NEWBERRY PEOPLE ARE ON THE MOVE

Many Excellent Brick Buildings Are Being Erected.

A MODERN NEW ICE FACTORY

Will be Constructed in a Short Time, and Altogether the Building in Newberry is Bound to Prove Profitable to Everyone.

The fire of a few months ago seems to have proved a great benefit to the town of Newberry, which is growing rapidly now, and which claims with a breath of egotism to be the "second best town in the county."

The business men and merchants of Newberry were not to be outdone by the recent fire. They were determined to put their shoulders together, with the result that the town is in much better condition than it ever was, and everything is in better condition from every standpoint.

The people of Newberry are not slow. While many of them lost virtually everything they had in the big fire, those who had lost everything decided the best thing to do was to start over and gain back the prestige which they had earned. They went to work with a vim, with the result that they are today in better condition than ever.

Newberry is yet to be one of the leading towns of the county, because the people will make it so.

The record of Newberry since the fire is thirteen new brick stores, with four more going up, a new ice factory, and other improvements.

OFF TO ST. AUGUSTINE.

Rifle Team from Guards Leave for State Range Today.

The team from Company H, Second Infantry, Florida State Troops, in other words known as the Gainesville Guards, expect to leave here today for St. Augustine, where they will shoot rifle range, where they will shoot with other companies for the next few days in marksmanship.

The team will comprise Captain J. W. Blanding, Lieutenant Shields Warren, Lieutenant Will Wheeler, Corporal W. J. Holly, Corporal L. Parrish, and Privates Hester and Babers.

This team will leave for the range with the determination to make a good record in the State shoot, which means that the boys will stand a good chance for the international shoot, which will be held in September. The Guards have always carried a good team, which showed up well in marksmanship, and there is no doubt that this year they will succeed, as the company has selected those among its best men.

Make a Summer Resort of your Porch

The market is full of shades—good, bad and indifferent—but the

"VUDOR" Shade

stands in a class alone as the Standard Porch Cooler, with a reputation as unassailable as Ivory Soap or Huyler's Chocolates.

A hundred thousand American homes, including the White House at Washington, are equipped with them, and here in Gainesville the scores of VUDOR Shades on nearly every street—some hung two years ago—are the best testimonials we could ask.

ALL SHADES HUNG FREE OF CHARGE.

NEWS OF CITY AND COUNTY CONDENSED

Mr. S. W. Pitts and his interesting daughter, Miss Curtis, have returned from a visit to relatives in Georgia. While in Georgia Mr. Pitts was taken with a chill and was glad to return home.

W. P. Burt of Waldo was in the city yesterday. Mr. Burt is proving himself quite a farmer, especially in sweet potatoes. He shipped ten barrels to this city a day or two ago, which were fine and which realized good prices.

Noy Sylvester of Winslow, Ga., formerly of Hague, who has been on a visit to relatives at Hague for the past two days, passed through the city yesterday en route home. His numerous friends here were glad to see him again.

Among the visitors to this city yesterday was Edwin C. C. Price of Williston, a former member of the Board of County Commissioners of that county, and one of the most influential citizens of that section. Mr. Price's numerous friends here were glad to greet him.

On August 9th, 10th and 11th, the round-trip rate will be one fare plus $2 from all points on the Atlantic Coast Line to Hot Springs, Ark. This makes the rate from Jacksonville $25.25. The return limit on these tickets will be August 25th. For Pullman reservation write to Frank C. Boylston, district passenger agent, Atlantic Coast Line, Jacksonville, Fla.

P. M. Padgett of New River, who is a naval stores operator, appears to be extensive in his operations. Mr. Padgett is not only engaged at New River, but owns or controls every naval stores plant between St. Augustine and Daytona. He is an expert when it comes to this avocation, and, being a Gainesville boy, his friends will congratulate him upon his success.

C. W. de LaMartine, deputy collector of revenue of this district, has returned from Ocala, Dunnellon, Cedar Key and other points in the interest of his position. He reports that the people of the sections visited are prosperous, and that there was "little doing" for him. Mr. de LaMartine is a most affable gentleman, a man well versed in every line, and it is a pleasure to talk with him.

G. Towney Kennard of Newberry was in the city yesterday. Mr. Kennard was for many years a resident of Gainesville, but decided to make his headquarters in Newberry about a year ago. He has recently purchased the Swindell interests in the Smith & Swindell stables, and the new firm proposes to push the business for all it is worth. Mr. Kennard is a hustler, and there is no doubt that he will make the livery business a success.

W. L. Hill left yesterday for Daytona Beach, where he will spend a few days with his wife and children. Mrs. Hill is regarded as the champion fisherwoman of the entire beach, having been most successful in all her efforts. While Mrs. J. E. Futch has been the successful one in catching the largest, Mrs. Hill has hooked more than any person on the big Keating pier, which has been a great credit to her. Mrs. Moses Edelstein is so far the second champion, having "pulled in" 118 fish within the past ten days.

A PLEASANT OCCASION.

Miss Maude Tenant Entertains in Honor of Visiting Friend.

Miss Maud Tenant of South Gainesville has as her guest Miss Florence Cork, a popular young lady of Live Oak, who has been here for the past few days, and who has made many friends. On Thursday evening Miss Tenant entertained in honor of her guest. There was a large crowd present, and the evening passed in a manner most enjoyable to the occasion. There was plenty of refreshments, a number of parlor games, and altogether the affair was one which was greatly enjoyed, and one which will be remembered for a long time.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.
