The Equitable Life Assurance Society

OF THE UNITED STATES.

From the beginning, the Equitable has been the pioneer in all reforms affecting the security, convenience, and advantage of policyholders. It was the first company to issue incontestable policies; the first to make such policies payable immediately, instead of after the delay of a stipulated number of months; the first to simplify the policy contract, and remove from the business technical and confusing complications; the first to apply the Tontine principle to life assurance; the first to issue a policy guaranteeing the payment of the entire reserve and a full share of the accumulated profits to each policy holder at the end of a stipulated period; the first to introduce the Semi-Tontine policy, which, in addition to all the ultimate advantages secured under the Tontine system, is free from "non-forfeiting," and has a surrender value during its earlier years.

During the twenty-six years and a half of its history, it has written $105,000,000 more of assurance than any other company during the same period.

No other company has approached the Equitable in the success achieved and surplus accumulated, and the results of management in the past furnish the best guarantee for the future, to intending assurants.

TUESDAY, JUNE 15, 1886.

HAWAIIAN LEGISLATURE.

SESSION OF 1886.

Continued from 3rd page.

THIRTY-THIRD DAY.

TUESDAY, June 8th.

The Assembly convened at 10 a. m. after which the minutes of the previous meeting were read and approved.

The Minister of the Interior from the Printing Committee reported the following bills ready for distribution; 1, relating to the keepers of hotels, coffee shops and restaurants, in the Kingdom. 2, providing an import duty on foreign coffee.

Under suspension of the rules Rep. Kalua presented a petition from M. Kealoha praying for the refunding of $65 to him. To Committee on Finance.

Representative Pahia, from the Special Committee of Thirteen, on Police matters, the claim of $480 by police officer Wm. Tell, alleged balance of salary due him. The committee recommended that an item of $240 be inserted in the Appropriation Bill for the coming biennial period for balance of salary due Wm. Tell. The report was signed by seven members of the committee.

Representative Kalua said that the report was signed by seven out of thirteen members of the committee; therefore six members had not signed. It was only a partial report a majority report. He moved it be laid on the table until such a time as a minority report had been received.

Representative Dole said he was a member of The Committee of 13, but he had not seen the report. It was, in his mind, a question whether the report of a majority which had not been submitted to all the members of the committee was a report at all. He moved an amendment that the report be returned to be acted on by the whole committee.

Representative Brown said he had not been informed that the report was ready. He had been simply asked if he approved inserting the $480 in the bill, and answered "no." He thought it was in the discretion of the head of the department to pay less than the amount appropriated if he found it advisable to do so, but when an officer accepted a certain sum, he had no right to come to the Assembly for additional pay.

Representative Thurston said the object of a committee was to meet and discuss matters referred to them. A report signed by seven members, and not seen by the other six, was no report at all. The House was entitled to a full report from the committee.

Representative Dickey said he was a member of the Committee of 13. Only one meeting had been held. Some evidence was taken, but no decision was arrived at, and the business was postponed. He had no knowledge of this report and he supported the amendment of the Honmember for Lihue that the report be returned to the Committee.

Representative Kalua considered the discussion had gone far enough, so he moved the "previous question" which, being carried the President proceeded to put the question to "lay on the table."

Representative Castle rose to a point of order as to whether the document as presented was properly a report of the Committee and desired a ruling by the chair.

The president said that the Chairman of a committee was bound to account for the action of his committee. He must state whether any of the members could not be found, and also who declined to report. He ruled that this report should be returned to the committee. He then proceeded to put the question again on placing on the table.

Representative Dole rose to a point of order, saying, that, according to the ruling of the chair just given, there is nothing more for the Assembly to say on the disposal of the report.

Representative Aholo appealed from the ruling of the chair. He considered that even if correct, the ruling should have been made immediately upon the presentation of the report.

Representative Thurston called the speaker to order, notwithstanding which Rep. Aholo kept the floor. The President on being appealed to declared Rep. Aholo out of order and requested him to be seated. This was not complied with, and a scene of confusion ensued, Rep. Aholo however retaining the floor against all comers.

Order was finally brought out of chaos and the question on the appeal of Rep. Aholo from the ruling of the chair relative to returning the report to the committee of 13 was put, and the chair was unsustained by a vote of 12 in favor to 18 against.

The hour 12:05 p. m. prevented the transaction of further business and adjournment was had until 1:30 p. m.

AFTERNOON.

The Assembly reconvened at 1:45, immediately after which Hon. C. R. Bishop under suspension of the rules presented a report from the Committee on Education, as follows: "The Committee on Education, to whom was referred the following described petitions for establishment of English schools and for erection of school houses at Moanalua, Oahu; Nuu, Maui; Kaumakakai, Molokai; Kaniikani, Maui; Keanae, Wailuku, Waiohapu, Kosai, Maui; South Kona, Hawaii; Laiewai, Oahu; Kalehua, Puna, Hawaii; Kipahulu, Maui; $2,400 for school houses in Puna, Hawaii; $4,000 for school houses in Makawao, Maui; $300 for school houses Keawakapu, Maui; beg to report that, as there will be large general appropriations for English schools and school houses to be expended for by the Board of Education, they recommend that these several petitions be laid upon the table to be considered with those items in the Appropriation Bill; and also that the petition from North Kona, presented by Mr. Nahale, against changing the law relating to the Sabbath day, to be laid upon the table to be considered with the law already presented on the subject." Report received and laid on table for future consideration.

Representative Thurston presented a resolution that, "The Minister of Interior be requested to state to this Assembly whether the tug Elen was sent to Waialua at the public expense." In support of the resolution he said the tug Elen was bought at a large expense of $50,000, to fill the place for which the Pele was found insufficient. The steamer should be kept at the work for which she was got and nothing else. Last Sunday, while sitting on his veranda, he saw a steamer going out, and next morning saw in the newspaper that the tug Elen had gone to Waialua for the Minister of Finance and his family. He did not know that the Assembly had sent the Minister to Waialua or gave him permission to leave his duties here. It was only fair for the Assembly to know whether the steamer was sent down there at public expense for the benefit of the Minister.

Representative Kaulukou considered that it was no doubt within the province of any member to make inquiry regarding the expenditure of public moneys, but with regard to this resolution he judged that full information relative to this particular matter would appear in the next biennial report of the Minister of Interior. He would not support the resolution, on the contrary, he would moved that it be indefinitely postponed.

Representative Thurston said in answer that it truly was a small matter; but there was a principle involved which should cause immediate action. The present was the time to investigate not the future; they might be all dead in two years. If the steamer had been used for the private pleasure of the Minister at the public expense it was wrong.

Representative Dole (sarcastically) said that the Assembly should not thank Rep. Thurston for the manner he continually introduced resolutions that were tabled or indefinitely postponed. The speaker wished that reports of the proceedings in the House appeared as full in the Hawaiian papers as in the English then the people would see how efforts were continually made to crowd down any effort at investigation. He was satisfied that the member from Hilo (Kaulukou) considered that the tug had been used at public expense for a private purpose, else the usual onslaught would not have been made by the representative of the "great majority." He was sorry to see this constant effort to put down investigation; it did reflect credibly on the Ministers or the Assembly.

On vote being taken on the indefinitely postponement, a tie was declared 11 to 11. The Attorney General voting in favor of the motion. The President said however that he was in doubt, and a second vote was taken, resulting in the motion being carried 16 to 13; the Minister of Foreign Affairs voting with the majority in the last instance.

The President announced the following members as constituting the special committee to have consideration of items in the Appropriation Bill of the Board of Education, Castle, Bishop, Gibson, Kaai, and Kauhane.

Representative Dole read the *amende honorable* in regard to remarks made the previous day in debate, when he insinuated that the Ministers were lazy.

The Minister of Foreign Affairs, who had stated that the member from Lihue was used to indulgence in *doles for niente*, very graciously stated that he did not now credit the stories that he had heard about a certain estimable gentleman being so affected. (Laughter).

Representative Pahia suggested that the two gentlemen would be better satisfied if the opportunity was given them to retire and shake hand over the matter (Laughter). In the meantime he would present the following resolution:

That the bill to amend section 498 of the Civil Code be made the special order of business for the day. Carried.

Representative Kaai offered a resolution: That the sum of $2,000 be appropriated for a bridge over Waiahona, Hana, Maui. Tabled for consideration with the Appropriation Bill.

The Order of the Day being now moved, the bill to amend section 498 of the Civil Code relating to the division of the islands into districts for educational, taxation and judicial purposes came up on second reading.

After the reading, a short discussion ensued, in which some amendments were proposed and finally the bill was passed to third reading on Thursday next.

Third read of a bill to repeal the Act to prohibit natives from leaving the Kingdom. Rep. Hayselden moved the indefinite postponement.

Representative Brown moved that the bill pass, he thought it was about time that this restriction was taken of Hawaiians. He likened the natives to a dog at the end of a chain, they could go so far but no further without permission of their master.

Representative Pahai favored indefinite postponement; there were 80,000 people in the Kingdom, of these 40,000 were Hawaiians. It would not be long before the race might become extinct. He considered it a wise law which compelled the Hawaiians to remain at home and prevented them from going abroad.

Representative Dole spoke at length in favor of the bill and greatly decried the incipient serfdom under the existing law.

The Minister of Foreign Affairs opposed the bill; he did not consider that the Hawaiians were bound or cooped up, there were no galling chains such as had been mentioned. The matter was one for Hawaiians themselves to consider and vote on.

The Attorney General was also opposed to the bill; he did not see any harm in the existing law, nothing oppressive or humiliating therein. He reverted to a remark of the previous day at his morals (by Rep. Dole) and said that his morals were like his religion. He sometimes felt the bent of pure devotion. Then he went to church. This did not happen often, but only when he, sometimes, felt that way (laughter). He considered he was accomplishing a great deal of good when he kept within the bounds of the decalogue (laughter). He was opposing this bill for the sake of the reputation of the country. There was not a single instance where permission had ever been refused to a Hawaiian who applied for permission to leave the country, except in the instance of some children who were wanted to be taken to Salt Lake. If that instance was a hardship he desired that the members who favored the bill to join him and they would ask that the rite of polygamy be introduced. What did the tyrannical government mean by prohibiting the luxury of six or seven wives!

Representative Brown rose to a point of order in that the speaker was wandering from the subject.

The Attorney General said that he meant nothing personal (laughter).

Loud calls were now made for the question and after a remark by Rep. Dole the question was put on motion to indefinitely postpone, the following being the vote:

Ayes—Gibson, Gulick, Dominis, Cleghorn, Hayselden, Amara, Kaulia, Pahia, Wight, Nahale, Nahinu, Kauhane, Kekoa, Aholo and Kaukau—15.

Noes—Neumann, Bishop, Kaae, Kuihelani, Martin, S. Parker, Kean, Lilikalani, Baker, Kauhi, C. Brown, Kaulukou, Kaunamano, Kalua, Richardson, Castle, Dickey, Kaai, Thurston, Paehaole, Dole and Palahou—22.

At 4:40 p.m., the Assembly adjourned until 10 a.m. next day.

AN ACT

To Regulate the escheat of Lands to the Hawaiian Government.

Section 1. In all cases where real property escheats by law to the Hawaiian Government, the Attorney-General of the Kingdom shall file an information in the Supreme Court, setting forth the facts upon which the claim of the Hawaiian Government to such escheat is based.

The Court thereupon shall cause summons to be issued as in other actions at law, which summons the Attorney General shall cause to be served upon any party in possession of the property, and shall cause a copy thereof to be published for the space of three months in a newspaper of general circulation published in Honolulu.

Upon the hearing of the matter, if the Court shall find the facts averred in the matter substantiated by proof and sufficient in law, it shall make and cause to be entered a decree declaring such property an escheat to the Hawaiian Government.

Section 2. In all actions provided for in Section 1 of this Act the following shall be conclusive presumptions of fact:

1. That the person who last owned the property has died intestate, if it be shown that such owner has been absent from the Hawaiian Islands and not been heard of for the space of fifteen years, and has neither in person nor through any agent thereto authorized in writing, nor through any tenant occupying the premises in question under a valid lease, had possession or exercised dominion over such premises during that time, and that no application for letters testamentary or of administration have been filed in any Court within the Kingdom having jurisdiction of probate proceedings within said time.

2. That the person who last owned the property has left no kindred, if it be shown that no person claiming to be kin has made claim to such property within five years after the lapse of the seven years in this section before mentioned.

Section 3. In such actions as are in this Act provided for no person shall be allowed to defend against the Hawaiian Government on the ground of being in possession of the property, unless he shall prove that he is in possession under color of title, or has been in adverse possession thereof for a period not less than twenty years and that the Government taxes upon said property have been paid by him during the last six years of said period.

Section 4. If a decree be entered in favor of the Hawaiian Government, the Minister of the Interior shall cause the premises to be sold at public auction, and the proceeds of such sale after deducting all costs and expenses, shall be deposited in the Hawaiian Treasury and there abide the claim of any heir or other person thereto lawfully entitled; provided, that no claim to such proceeds shall be allowed unless such claim be made within five years after such deposit.

Section 5. Any person claiming the proceeds of sale of escheated property may present his petition to the Supreme Court in that behalf, notice whereof shall be given to the Attorney General who may appear and defend on behalf of the Hawaiian Government; and if said Court render a judgment in favor of such person, the Minister of Finance shall pay such proceeds to such person, with interest not to exceed 6 per cent. per annum.

Section 6. This Act shall take effect from and after the date of its approval.

THE EQUITABLE

Life Assurance Society

OF THE UNITED STATES.

No. 120 Broadway, New York.

(ESTABLISHED IN 1859.)

Issues Policies on all the best Plans, among which are to be found many new departures, containing features not yet in use in other companies, adding to the comfort and security of the POLICY HOLDERS.

This Company may be safely called the Pioneer in most of the important Insurance reforms, and for this reason as well as many others, it now transacts the largest yearly business done by any one company in the world. Policies are both

NON-FORFEITABLE AND INDISPUTABLE

EVERY POLICY BECOMES INCONTESTABLE

As soon as it has been three years in force, and it is a part of the written agreement, that every incontestable policy shall be paid, without rebate of interest, immediately upon the receipt by the Society of satisfactory proofs of death.

Of 1,943 death claims, amounting to $3,343,800, paid in 1885,

No other Company can show a Record for Promptness approaching that of the EQUITABLE.

Even the brief delays indicated above, were owing to the failure of claimants, residing at remote points, to furnish promptly the requisite legal proofs, and not *to any lack of promptness on the part of the society.*

Contested Claims None

The Society issues a plain and simple contract of Assurance, free from hindrances and technical conditions. NON-FORFEITABLE and INCONTESTABLE after three years.

All Policies as soon as they become incontestable are Payable IMMEDIATELY upon the receipt of satisfactory proofs of death, and without the delay of sixty or ninety days, usual with other companies.

MESSRS. E. O. HALL & SON, LIMITED.

Gentlemen:—I have used your Hall Steel Breakers for seven years, and your Disc Brakers for a year, and have been well pleased with them. They are good strong Plows and form the soil better than any other plows I ever used, and I have used a good many since 1862. I have used the 16in. Steel Breaker for several weeks with only five mules, and plowed from one acre and a half to two acres a day. I used the same number of animals for the Disc, as for the 16in. Breakers. I plowed up a crop of sorgum twice and lots of grass this year and have been not one breaker only but a pair of handles. Every one who has used them in Hawaii has been well pleased with them.

Yours truly,
(Signed) R. A. LYMAN,
Paauhau.

☞ The above is but one of many others we have received from all parts of the Islands, speaking in the highest terms of Hall's Steel Breakers and Plows of all sizes.

We have just received, direct from the Moline Plow Co. a large invoice of Plows, making our assortment complete, including Breakers and Plows of all sizes and kinds, Extra Shares, Bolts, Cutters, Handles and Beams.

As during some years, we have been unable to supply the demand for these goods, we advise Planters to send in their orders soon for what they may need for the coming season. The

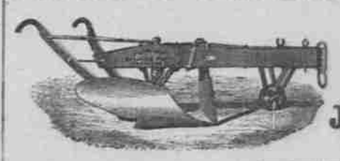
PLOWS OF THE LATEST PATTERNS!



A NEW INVOICE

Just Received

Our Breakers and Light Steel Plows

Are all made from our own patterns and are the result of the experiences of a large number of practical Planters, who kindly suggested improvements and changes in the Plows which had formerly been used here.

HAWAII.

MR. WM. Y. HONNER says:—"I have no hesitation in pronouncing them the very best Breaking Plow I ever used in this or any other country."

MAUI.

MR. W. H. CORNWELL says:—"They possess all the requisites of a first-class and good Plow. Just the thing needed especially for rough land."

KAUAI.

MR. L. H. STOLZ says:—"It plowed a hundred acres of new land, partof which was stony and a good deal of it covered with a heavy growth of 'Mimosa.' I would not wish for a better plow."

HAWAII.

MR. HENRY COOPER says:—"The Plows you sent to Mr. Purvis and myself are, I think, the most serviceable I have yet seen for the work required."

OAHU.

MR. J. L. RICHARDSON says:—"I speak from experience when I say it is the best Breaking Plow I ever used."
