Board of Council'men.

The Board of Councilmen met on Tuesday at 1½ o'clock, the President, MORGAN JONES, in the chair.

The preamble and resolutions of the Board of Aldermen relative to the death of Lieut.-Col. Kimball were concurred in.

Resolutions were adopted to pave Fifth street between Second and Third avenues, and Forty-eighth street between Lexington and C avenues, with Belgian pavement.

The Board then took a recess until 5 o'clock p. m. At that hour the Board again met, and, without transacting any business, the Board again took a recess until 8 o'clock.

The doors of the Chamber were kept locked after the recess, which led to some inquiry, when it appeared that Deputy Sheriff Dunlap was waiting an opportunity to serve an injunction on the members to prohibit them from voting for the Broadway Railroad. As, however, the doors were not opened, the injunction was not served, and it was understood the members would not leave the Board until after the 9 o'clock session, so as to frustrate the intention of the Deputy Sheriff.

LAUNCH OF THE LONGEST STEAMBOAT IN THE WORLD.—John Englis & Son will launch from their yard foot of Tenth street, E. R., to-day, at 1 o'clock, for the New-Jersey Steamboat Company, the steamer Dictator. Her dimensions are as follows: Length, 407 feet; breadth, extreme, 63 feet; depth of hold, 10½ feet. She was built for Daniel Drew, esq., under the superintendence of Capt. A. P. St. John. She will be of light draught, elegantly finished and will excel anything of her kind. The Dictator will run in connection with the steamer Isaac Newton.

Proposals.

QUARTERMASTER-GENERAL'S OFFICE, WASHINGTON CITY, March 19, 1863.

OWNERS OF STEAM VESSELS are invited to send to the Quartermaster-General's Office tenders for their charter or sale.

Tenders should contain descriptions of the vessels, their dimensions, enrolled or registered tonnage, actual carrying capacity, material, whether coppered, whether side-wheel or propellers, whether iron or copper fastened, size and power of engines and boilers; and should state the price at which they are offered for long or short charter, with the estimated value of the vessel in case of loss, or in case the Government should prefer to purchase instead of chartering.

Owners of steam vessels already in the service of the Quartermaster's Department are requested to make known to the Department any reduction in their present rates which they may be willing to grant, and also the price at which they will be willing to sell them.

All such tenders should be addressed to the Quartermaster-General of the United States at Washington, and should be indorsed "Proposals for charter or sale of steamers." When received they will be considered, and the Department will endeavor to reduce the heavy expense attending army transportation upon the ocean and tide-waters, by substituting, whenever it can do so, cheaper vessels of equal capacity for those now employed.
