FARMERS' MEETING AT STOWE.

Adresses on Tuberculosis Were Given Last Evening.

Stowe, March 1.—A meeting of the Vermont state board of agriculture was held here yesterday in the auditorium.

An address of welcome was given by J. F. Campbell, master of the Grange. After this the following programme was carried out in the afternoon: "Agriculture in Our Rural Schools," Prof. J. L. Hills of the agricultural college, University of Vermont, Burlington; "Forestry and Its Relation to Vermont's Prosperity, Ernest Hitchcock, forestry commissioner, of Pittsford; "Greater Opportunity for Vermont Sugar Making," Homer W. Vail of Randolph; "Cultivation and Fertilization of the Soil," D. H. Morse of Randolph.

In the evening the programme opened at 7 o'clock with an adress by Dr. D. D. Grant, chairman of the state tuberculosis commission, of Waterbury, followed by the following addresses: "Sanitation on the Farm," Dr. H. D. Holton, secretary of the state board of health for Brattleboro; "Experiments with Alfalfa," George Aitken, chairman of the board of agriculture, of Woodstock. Resolutions.

Whereas, The great and supreme Ruler of the universe has, in his infinite wisdom, removed from among us our worthy and esteemed fellow-worker, Joseph P. Lavelle; and, whereas, the long and intimate relation held with him in this organization makes it eminently befitting that we record our appreciation of him; Therefore,

Resolved, That the wisdom and ability which he has exercised in the aid of our organization by service and contribution will be held in grateful remembrance;

Resolved, That the removal of such a life from among our midst, leaves a vacancy and a shadow that will be deeply realized by all the members of this organization, and will prove a serious loss to his friends and family,

Resolved, That with deep sympathy for the bereaved relations of the deceased, we express our hope that even so great a loss to us all may be overruled for good by Him who doeth all things well;

Resolved, That a copy of these resolutions be spread on the records of this organization, a copy printed in the Barre Daily Times, and a copy forwarded to the bereaved family.

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I "had 'em"—yes—a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder about the same length of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."
Chas. Blackstock, 1319 Divinity Place, West Philadelphia, Pa.

The meeting of the Burlington city council Monday night for the purpose of adding names to the voting lists to be used at the March election was devoid of interest with exception of a brief argument between Councilmen Taft and Courtney as to whether Harry Parker, a student, should be allowed to vote. The matter was finally settled by the discovery that Parker's name was on the grand list.

After five years devoted to taking testimony a report has been made by A. V. Spaulding, special master in the case of J. J. Monahan vs. J. E. Lavell and E. T. Monahan. His right leg was terribly crushed below the knee. The left leg is broken and quite badly mutilated but can be saved. The conductor who was pinned under the car for more than two hours, showed great heroism. He was conscious during the whole time and talked with the rescuers but made no complaint. C. A. Day, a brakeman, who was also in the caboose, had his leg broken above the ankle, but notwithstanding this he crawled out of the wreckage and worked his way along the track to a point south of the train, where he acted as flagman until called in. Both he and Green are now at the city hospital.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Lady Henry Somerset, the English temperance and woman's rights advocate, is consistent in all things. She keeps only women servants in her houses and on her estates. Tall women are her footmen, a stout woman is her butler, and women have charge of her stable.

Miss Helen M. Gould believes that the habit of tattooing in the navy is pernicious, and she proposes to see if she can check the custom.
