ALLIES MASS STRENGTH IN EFFORT TO BLOCK GERMAN ADVANCE ON COAST

Declared Only Alternative Left German Commanders Is to Cut Their Way Through Allied Armies to French Seaports and London Expects Von Kluck to Make the Attempt.

ALL NEWS SOURCES SILENT TODAY IN EASTERN WAR ZONE

ENGLISH NAVY COMES UP TO HELP STEM RUSH TO COAST

Believed Unexplained Presence of German Destroyers Caught by Cruiser Undaunted Was to Check Fleet

ALLIES CLAIM ADVANCE IN UNCERTAIN LOCALITY

English Newspapers Put Their Own Interpretation on Kaiser's Promise of Speedy Return to Fatherland.

London, Oct. 19 (1.50 p. m.)—By reaching their tentacles out to the seaboard the allied forces have established close contact with the British navy, which is now on the extreme line and seems, from the London view, for the moment to block effectually a further German effort to turn this wing.

That the Germans may have grasped this is perhaps indicated in the otherwise unexplained appearance of the four of their torpedo boat destroyers Saturday off the Dutch coast southward bound. It is suggested that the object was for the destroyers to convoy submarines which would dispute the command of the sea on the Belgian littoral.

Should the German navy undertake this venture, it would be confronted with much the same proposition as has met the British fleet since the commencement of the war and it would assume the same risks of colliding with mines heretofore faced by the British alone, because the British field stretches along the Belgian coast from Ostend southward.

If, as the allies claim, their left cannot now be turned, the only alternative left the Germans is to fack away through the trio of armies confronting them and General Von Kluck or General Von Armin, or whoever is in command of the German right, seems in no way loath to make the attempt.

That they have made a forward move is evident not only from the newspaper dispatches but from a confusion of these dispatches in Saturday's official communication from Paris, which stated that the Belgians had repulsed several attempts of the Germans to cross the river Yser, which is ten miles nearer the coast than is the Thourout, Roulers and Menin line, which they occupied the previous day.

As an offset to this the British official information bureau in one of its rare communications said that the allies in the northern area have driven the Germans back more than thirty miles. The precise locality of this advance and retreat is not indicated, but it can have been only at some point on this western wing, where the Germans are trying to resume their interrupted dash on Paris by way of the coast towns. These, however, are only two points on the human barriers which are facing one another for hundreds of miles. Observers here think that a climax cannot be far off and the London papers are quoting approvingly, though not in the sense intended, the words attributed to Emperor William who, in addressing his troops somewhere in France on October 3, is reported to have said:

"Before the leaves fall from the trees here, we shall all be back in the dear fatherland."

The probability that the emperor never expressed this opinion does not detract from its value in the British construction.

REPORTED CRUISER UNDAUNTED HAS SCORED ONCE MORE

London, Oct. 19 (12.20 p. m.)—The Central News has sent out a dispatch from Harwich, in which the correspondent says he has learned on good authority that the British cruiser Undaunted, accompanied by torpedo boat destroyers, has captured a German mine layer in the North sea.

FRENCH REPORT CLAIMS ADVANCE ON THE LEFT

Paris, Oct. 19 (2.52 p. m.)—The French war office gave out an official announcement this afternoon as follows:

"In Belgium the heavy artillery of the enemy has cannonaded, but without result, the front from Nieuport to Vladsloo, to the east of Dixmude.

"The forces of the allies, and notably the Belgian army have not only repulsed further attacks on the part of the Germans, but have advanced as far as Roulers.

"On our left wing, between the

The Evening Herald begins today the publication, serially, and co-incident with its appearance here in motion pictures, of Harold McGrath's sensational story "The Million Dollar Mystery."

The success of McGrath's story as a newspaper serial has been equally as great as its success on the motion picture screen. Several episodes of the "Mystery" have appeared at the Lyric motion picture theater. Those which have appeared will be published one each day in the Herald this week until Saturday when the seventh episode will be printed. This episode will appear at the Lyric theater a week from tonight. Thereafter the episodes will be printed coincident with their appearance at the motion picture play house.

The combination of the newspaper serial, run in connection with the motion picture play has proved immensely popular in most of the big cities. The Herald is going to find out how you like it. If it pleases Herald readers we will give you more.

JAPS ARE HARD HIT AT KIAO CHOW

Cruiser Takachiho Strikes a Mine and Goes Down With All But 12 of Crew; Typhoon Wrecks the Bay.

Tokio, Oct. 19.—It is announced that a typhoon has struck Kiao Chow, destroying the landing pier. Twenty Japanese sailors were drowned.

JAPANESE CRUISER SUNK BY MINE IN KIAO CHOW BAY

Tokio, Oct. 19 (5.20 p. m.)—It is officially announced that the Japanese cruiser Takachiho was sunk by a mine in Kiao Chow bay on the night of October 17.

The Takachiho was on patrol duty outside Tsing Tau when she fouled the mine. Japanese destroyers heard the explosion and saw the flames. They hurried to the assistance of the cruiser which, however, disappeared quickly and in the darkness it was possible to rescue only twelve men. Twenty-eight officers and 54 non-commissioned officers and 189 seamen perished.

TURK PREPARE TO BACK UP GERMANY

Evidence Files Up Today to Indicate That Porte Is Ready to Defy Allies and Line Up Activly With Kaiser.

Amsterdam, Oct. 19 (Via London, 2.40 p. m.)—According to a telegram received here from Berlin the Turkish government has requested the Oecumenical patriarch, the head of the Greek orthodox church, to leave Constantinople.

The Greek orthodox church is the dominant form of Christianity throughout the Russian empire, in the kingdom of Greece, in European Turkey among both Slavs and Greeks, in parts of Austria and of Hungary, and in Roumania, Bulgaria, Servia and Montenegro.

The highest officers of the church are the four patriarchs of Constantinople, Alexandria, Antioch and Jerusalem, but the most important of these rulers is the patriarch of Constantinople, Germanos V, known as the Oecumenical patriarch. He is the most exalted ecclesiastic of the eastern church, and his influence reaches far outside of the land of the patriarchate.

RUMANIA STOPS GERMAN SUPPLY TRAIN TO TURKEY

London, Oct. 19 (4.58 p. m.)—The correspondent of the Central News at Rome says that a telegram has been received from Bucharest, Roumania, which declares that a German train composed of 150 trucks laden with munitions and other war material for Turkey has been stopped by the Roumanian authorities on the railroad between Bucharest and Giurgevo on the Danube. The German government protested that the train was not allowed to proceed.

TUREY DECLINES TO DISCHARGE GERMAN CREWS

Constantinople, Oct. 19 (Via London, 5.30 p. m.)—The porte has declined to discharge the German crews of the cruisers Goeben and Breslau, which have been in Turkish waters since early in the hostilities and which are said to have been sold by Germany to the Turkish government.

This reply was given in answer to the British representations regarding the continued presence of Germans on board these two vessels.

The government has now shelved the matter, declaring it to be a domestic question, although it had previously given repeated assurances that these Germans would be repatriated.

Landing of Marines Confirmed.

Washington, Oct. 19.—Landing of about 200 marines at Cape Haytien was officially reported today in a brief dispatch to the navy department.

BERLIN DRAWS HOPE FROM ENGLAND'S COLONIAL TROUBLES

"Great Britain's Cry for Help to Portugal" Taken by German War Prophets as Yelp from Crippled Lion.

POINT TO "CHAOTIC CONDITIONS IN AFRICA"

German Reports from Battle Lines Today Indefinite But Generally Hopeful in Tone.

Berlin, Oct. 19—(via wireless to Sayville)—Great Britain's cry for help to Portugal," the "chaotic situation in South Africa, and the "revolts in India," according to announcement made in Berlin today, all are tending to raise German confidence. Reports received here from Constantinople declare that Great Britain has sent three active battalions from Malta to India.

Berlin (via London, 5.45 p. m. Oct. 19.—German army headquarters has given out an official announcement under today's date as follows:

"The attacks of the enemy to the west and northwest of Lille have been repulsed by our troops with the infliction of severe losses.

"In the eastern arena of the war the situation remains unchanged."

BERLIN CONFIDENT OF VICTORY IN POLAND

Berlin, Oct. 19 (by wireless to Sayville).—According to reports from Russian sources in Warsaw, there are at least 300,000 Russians in the Poland campaign. There is great lack of medical and sanitary supplies, and the hospitals at Kiev, Moscow and elsewhere are overcrowded.

The Austrian offensive in Galicia is declared in Berlin to be advancing. During the assault on Przemysl the Russians lost 40,000 men in killed and wounded.

Russian troops from Bessarabia have been sent to the Caucasus where revolts have broken out.

The Russians are finding difficulty in creating new military organization. Despite of their numerical superiority officers and non-commissioned officers are lacking at Warsaw.

It is expected in Berlin that General Von Hindenburg, the German commander in Eastern Poland, will be victorious.

GERMAN EMBASSY RECEIVES REPORT THAT "ALL IS QUIET"

Washington, Oct. 19.—The German embassy today announced the receipt of the following Wireless from Berlin:

"Official headquarters report on October 18 that the western theater of war was quiet yesterday with the situation not changed. In the eastern theater German forces are advancing near Lyck and fighting is going on near and south of Warsaw."

Today's War Summary

A struggle for the possession of the strip of French seacoast that is nearest to the shores of England, was the most interesting phase of the war situation today.

British naval forces are reported to have joined in the movement with the allies, who are making a determined stand on the Belgian frontier against the westward drive of the German right wing.

The exact battle line is not known. This afternoon's official French statement says that the German artillery has attacked without success, the "front of Nieuport to Vladsloo, to the east of Dixmude." The allies, it adds, have advanced as far as Roulers and there has been sharp fighting on a front from Lafiasse to Ablain and St. Nazaire.

Paris states that the allies are moving on Lille, which was occupied by the Germans on October 13. An earlier dispatch from London stating that the Germans were bombarding Lille may have referred to events prior to October 13 and been delayed in transmission from France to London.

There is nothing from Berlin to reveal the positions of the Germans that are contending for the coast line. There is no doubt, however, that they are bound for Dunkirk and Calais and are expected to meet a strong resistance. Rains that caused much suffering to the troops in France early in the campaign are falling again on the battlefield so continuously that great hardships result to the men and military maneuvers are made more difficult.

Germans and Austrians have encountered bad weather in Russian Poland, heavy roads delaying the moving of their artillery. They claim, however, to be making progress along the Vistula. Petrograd asserts that the invasion has been definitely checked.

Nothing is known definitely of the fate of Przemysl in Galicia, but the best information is that it is still holding out against the Russians. Vienna asserts that the siege of the city has failed.

An austrian submarine was sunk by a French cruiser in the Adriatic today.

Japanese lost the cruiser Takachiho, which struck a mine while patrolling off Tsing Tau. Two hundred and seventy-one officers and men perished.

Additional Canadian troops were landed at Avonmouth, England, today.

The Turkish government has refused the British demand that the German crews be discharged from the cruisers Goeben and Breslau, which Turkey bought from Germany.

DANIELS RESENTS INFERENCE THAT OUR NAVY IS ON BUM

Washington, Oct. 19.—Observations of naval warfare of the European conflict will form the basis of some of the recommendations Secretary Daniels will make to congress in his next annual report in December. The secretary said today for that reason he would withhold his report until the last moment.

Mr. Daniels indicated he was much annoyed at a recent published article which gave as the opinion of an anonymous naval expert that the "United States navy as a collective whole, as a great war instrument, does not exist."

The secretary declared the navy was in first class condition.

PRESIDENT ABOUT READY TO TAKE TROOPS OUT OF STRIKE ZONE

Changes Demanded by Mine Operators Make Mediation Plan "Valueless" and Negotiations Are Off.

STATE PREPARES TO FINANCE ITS MILITIA

Hundred Thousand Dollars Worth of "Insurrection" Bonds Purchased by State Treasurer With School Funds

Washington, Oct. 19.—President Wilson is considering the advisability of withdrawing federal troops from the Colorado coal fields as the result of the deadlock with the operators who refuse to join the president's proposed for settlement of the strike, already accepted by the miners. Governor Ammons according to information here, is planning early purchase of the Colorado national guard to assist the presence of federal troops in the mines.

The president and officials today see no prospects of ever getting on with the operators and that the changes they had suggested in the mediation plan rendered it "valueless." He indicated he would not accept the changes.

COLORADO OFFICIALS PREPARE TO FINANCE MILITIA

Denver, Colo., Oct. 19.—Adjt. Treasurer M. A. Leddy said today that he had purchased on behalf of the state about $100,000 worth of the $1,000,000 issue of "insurrection" bonds voted by the legislature last spring using state school funds for that purpose. He explained that the law authorized him to invest the school funds in any good securities. The state treasury would use the money to defray military expenses in connection with the mine troubles, which were called to defray military expenses in connection with the mine troubles either.

"It is planned to use up the entire issue of bonds, if we think it may be necessary, if the state comes again and sent into the strike district," Mr. Leddy was asked.

"I cannot say that such a thing has been made," he replied. "We hope the troops will not have to be called out again."

"Are you prepared to use school funds for the purchase of more insurrection bonds if it is still necessary?"

"I do not wish to say that I am prepared to do that, but just now that looked being very feasible."

Lieutenant E. M. Ammons denied that any general reorganization of the national guard was being made, explaining that the companies were being recruited up to their full quota in accordance with plans laid at the time of the American expedition to Mexico last spring.

TODAY IN CONGRESS.

SENATE.

Not in session, meets Tuesday.

HOUSE.

Met at noon.

Way revenue tax bill as amended by the senate was referred to the ways and means committee.

Adjourned at 1.28 p. m. until noon Tuesday for lack of a quorum.

CONVENTION REGARDED AS BOSS IN MEXICO

President Wilson Announces Carranza Has Referred Administrative Instructions on Vera Cruz to Leaders.

BIG GUNS GO THROUGH TO HILL AT NACO

Mexicans Wounded in Fighting Saturday Night Taken to Douglas Hospital Where They Will Be Cared for.

Washington, Oct. 19.—President Wilson announced today that administrative instructions incident to the evacuation of Vera Cruz by the American forces has been referred by General Carranza to the national convention at Aguas Calientes.

General Gillmore, who conferred with General Aguilar at Vera Cruz, reports that the latter has given assurances that all the points will be satisfactorily adjusted.

Such an arrangement is satisfactory to administration officials here, as they believe the action of the convention will be binding on any future government in Mexico.

MEXICAN WOUNDED GO TO HOSPITAL IN DOUGLAS

Washington, Oct. 19.—Of 125 Mexicans wounded brought to the American side at Naco, Ariz., yesterday after the fighting between Mexican forces 16 have been permitted to remain. The is will be sent to the hospital at Douglas, where their expenses will be paid by the Carranza leaders.

ALL TURNED BACK WHO WERE ABLE TO WALK

Douglas, Ariz., Oct. 19.—Of the 71 Mexicans wounded turned back to Naco, Sonora, yesterday, because they were able to walk, many were suffering from serious wounds, according to Dr. W. A. Green, who is acting as chief surgeon for the Carranza forces under General Benjamin Hill. Green came here with the 16 other wounded Mexican soldiers who were permitted to come into the United States for treatment.

"Some of the men turned back were suffering from bullet wounds in the head," said Green. "Others had had arms amputated. For most of these the order turning them back was a certainty sentence to death as there are no adequate hospital facilities at Naco and the town is unsanitary."

Dr. Green has made another request to the state department at Washington to bring more Carranza wounded into this country.

FOUR CANNON FOR HILL ON WAY TO NACO

El Paso Texas Oct. 19.—Four cannon of modern type passed through here today on the way to Naco Ariz., where they will be crossed to General Hill who for nearly three weeks has been defending the Mexican town of Naco against the attack of Governor Maytorena's troops. In the opinion of observers this probably will result in at least a temporary check to Maytorena, who has made no concentrated attack since his de-
