QUARTERMASTER-GENERAL'S OFFICE, WASHINGTON CITY, March 19, 1863.
OWNERS OF STEAM VESSELS are invited to send to the Quartermaster-General's Office tenders for their charter or sale.
Tenders should contain descriptions of the vessels, their dimensions, enrolled or registered tonnage, actual carrying capacity, material, whether copper-fastened, whether side-wheel or propellers, whether iron or copper fastened, size and power of engines and boilers; and should state the price at which they are offered for long or short charter, with the estimated value of the vessel in case of loss, or in case the Government should prefer to purchase instead of chartering.
Owners of steam vessels already in the service of the Quartermaster's Department are requested to make known to the Department any reduction in their present rates which they may be willing to grant, and also the price at which they will be willing to sell them.
All such tenders should be addressed to the Quartermaster-General of the United States at Washington, and should be indorsed "Proposals for charter or sale of steamers." When received they will be considered, and the Department will endeavor to reduce the heavy expense attending army transportation upon the ocean and tide-waters, by substituting, whenever it can do so, cheaper vessels of equal capacity for those now employed.

PROPOSALS WILL BE RECEIVED at the TREASURY DEPARTMENT, Office of Construction, WASHINGTON, D. C., until 12 o'clock, m., of May 11, 1863, for all FIRE and BURGLAR-PROOF SAFES required by the Treasury Department prior to January 1, 1864.
Bidders must submit description of the Safes they propose to furnish, accompanied by drawings showing the mode of construction, and full-size sections of the material used. Also, schedules of sizes, with prices attached, and the price per superficial foot, including doors and all necessary fixtures, at which Safes of extra size to those mentioned in the schedule will be furnished and put in place. The Safes to be delivered when required, and the prices named in the bids must cover all charges, except freight, and the actual traveling expenses in those cases when the Safes require to be put in place by the contractor.
All bids must be accompanied by the written guarantee of two responsible persons that the bidder is able to perform the contract, and that he will accept it if awarded to him.
The Department reserves the right to reject any or all the bids if it be considered for its interest to do so, and no bid will be considered that does not conform to the requirements of this advertisement in all respects.
Locks will be furnished by the Department, but must be put on by the contractor for safes.
Bids to be inclosed in a sealed envelope, and indorsed "Proposals for Safes." ISAIAH ROGERS,
Engineer in charge Treasury Department.
