Representative Castle introduced a resolution that the President appoint a select committee of seven members, to examine the election laws of the Kingdom with a view to their consolidation. Passed and the President appointed, as the committee, Representative Castle, the Attorney-General, Representatives Kaulukou, Dole, Hayselden, Aholo and Wight.

Representative Castle offered a resolution that, the Printing Committee be instructed, in having bills printed, to strike out the time at which the laws shall go into operation, and that an act simply to repeal existing laws shall be printed. In answer to the Attorney-General as to the object of the resolution, he said there was a good deal of complaint about the cost of printing, and there was no necessity of any bill having a clause that it shall be law after the passage. Lost.

The Attorney-General gave notice of a bill to tax dogs for the maintenance of their indigent and disabled countrymen, and to provide for the expenses of transportation of those necessary to be sent home.

Representative Nahale offered a resolution to appropriate $1,500 for all English school at Kahalua, North Kona, Hawaii. Referred to Education Committee.

Representative Baker gave notice of a bill requiring that all accounts, in the different departments of the Government, shall be kept in the Hawaiian and the English languages.

Representative Aholo moved the order of the day, which was carried and the consideration of the Appropriation Bill was called.

Before any of the items were considered the Assembly adjourned at 4:20 o'clock, till 10 a. m. the next day.

TENTH DAY, TUESDAY, May 11, 1886.

The Assembly convened at 10 o'clock, the President in the chair. After prayer by the Chaplain, Secretary Pierce read the minutes of previous meeting which were, on motion, adopted.

The following petitions were then presented:

By Representative Richardson from Wailuku against enacting a law authorising the sale of opium. Referred to Sanitary committee.

By Representative Nahale from a native named Kauna, asking that $4.10 be refunded him for taxes paid twice.

By Representative Palohau from the district of Hanalei, Kauai, praying that the Government repair the roads from Hanalei to Haena. To committee on Public Lands.

By Representative Paehacle from residents of Molokai, that the mail be opened at Kaunakakai instead of at Kualia some seven or eight miles inland. To committee on Public Lands.

No reports from Standing or Select committees.

Hon. Godfrey Rhodes presented the following resolution: "That the President of the Board of Health be requested to confer with Mr. J. Herbert Reeve, Professor of Hydropathy and Hygiene, with the view of ascertaining whether his skill and knowledge can be made available with benefit, in the treatment of leprosy." The introducer thought that every available means except hydropathy and hygienic had been tried for that disease. When the Government first began the treatment of lepers twenty years ago, he took great interest in the welfare of the people and hoped that by some means the dread disease might be cured. He might say that his hopes were not very great that the disease could be cured by this gentleman, but he held that no means should be left untried to relieve the sufferers.

Representative Thurston thought that care should be taken against incurring unnecessary expense and that before any money was authorized to be expended by the Assembly, steps should be taken to find out what Mr. Reeve's qualifications were. He agreed that every means possible should be tried to alleviate the condition of unfortunate sufferers.

The President of the Board of Health seconded the resolution. He stated that Mr. Reeve had applied to the Board of Health for a license, but was informed that he would hardly come within the purview of the Board as required by law. He had no diploma to present or claimed such medical experience sufficient to call for examination by a medical committee or for the Minister of Interior to grant a license. Mr. Reeve had stated that it was no part of his practice to administer medicine, but simply cleansing, bathing and hygienic care. The speaker informed Mr. Reeve that he would not require a license, but could serve the community as a care-taker or nurse. He would say furthermore that this matter of a water cure had been highly recommended and was being carried out at the Branch Hospital, Kakaako, in a very effective manner. He thought that it might be advisable to obtain other information from medical gentlemen as he did not think that there would be much importance attached to the opinions of (sarcastically) a President of a *lay* Board of Health.

Hon. Godfrey Rhodes again spoke in support of the resolution, which, Representative Dole, by permission, was allowed to take from the table to examine.

Representative Dickey said that he was in favor of the resolution, he believed that everything which promised to better the condition of lepers, should be tried.

Representative Dole offered as an amendment "Provided that, if the said J. Herbert Reeves is ascertained to have not had a medical education then the President of the Board of Health be instructed to have no further dealings with him." The speaker said that he could not imagine a more unfortunate position for there poor lepers, or any other sick people, to be placed in than to be the subjects of experiments by quacks. Considered that the use of water, hot or cold, required experience and skill in the application and administration. In the hands of ignorant people a too confiding patient may either be boiled to death or else chilled to death. (Laughter.)

Hon. J. E. Bush was in favor of the resolution as presented he considered, that the Government was in duty bound to give strict attention to any hope that might be held out to alleviate the condition of lepers.

Representative Aholo was also in favor of the resolution as presented. He referred to a foreigner who years back had gone to Maui and Molokai and had cured several people who were lepers, some of whom were yet alive. That man, whose name was Wolfe, had no license. He had attempted to obtained one but the examining board would not pass him. It was not particular from whence the cure of leprosy came, either a man or a boy may bring it. Though, that there might be professional jealousy at work in this case. He moved the previous question.

The previous question motion carried, and then the amendment, and finally the resolution as amended.

The President read a communication from William Foster, Esq., Clerk of the Supreme Court which was to the effect that he presented to the Assembly by order of the Chief Justice the report of the Supreme Court for the past two years printed in English and Hawaiian, in pamphlet form.

Representative Brown offered resolutions that the following sums be returned to residents of the district of Koolaupoko, the same being twice-paid taxes, viz: to one Nakua, $5, and to Lohe, $3. Referred to committee on Finance.

Representative Kean read for the first time a bill relating to the forbidding of driving of cattle over the highway at Moanalua, district of Kona, Island of Oahu. To 2nd reading.

Representative Lilikilani read for the first time a bill to amend Sections 3, 4, and 7 of Chapter 23 Session Laws of 1878, relative to the granting of licenses to distil, to owners of sugar mills. Passed to second reading.

Attorney General Neumann presented the report of his department accompanied by a report of Marshal Soper, in manuscript. He stated that there were some very interesting facts in both but that he did not like to take upon himself the authority of ordering the reports printed before they were presented to the Assembly.

Representative Aholo moved that the reports be received and ordered printed. Carried.

Representative Kaai offered a resolution that the $4,000 be appropriated for translating in Hawaiian, codifying, printing and binding the laws of the Kingdom. Laid on table.

Representative Thurston offered a resolution that $100 be appropriated for the purpose of obtaining one volume of each of the current publications in the Kingdom and that the said publications be deposited in the Government Library. Carried.

Representative Dickey offered a resolution that $4,000 be appropriated to build suitable schoolhouses at Makawao, Maui. To committee on Education.

Representative Nahale gave notice of a bill to provide for a permanent settlement for the Princess Poomaikelani.

Representative Paehaole read for the first time a bill to amend Section 20 of an act to amend Chapter 10, Penal Code, passed in 1865, relating to making the age of compulsory attendance at school 6 to 17 years, instead of 6 to 15 as at present. To second reading.

Representative Richardson read for the first time a bill providing for the transfer of the seat of the Second Judicial Circuit Court from Lahaina to Wailuku.

On motion the rules were suspended and the bill read a second time by title.

On the conclusion of the reading Rep. Castle moved that the bill be referred to the Judiciary Committee. He said he had a similar bill drafted but found that the law was peculiar, the English edition said one thing and the Hawaiian another.

Representative Kalua thought that if the bill was referred it should go to a select committee. This was the fourth attempt, that he knew of, to transfer the Court from Lahaina to Wailuku. He moved the indefinite postponement of the bill.

Representative Dickey hoped that the bill would pass. He was not from Wailuku and was perfectly independent in the matter, but thought the Court should be held at the most convenient place, easy of access and a location which would accommodate the most people. When the Court was established at Lahaina, that was a large place—wholesships were coming there and it was a very convenient place; but at present Lahaina was *make-loa* (Laughter). There were more people in the district of Hana than in Lahaina, Olowalu and Kaanapali together. If this question was left to the votes of the people of Maui he was sure they would vote with a large majority for removal. He hoped the Assembly would consider this matter in a spirit of independence and not in a partizan manner.

Representative Thurston was in favor of the resolution.

At 12:15 Representative Castle stated that he desired to speak on the subject but as it was time for lunch he would wait until the afternoon session and moved adjournment until 1:30 p. m. Carried.

Concluded on 4th page.
