous products, and the bark Reynolds for Melbourne.
